One of the leading local items in papers in northwestern Nebraska is a call for wolf hunts, varmints being plentiful and easy to round up.

The Japanese cruise Kasagi was launched at noon Thursday at Philadelphia. Instead of wine, doves and flowers were used at the launching, an improvement upon our ceremony. It must be admitted. The Kasagi is a second-class cruiser, well armored and manned with a formidable battery.

After a cautious patriot has listened for an hour or so to the sugar trust stories of the awful responsibility and expense that will devolve upon the United States if she has to "defend" Hawaii against a foreign fleet as a part of her dominions, one wonders at the foolhardiness of our forefathers in annexing the Atlantic coast, to say nothing of the Pacific.—State Journal.

Ben Glasgow came to town on Saturday and delivered to Captain Devine a couple of St. Bernard pups each of which weighed 140 pounds, for which he received \$50. We understand that the captain is going to drive them to a range from Dawson City to the good regions on the Klondyke.—Granger.

At the meeting of the board of directors of the First National bank on Tuesday, F. E. Allen was elected president and F. W. Samuelson vice president. Mr. Allen is one of the heaviest stockholders in the bank and having been a resident of the county for nearly forty years he will enter upon the duties of the office thoroughly equipped for the work. The board of directors are the men who had charge of the affairs last year, and cashier and assistant cashier were re-elected.—Granger.

Just a bit of real sunshine and pleasure dropped into our office this morning. A thing of beauty in Vick's Garden and Floral Guide, with its cover of delicate tints, blue, pink and gold, and the Golden Day Lily and Daybreak Aster embossed in bold relief.

The many half-tone illustrations are as life-like as possible to make by photography. One can almost smell the fragrance from the flowers, and the radishes and the asparagus in glass dishes look very tempting. No doubt but this catalogue is the best one sent out by James Vicks Sons of Rochester, N. Y., during the forty-nine years they have been in business, and next year will be their Golden Wedding anniversary, and it is their intention to give a handsome souvenir to each customer for 1898.

If interested in good gardening write once, simply mentioning this paper and receive a copy of this elegant seed catalogue free.

That Sterling farm journal, The Iowa Homestead, seems to be improving every week, even after further improvement would appear impossible. We do not hesitate to say to the farmers of this county that they are not "living up to their privileges" if they fail to read it regularly, because nothing equals it as an agricultural paper for the western farmer, so far as our observation has gone, and our opportunities to judge have been unusually good. The Special Farmers' Institute edition for February will accompany the regular issue for next week, and will discuss winter dairying, beef production, grain feeding and two interesting home topics. Everyone should read it, for remember that these discussions are not mere theory, but are carried on by actual farmers who live on the farm and give their own experience. The Homestead is only \$1, which price includes the Special Institute editions monthly. Send subscriptions or requests for free sample copies to Homestead Co. Des Moines, Ia.

Don't annoy others by your coughing and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, grippe and all throat and lung troubles. M. H. Taylor.

Republicans who call at the state house show an interest in the coming campaign. They have begun to talk of the choice for governor and while some speak in favor of Judge M. L. Hayward of Nebraska City, others would like to see A. E. Cady of St. Paul lead the ticket. Still others think that James Whitehead would make a good leader. The republicans appear to be favorable to any of these three. The campaign made by Mr. Cady in his congressional district has made for him a name as a campaigner and every one knows that Judge Hayward would make a splendid light on the stump. In speaking of these three men a prominent republican said: "The time is now ripe for such nominations, and with a good candidate for governor we can win. You may say that these men have been before other conventions repeatedly, but that makes no difference. The time has come when they can lead a successful campaign."—State Journal.

Here is a statement from Ex-Governor Hoard that is worth its weight in gold says the Humboldt, Ia., Republican. He says he will give as much pound for pound for corn fodder as for timothy hay; and he adds that a ton of corn contains four or five times as much milk-producing food as a ton of hay. Here is a statement worth considering. First, that a pound of corn fodder is worth a pound of the best timothy hay. If this is true and Hoard has tested it as well as others, what a tremendous waste there is to our corn field. And yet we see all about us millions of tons of the best fodder wasted and blown away by the winds. Secondly, he says that a ton of corn contains four or five times the milk-producing qualities of a ton of hay. Corn is worth, say 20 cents a bushel. Timothy hay cannot be had for much less than five dollars a ton. This would make it cost as much as 35 bushels of corn, and yet we find hundreds of men buying hay at from four to five dollars for feed for cows. Why not feed more corn fodder out to five times wet and sprinkle with meal, and get as Hoard says, more than double the milk. Our farmers need awakening on this subject. They have got so accustomed to feeding hay and a little bran, that they can't think of any other way. They have not considered the real question properly. It will not be many years before cut fodder by the load will be sold on our streets as hay is now. Strict economy will compel it.

A thrill of terror is experienced when a hoarse cough of or upsonds through the house at night. But the terror soon changes to relief after One Minute Cough Cure has been administered. Safe and harmless for children. M. H. Taylor

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. "Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

McELREE'S Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M.D., Cary, Miss., says:
"I use Wine of Cardui extensively in my practice and find it a most excellent preparation for female troubles."
