Gilmore performed the ceremony. After congratulations those present partook of a splendid dinner. Only a few near relatives were present. A number of handsome and valuable presents were received. Quite an important lawsuit was decided in the district court at Auburn this week. Judge Broady, of Lincoln, and Enoch Haneline both own farm land adjoining the Missouri river northeast of town. A number of years ago considerable of this land was washed away by the river. In recent years a big sandbar has formed along the west bank of the river, joining on to the land owned by Broady and Haneline. Bud Stockton, Marion Brumbaugh and others settled on this land and claimed ownership by right of possession and settlement, while Broady and Haneline claimed it under the law governing accretions of land along the river in this state. As there are several hundred acres of land it was worth contending for. The case was tried Monday and the jury decided in favor of Broady and Haneline.

The three-year-old boy of J. A. Johnson, of Lyon Center, Ill. is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, and a member of the firm of Johnson Bros. of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by M. H. Taylor, Druggist, Nemaha, Nebraska.

HOW TO CURE BILIOUS COLIC.

Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by M. H. Taylor, Druggist, Nemaha, Nebraska.

BURGLARS VISIT HARRY McCANDLESS.

Monday morning Harry McCandless was treated to an unpleasant surprise. When he went to the office at the elevator he found that burglars had paid the office a visit the night before. The safe had been blown open, and one side of the little office was blown out. The thieves had taken all the papers and books out of the safe and had searched through them but had not carried any of them away. As there was no money in the safe they got nothing there for their work. When they left, however, they took with them Harry's "three-wheeler." Harry's loss is considerable, even if no money was found, as the safe, which was entirely ruined, cost him \$85, and the three-wheeler cost \$35. Besides this, the damage to the office was considerable. It is thought the thieves went south, but no trace of them has been found.

Monday night the safe at the M. P. depot at Verdon was blown open and a considerable amount of money taken, and it is thought the same men committed the two robberies.
