COMMENCEMENT.

The commencement exercises of the Nemaha high school were held at Hoover's opera house Friday night of last week. The program opened with an instrumental solo by Miss Jessie Dye. Then prayer was offered by Rev. J. M. Darby, followed by a solo by Miss Lela Gaither, entitled "Kissing Papa through the Telephone." Miss Mabel Barker delivered an oration and salutation entitled "Building for Eternity." Miss Rose Seabury followed with an oration on "Memories' Bells," and Mr. Emery Howe spoke on "The Life of Grant." Misses Grace Paris and May Gaither sang a duet, "Life's Merry Morning." Miss Pearl Burns delivered an oration on "Advantages of a Good Education." Miss Noma Haith followed with oration and valedictory, "The Battle of Life." Miss Lillian Minick sang a solo, "Farewell Sweetheart." Dr. W. W. Keeling, president of the school board, presented the diplomas to the five graduates, giving a little talk full of good advice. The class address, one of the best ever heard in Nemaha, was then delivered by Rev. J. M. Darby. An instrumental duet by Misses Jessie and Blanch Dye closed the program.

The stage and house were decorated with flowers, evergreens and flags. Back of the seats occupied by the graduates, in the center of the stage, was a ladder decorated with evergreens and flags, and over this was the class motto: "Climbing the Ladder of Success." The opera house was crowded and there was so much confusion in the back part of the house that very little of the program could be heard by about one-third of the audience, otherwise everything passed off nicely. The graduates all received a profusion of flowers and a number of books, and other presents were received.

In company with Dr. Gaither we drove out to the Titus nursery Tuesday afternoon and visited with James A. Titus for a short time. Mr. Titus has been confined to bed 96 days today—over three months. He was feeling first-rate Tuesday, but for two or three days before had suffered a great deal. He is certainly having enough to thoroughly try his patience, but is standing the trials well. Before we left Mrs. Titus presented us with a great big bouquet of fine flowers and Nat invited us down to his strawberry patch, but as Dr. Gaither wouldn't wait we had to forego this pleasure.

John I. Dressler lost a good cow Sunday night. He has about twenty-five head of cattle on a clover pasture, and found four cows bloated up. Two of them he cut into and let the gas out and another one he saved by working with, but the fourth one he did not think needed anything, but she died in a little while. John thinks it will take the profits on a good many bushels of 50 cent wheat to replace the cow. On Tuesday another cow died in Mr. Dressler's pasture, this one belonging to Mr. Gongwer. The cow was all right when Mr. Dressler started to town with a load of wheat. When he got back home the cow was dead. W. W. Relf had one cow die from the same cause, and others have lost stock and a number have been sick.

Decoration day services were held at the Methodist church Wednesday afternoon. A storm came up about the time for the services to begin and a great many were kept away on this account, but the church was fairly well filled. The program was a good one. There was good music, two or three recitations, reading by Miss Mellinger Minick, and a splendid address by Rev. J. M. Darby. On account of the rain the graves could not be decorated, but many flowers were left with Walter Hadlock and he took them to the cemetery Thursday and placed them on the graves of the departed heroes.
