

Missouri is after a piece of ground supposed to belong to Nemaha county, Neb. Whatever may be said of the merits of the claim, it must be admitted that Missouri knows a good thing when it sees it.—Omaha Bee.

According to the court calendar recently promulgated by the judges of this judicial district, terms of court in the several counties will be held during 1900 as follows: Gage county, March 5, May 14, September 17; Jefferson county, January 29, May 7, November 26; Johnson county, March 12, May 21, September 17; Nemaha county, February 26, June 4, November 12; Pawnee county, April 2, June 11, November 26; Richardson county, January 29, May 7, October 8.

WASHINGTON, Jan. 15.—Director of the Census Merriam suggests to the agriculturists of the country that they use some of their spare time between now and June next in thoroughly preparing themselves to answer promptly and accurately the questions relative to the acreage, quantity and value of all farm products, animal and vegetable; the cost of fertilizers and farm labor and in fact all the items of farm operations for the calendar year 1899, which the census enumerators are by law compelled to ascertain. This, he says, will result in a full and accurate census.

A Falls City barber would like to hear from some barber in Nebraska who has been benefited by the new barber law. If he will address the artists who have been appointed as an examining board, he will probably find the fellow he is looking after. As a matter of fact the law is one of them damphol attempts to improve the condition of some individual or class by legislative enactment. The same barber also complains at the growing custom of shaving necks. For this, the barbers themselves are to blame. It is only of very recent years that men had their necks shaved every week, and the barbers in their rivalry have introduced the custom. The law like all other protective measures, is a fraud. It is too much like the ethical disease among doctors, that prohibits their advertising, but stimulates their appetites for free puffs.—Beatrice Democrat.

The St. Louis Globe-Democrat is unquestionably one of the greatest of American Newspapers. It has correspondents everywhere and covers every field of News, foreign and domestic. It is strictly republican in politics, but is above all, a Newspaper, and ought to be in every home during the important presidential campaign of 1900. The price my mail, Daily, including Sunday, in Six Dollars per year. Daily without Sunday, four dollars per year. Sunday only, two dollars per year. Weekly issued in semi-weekly sections, one dollar per year. The latter edition is a big semi-weekly paper, almost equal to the average daily at the price of the average weekly. It not only gives all the news, but also a great variety of interesting and instructive reading matter for every member of the family. START THE YEAR RIGHT.

By this we mean that if you are not already a subscriber to The Nebraska State Journal you should become one at once. The Journal is Nebraska's old reliable. Being published at the state capital it prints more news of interest to Nebraskans than any other paper in the state. Many of its patrons have been subscribers for over a quarter of a century. The Journal has built up a tremendous business by its push and energy and the paper stands at the head of the column. Its daily and Sunday issues not only contain all the current news of the world, but are filled with special features. The Semi-Weekly Journal, which by many is called "the farmers' daily," gives 104 papers a year for \$1.00 and is one of the greatest bargains ever offered readers. The year 1900 will be a record-breaker with The Journal, as 1899 has been. Join the army of readers for the coming presidential campaign.

Remember that the Hon. Silas A. Holcomb was a peculiarly strong candidate. His majority was large in part at least on account of his personal popularity. The vote for regents, where none of the candidates were especially well known, shows more accurately the actual majority of the reform forces in this state. The average majority of the fusion candidates for regent over the republican candidates was only 6,200. Keep this in mind. Do not be over confident. Get into the fight and stay in until the last vote is counted on November 6.—Nebraska Independent (pop)

This is worth remembering by republicans as well as by populists. If the average majority of the fusion candidates for regent over the republican candidates at the last state election in Nebraska was only 6,200 the republicans have only that number of votes to overcome in the next campaign instead of the 15,000 majority by which the populists boast carrying the state for Holcomb.

