

Few College Students Die.

The death rate in colleges is extremely low. The strict attention to the physique is given as the cause. People outside of colleges, as well, may have health and strength. Hostetter's Stomach Bitters is recommended most highly for preventing as well as curing bodily weakness. It is for the blood, the nerves and all stomach disorders, and its cures of constipation, indigestion, dyspepsia, sluggish liver or weak kidneys, are most remarkable.

Multum in Parvo Prayer.

George's mother insisted upon his repeating the prayer of childhood. He started sleepily, requiring prompting at the beginning of every line. Drowsiness had nearly won the mastery by the time that he had obediently got as far as "my soul to take." "God bless—" prompted his mother. George has a long list of relatives. There was a flutter of his sleep-laden lids as he lumped them all together: "God bless the whole shooting match!" And he was asleep.—Chicago Chronicle.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Something Practical.

Many a young girl makes the mistake of thinking that because she would die for a man she really loves him. In this restless, throbbing age it is necessary for her to ask herself in all seriousness: "Would I take in washing for him?"—Detroit Journal.

Grain-O Made Her Fat.

Westfield, Mass., Nov. 27, 1899. Genesee Pure Food Co., Le Roy, N. Y.: Having used your Grain-O for the past three months I thought I would write and let you know how much good it has done me. When I was away on my vacation last summer the people I visited asked me to try Grain-O, and I drank some, but I didn't like it at all. But the more I drank the better I liked it, and now I wouldn't drink anything else. I never weighed over 108 pounds, and last winter I was down to 103 pounds, and now I weigh 120, and never felt better in my life. It gives me an awful appetite, and makes me strong. It is doing me more good than anything I ever took, and I would recommend it to everybody.

Mrs. Geo. R. Brown.

Accommodating.

"I am a British subject," he said, as he signed the register with a flourish. "All right," replied the hotel clerk, "if I notice any Boers lurking about I'll give you the tip to rush to cover."—Philadelphia North American.

Behind the Scenes.

Ham Lett—Are there any long waits in the piece you are playing? Sue Brett—Rather. I've been waiting ten weeks for a chance to look at my salary.—Chicago Journal.

The Best Prescription for Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in its tasteless form. No cure—no pay. Price, 50c.

You know how freely and recklessly you talk about other people? Well, that's the way they talk about you.—Athenian Globe.

Piso's Cure cannot be too highly spoken of as a cough cure.—J. W. O'Brien, 322 Third Ave., N., Minneapolis, Minn., Jan. 6, 1900.

The smarter a man is in fancy the more he will smart in fact.—Ram's Horn.

Serious Ills of Women

The derangements of the female organism that breed all kinds of trouble and which ordinary practice does not cure, are the very things that give way promptly to Lydia E. Pinkham's Vegetable Compound.

Uterine and ovarian troubles, kidney troubles, ulcerations, tumors, unusual discharges, backaches and painful periods—these are the ills that hang on and wreck health and happiness and disposition.

Lydia E. Pinkham's Vegetable Compound

has a wonderful record of absolute cures of these troubles—a constant series of successes for thirty years. Thousands of women vouch for this. Their letters constantly appear in this paper.

FRAME FOR BRIDE'S PICTURE.

Pretty Way for a Young Wife to Remember Her Relatives and Friends.

A recent Chicago bride who was going out of town to live distributed photographs of herself and farewell gifts to her relatives and friends and had them framed in a unique and attractive manner, says the Chronicle.

They were to be mounted under glass in the manner familiar to all and known as passepartout, but instead of the usual mat of linen or cardboard she used a material which was especially appropriate, and one which made frame as well as picture worthy of being preserved among the family heirlooms.

The picture which she gave her mother had a mat of the white satin which had been used for her wedding dress, and across one corner was a bit of the lace with which the dress was trimmed.

To her sister she gave a picture also mounted in the white satin, but with a design of orange blossoms embroidered upon it, while the mount for the one given her maid of honor was of white satin embroidered with a graceful spray of bride roses.

Friends less near received pictures mounted with the goods which had gone to make up the different gowns of her trousseau. The mount made from the material of her "going-away gown" had forget-me-nots embroidered in small scattered sprays, while some of the silk and figured goods were made up plain, being sufficiently decorative in themselves.

In each case the mounted picture was bound to the glass with a narrow strip of sole leather in a shade to correspond with the color of the mount. Upon the back of each was plainly written the name and date of the wedding.

It is needless to state that the gifts were prized, as the pictures alone never could have been, and it is safe to predict that other brides will follow the graceful fashion.

SPANISH WAR RELICS.

There is now a valuable collection at the Washington National Museum.

The recent war with Spain is furnishing a rich field for collection for the National museum, and the material on hand is already very extensive and full of interest. Campaigns by land and water, in Cuba, the Philippines, and Porto Rico have all contributed to the education of posterity in the ways of warfare of the present day, says the Washington Post.

The collections now at the museum embrace every imaginable thing that pertains to war, from huge death-dealing guns and submarine mines to the buttons worn upon the uniform of private soldiers. Hardly a day goes by that does not see added some things of interest, the latest being four large brass cannon, taken from antique fortifications, which have been mounted upon the front steps of the museum.

The Capron loan collection occupies a case by itself, and tells a pathetic story of the horrors of war. This collection embraces the uniforms, swords and other relics of father and son, who were both called upon to sacrifice their lives in the defense of their country. There is the yellow-plumed cavalry helmet of Capt. Allyn W. Capron, who was killed at the battle of Las Guasimas, together with the saber he wore when struck down by a Spanish bullet, and the sweat-stained gauntlets that were upon his hands.

BABY'S BAWLS

MAM-M-MA!! DON'T YOU HEAR BABY CRY?

Do you forget that summer's coming with all its dangers to the little ones—all troubles bred in the bowels.

The summer's heat kills babies and little children because their little insides are not in good, clean, strong condition.

Winter has filled the system with bile. Belching, vomiting up of sour food, rash, flushed skin, colic, restlessness, diarrhoea or constipation, all testify that the bowels are out of order.

If you want the little ones to face the coming dangers without anxious fear for their lives, see that the baby's bowels are gently, soothingly, but positively cleaned out in the spring time, and made strong and healthy before hot weather sets in.

The only safe laxative for children, pleasant to take (they ask for more) is CASCARETS. Nursing mothers make their milk mildly purgative for the baby by eating a CASCARET now and then. Mama eats a CASCARET, baby gets the benefit. Try it! Send for a 10c box of CASCARETS to-day and you will find that, as we guarantee, all irregularities of the little and big childrens insides are

CURED BY

Cascarets
