There is no "catch" about this offer. There is nothing to pay, nor any requirement to buy anything in order to secure this beautiful souvenir gift. It is our way of advertising the merits of Quaker Valley silverware. A copy of the Home-Furnisher, our own publication will also be sent free. **A Good Cough Medicine.**  
It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the coughs following la grippe, and find it very efficacious." For sale by Keeling.

Sometime Monday evening, after the Atchison freight went down, a sand slide occurred on the track southeast of town between bridges 12 and 13, covering the track several inches deep and several feet in width, with sand or rather with soft stone such as is found along the river bluffs. The Beatrice freight ran into it before they knew it was there and succeeded in getting through all right. They were exceedingly lucky though for the wheels had to leave the track owing to the depth of the sand, and it was in a place where if the train had left the track it would have gone into the river. When they reached here they called the section hands out and they had the track cleared before the Atchison freight came up.—Peru Pointer.

There was a bad wreck on the B. & M. about three miles south of Shubert Wednesday night, the south bound freight being ditched. A broken just over a high bridge gave way after the engine and three or four cars had passed over it safely. Eleven cars went down the embankment forty feet into the mud and water. The way car was only two or three feet from the edge when it stopped. No one was hurt but the damage was great. There were four cars of hogs and four or five of wheat and corn went down. Thirty-eight hogs were killed and fifty more crippled. The cars were badly damaged. The loss on the cars is estimated at \$2,500. The total loss it is estimated will reach \$4,000. Swift McCandless had a load of hogs in the wreck, shipped from Nemaha, and Harry McCandless had shipped one from Shubert. Timmer Thompson was on the train at the time of the wreck, being in the caboose, and was looking out of the window and saw the cars go down. He worked in the mud getting the hogs out until midnight.

W. W. Keeling guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by Keeling.
