We have received the first number of the Phelps County Journal, published at Holdrege, Neb., by Ed E. Sanders, a brother of THE ADVERTISER editor. The Journal is a six column folio, the same size as the Auburn Post, Granger and Herald, and is not only a neat looking but a very interesting paper. It is straight republican.

The Shubert camp, W. O. W., recently got Miss Minnie May to paint them a banner. It is composed of silk on one side and satin on the other, with fringe and tassels, and was handsomely painted. Mrs. Theo. Hill made the banner. It is certainly a very fine piece of work. It is similar to the one belonging to the Nemaha camp, which was made and painted by Mrs. Hill and Miss May.

Isaac Vannest, of Brownville, was taken to St. Joe Monday of this week to be treated for a cancer in the mouth. It was found, however, that the disease had progressed so far that an operation would not check it, but would only cause additional suffering, so it was not performed. Mr. Vannest was kept at the hospital where he will receive a special treatment for a few days. We understand the physicians say there is no hope of Mr. Vannest's recovery, and that he cannot live more than three or four months. He has been troubled with a sore mouth for some time, but only discovered that it was a cancer about a month ago.

The funeral services of Mrs. Mary Parmena Henderson, wife of C. H. Henderson, were held at the Christian church at Shubert last Saturday, Feb. 6th, 1898. The funeral services were conducted by Rev. C. H. Gilmore. The remains were laid at rest in the cemetery at Prairie Union.

Mrs. Henderson was a daughter of Mr. and Mrs. James W. Argabright, of Aspinwall precinct. She was aged 36 years, 4 months and 23 days at her death. She was a Christian lady, a member of the Methodist church, and was highly esteemed by all who knew her. She leaves a husband, four children, father, mother, three brothers and two sisters, who have the sympathy of all in their great bereavement.

As briefly announced last week, Rabe Elliott's house burned last Saturday. The fire caught in the kitchen back of the cook stove, where the plastering had got knocked off. When discovered the fire had got too much of a start to be put out with the limited supply of water. Nearly everything in the house was saved, except the cook stove, a cupboard and dishes, some groceries, a can of lard, several pair of overshoes, etc. There was very little wind blowing, and therefore the barn and surrounding property was not damaged. The house was a good one, and as there was no insurance the loss is a heavy one to Rabe.

While the fire was yet burning Dr. Keeling started a subscription paper to assist Rabe in rebuilding. This was afterward given to Frank Woodward and about \$200 has already been subscribed. He will probably rebuild in a short time.

Try the new City hotel when in Auburn. Everything clean and neat. One block southwest of court house block. John McElhaney, proprietor.

The neighbors of Mrs. Straud Handley found out that last Saturday was her birthday, and concluded to give her a surprise party. They took Straud into their confidence and he took his wife to Brownville that afternoon and managed it so that they did not get back until late. When they got home they found thirty-five of the neighbors there. An oyster supper, pies, cake, etc., had been provided. All enjoyed themselves until a late hour. We acknowledge the receipt of a liberal supply of cake.

Ben Parker, who has been in the employ of Thompson & Peery for the past three months, has returned to his work as manager of the mutual collection agency in this county, in which capacity he has proven a decided success. The mutual agency do not propose to make anyone unnecessary trouble and expense, but to give every man an opportunity by so adjusting accounts that he can pay if he is disposed to do so, and if he be not disposed to pay his bill when he can, then he just naturally has to pay it. Ben is business all over.—Granger.

We have placed THE ADVERTISER accounts with Mr. Parker for collection, as we are unable to get out and see our delinquents.

The south bound B. & M. freight was wrecked south of the Nemaha bridge last Saturday evening. The train broke in two, and as a number of the front cars were equipped with automatic air brakes, this part of the train was stopped suddenly. In the other section of the train were some heavily loaded cars, and this section ran into the front section with great force. Several empty cars were derailed. Only one passenger was on board and he was shot to the front end of the caboose and straddle of the stove. He yelled like he was killed until Conductor Summers told him in no gentle tone of voice to shut up, as he was not hurt, when he gathered himself up and found that such was the case. The wrecking train was sent down from Nebraska City and got things straightened out by about ten o'clock Sunday morning.