If the fusionists have no reason to be overconfident the republicans certainly have good grounds for basing their expectations of re-riding the state, providing an aggressive and systematic battle is waged under standard bearers who are clean and competent and can count on the support not only of the rank and file of their own party, but also of intelligent voters of independent proclivities. With this reminder it ought not to be necessary to call upon all loyal republicans to get into the fight and stay in until the last vote is counted, November 6, next.—Omaha Bee.

All our farmer readers should take advantage of the unprecedented clubbing offer we this year make, which includes with this paper The Iowa Homestead, its Special Farmers' Institute editions, The Poultry Farmer, and The Farmers' Mutual Insurance Journal. These four publications are the best of their class and should be in every farm home. To them we add for local, county and general news our own paper and make the price for the five for one year \$1.35. Never before was so much superior reading matter offered for so small an amount of money. The four papers named which we club with our own are well known throughout the west and commend themselves to the reader's favorable attention upon mere mention. The Homestead is the great agricultural and live stock paper of the west. The Poultry Farmer is the most practical poultry paper for the farmer published in the country; The Farmers' Mutual Insurance Journal is the special advocate of farmers' co-operative associations, and the Special Farmers' Institute editions are the most practical publications for the promotion of good farming ever published. Take advantage of this great offer.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by Keeling.

Dr W. W. Wixon, Italy Hill, N. Y., says: I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma. Pleasant to take; never fails to quickly cure all coughs, colds, throat and lung troubles. Keeling.

Red Hot from the Gun

Was the ball that hit G. B. Steadman of Newark, Mich. in the civil war. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pie cure on earth 25c a box. Cure guaranteed. Sold by Keeling, druggist.

A Life and Death Fight

Mr W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00 Trial bottles free at Keeling's Drug Store.

How is it Done?

The remarkable success attending the work of Prof. Theo. Kharas, of Nebraska City, has caused the thinking class of people to ask "How is it done?" The method is easily explained to those who will lay aside old prejudiced notions long enough to send for literature explaining it. The Kharas Method of Magnetic Healing.

appears most to educated, thinking people. The ignorant and superstitious are afraid to investigate any new science. Prof. Kharas cures all curable and many so-called incurable diseases without the use of drugs or surgery. He also possesses the wonderful ability to cure certain diseases at any distance, without ever seeing the patient. This is what he calls the "Absent Method." Many almost miraculous cures have been made, and by writing you can get a long list of testimonials and sworn statements by prominent people who have been restored to health by this means. Recorder of deeds Chas. C. Brandt, Nebraska City, had lost entire use of right hand and arm by paralysis; other methods failed and he could not work. Prof. Kharas treated him and he went to work in four days, and in six days he was entirely cured. Mr. Jas. McCain of Council Bluffs, Ia. had lost the use of both lower limbs; in three days he could walk, and cured in less than two weeks. Editor Brown of the Nebraska City Daily and Weekly Press says: "He (Kharas) undoubtedly does a great deal of good, and personally cannot thank him enough; my rheumatism is all gone, and my eye, where burned, does not trouble me any more." Mrs. N. Brusha, a prominent Nebraska City lady was cured of nervous prostration of ten years standing when other doctors said she could never be even helped. Miss May Duncan, Nebraska City, could not turn in bed so badly was she afflicted with inflammatory rheumatism for several weeks. Three treatments by Miss Worman (Matron of the Nebraska Magnetic Infirmary) cured her entirely. Mr. F. L. Kelsey, foreman of the Daily Press cured of nervous headache of 11 years standing by one treatment by Prof. Kharas. Friends and relatives of Mrs. A. Sanquest of Nebraska City, said she could not live an hour; in 15 minutes she was relieved of pain, and in two days was able to be at work; neuralgia of the stomach was her trouble; she has since been successfully treated for cancer of the breast by Prof. Kharas.

The Nebraska School of Magnetism and the Nebraska Magnetic Infirmary are at Nebraska City. Branch infirmaries are being located all over Nebraska and Iowa.
