We regret to learn that he is worse again, his condition being quite critical. His many friends in Nemaha earnestly hope for his recovery.

The Methodist Sunday school made arrangements for a May picnic in Volo valley Saturday of this week, but on account of the continued rain it has been postponed for one week. Bessie Frost was elected May queen, Willie Sanders king, Nelson Hadlock prince, Rosie Seabury princess, Belle Mosier, Lulu Cooper, Fannie Geff, Annie Swan, Grace Staynes, and Gertie Shadley maids of honor.

The Junior League ice cream social held at the Minick hall last Friday night was a complete success. The Juniors had full charge of all arrangements, and the way things were managed surprised every one. Small tables seating from four to six were distributed through the room, each table having waiters who were very attentive to the wants of their guests. On account of the threatened rain the attendance was not near so large as it would otherwise have been, but \$7.25 was cleared after expenses were paid.

The many friends of Mrs. C. J. Canon, formerly Miss Nina Moore, will be pleased to read the following items taken from the Tecumseh Chieftain. The first item is from the Vesta correspondence: "Mrs. Charles Canon closed a very successful term of school Friday of last week, having in her school eight who graduated with highest honors. On Saturday evening a class reception was given in the field."

"Mr. and Mrs. C. J. Canon are now occupying the J. A. Bennett house, on Third street, having moved their household goods in from Vesta this week."

Mrs. Canon is one of the graduates of the Nemaha schools, and has been a successful teacher. She has been principal of the Vesta school since the first of January.

MRS. THEO. HILL Has just returned from St. Joe with A Whole Car Load of new Millinery Goods, Hats, Laces, Ribbons and Flowers, Handsomer goods and lower prices than ever.

Nemaha had a narrow escape from a fire Thursday forenoon. About 9 o'clock the house occupied by Dr. J. L. Melvin, owned by Mrs. Alice A. Minick, of Beatrice, was discovered to be on fire. In a very few minutes a big crowd of men, women and boys had assembled, and by prompt and hard work the fire was put out. When the fire was discovered smoke was issuing from the roof and it looked for a little while like the house was doomed, but fortunately there was an ample supply of water and plenty of help. The fire caught from a stovepipe running from the lower room through the floor of a bedroom upstairs. The pipe is near the frame of a sliding door, and the fire had burned the door frame considerably and then spread to the space in the wall and from there to the attic, and then to the roof. The attic was flooded with water, and so was every place where there were any signs of fire. A small hole was burned in the roof, one of the sliding doors was badly scorched, and the frame considerably burned, but the main damage was to the plastering. The carpets were injured some by the water and by the mud tracked in. The house is insured in one of the companies for which D. A. Morton is agent.

Dr. J. B. Jack received word on Wednesday morning that he had been appointed professor of microscopy and bacteriology in Ensworth Medical College, St. Joseph, Mo., and director of the bacteriological laboratory of that institution. This will necessitate the doctor making weekly trips to St. Joseph next fall and winter, during the sessions of the college. Positions of this kind are seldom given to so young a man as the doctor, and his many Brownville friends are congratulating him on his good fortune, and the Sun fully expects, some time in the not too distant future, to chronicle some great discovery in medical science made by "Prof. John Barnes Jack, the eminent bacteriologist." The doctor expects to go to a leading New York college some time during the summer and take a post graduate course to more fully prepare him for his duties as instructor.—Brownville Sun.

HOW TO FIND OUT. Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order. WHAT TO DO. There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention THE ADVERTISER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.
