Carpenters have been at work for a few days putting in braces and straightening up and repairing the Episcopal church. For some time there has been talk of selling the church, which has been in rather bad repair for some time, but recently it was decided to repair the building and continue services. I. N. Cooper met with an accident Thursday afternoon that will lame him for awhile if it has no worse results. He drove to Brownville with Nate Sedoras and was starting home. Just after he got over the first railroad crossing the pay train came along and one of the horses got scared. Mr. Cooper jumped out to go to her head and hold her, but she kicked him about half way between the ankle and knee. Mr. Cooper came on home and called in Dr. Keeling, who said he thought no bones were broken but the leg was badly bruised.
