Jim Armstrong will make a good county treasurer. No one deoids this He is a good business man, a fine citizen in every way, a man respected by all his acquaintances, and all of Bert Engles' peculiar political methods and basism cannot defeat him.

Judge Chas. B. Letton, of Fairbury, made a brief stop in Nemaha Tuesday. The judge says he finds everything in excellent shape in the district, and he was confident of his election and of Judge Stull. He finds republicans gains wherever he goes.

Miss Marie Hoover returned from Chicago Wednesday. She signed a contract for concert engagements with a well known manager before leaving Chicago but will spend most of the winter here. She is at the home of her sister, Mrs. A. F. Walsh, 916 South Fourteenth. — Lincoln Journal Oct. 27.

Louis and May Kerker and Willie and Nellie Sanders gave a Hallowe'en party at the residence of W. W. Sanders Tuesday night. About forty young people were present and enjoyed themselves until a late hour.

The Tecumseh Tribunal, edited by that democratic war horse, Charley Pool last week published the following: "Judge J. S. Stull of Auburn was in the city the first of the week visiting friends and looking after his political fortunes. Fact is Judge Stull appears to have a lead pipe such as relection to the bench for the reason that he is a genial gentleman, has made a splendid judge and is not narrow in his political views. In 1895 he carried this county by 454 majority over Falloon and 312 over Bush, the fusion nominees, and his friends contend that his majority this fall will far exceed that received four years ago."

All persons are hereby notified not to trust my wife, Hattie B. Jarvis, for anything on my account.

Dated September 11th, 1899.

I. J. JARVIS.

A Sure Sign of Oroup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by M. H. Taylor.

When any person or persons resort to persistent and continued falsifying it shows they believe their side is losing ground. Two weeks ago the Auburn Herald said that when Doc Clark was held up and robbed a year or two ago he went to the residence of Abe Lawrence, who the Herald claims was then constable, and tried to get Abe to go out with him after the fellows that held him up, but that Abe refused to go. Last week's Herald contained the same story, although Barnhart knew it was false. The facts are that Mr. Lawrence was not constable at the time the hold-up took place. When Mr. Clark went to his house he was sick in bed but got up and said he would go out with Mr. Clark and try and overhaul the robbers. To this his wife and Mr. Clark both objected as he was too sick to be out of the house. The next morning Mr. Clark went to Auburn and saw Sheriff Cole but the latter said he did not see how he could help him any and positively refused to do anything. The facts reflect on Sheriff Cole and not on Mr. Lawrence.

Congressman Burkett was able to be out yesterday for the second time since his recent illness. On Monday last he took a drive and went to his office for a short time, but he suffered some ill effects from the exertion and was not able to get out again till yesterday. He registered and took a short drive. Mr. Burkett's ailment has slowly subsided. During the time he has been confined to his bed he has lost forty pounds in weight.—State Journal Oct. 27.

No Right to Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitter is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good-looking charming woman of a run-down invalid. Only 50c at Keeling's drug store.

THEO. FARNSLEY, Prop.

Some of the popocratic papers have been making some complaints about Judges Letton and Stull for the reason that, as they allege, those judges have held court too much and been too accommodating to the people of the district. It appears that after the jury has been dismissed at certain terms of the court, and all expense has ceased, the judges, in order to accommodate litigants, have adjourned the term of court from time to time, and thereby the dockets of the district have become very much reduced in the number of cases. At these times the judges have been in attendance and heard all kind of equity cases and cases that could be tried without a jury. This is a direct saving in the administration of justice, because when the required term with the jury comes equity matters have already been disposed of, and the time is not taken up with them while the jury is in attendance. It has been a common saying heretofore that "the wheels of justice move too slowly, and that when a case has been begun it takes months and years to see the end of it." This has not been the case in the present judiciary of this district because by the willingness of our present judges to hear and dispose of cases at all times, the people have been given speedy justice, and their cases have been heard at the soonest possible moment.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50c and \$1. Trial bottles free at Keeling's drug store; every bottle guaranteed.

Mr. S. A. Fackler, Editor of the Micanopy (Fla.) Hustler, with his wife and children, suffered terribly from LaGrippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly.
