#### Fusion Arranged in Nebraska on Lines Demanded by Populists.

Considerable Acrimony Developed in Both Conventions-Populasis Get Majority of State Ticket and Half the Electors -Gov. Poynter Heads Treser.

Lincoln, Neb., July 13 .- Daylight yesterday found three state conventions still in session, with practically no progress made further than the adoption of their separate platforms. The whole question hinged on whetherthe democrats would yield from the position they had taken in deinanding two places on the state ticket, together with all the electors for president and vice president. All efforts to bring about a surrender was howled down derisively.

In the populist gathering some fiery speeches were made in denuncistion of the stubborn attitude assumed by the democrats. At three o'clock a. m. yesterday a motion was made that the democrats be given the electoral ticket and the populists take the state offices. The debate on this was spirited and delegates accused each other of wanting to trade off the rights of national politics and the rights of Mr. Towne for a few state offices. M. F. Harrington created a sensation by asserting that the way to increase the middle-of-the-road movement was to throw Towne over and substitute one who, he said, had declared the war a failure. He said Towne's withdrawal would lose North Dakota, South Dakota and Kansas, and the fusionists would have to fight for their lives in Nebraska. J. H. Edmiston, vice chairman of the populist national committee, indorsed all Harrington said. Mr. Edmiston declared if the populists did not hold their place on the ticket they could never hold another national convention.

On reconvening the conference committees reported a compromise proposition whereby the democrats are given three electors, the populists four and silver republicans one, the democrats to have two state offices, silver republicans one and the populists the rest. Without waiting on the reports the populists referred the whole controversy to a committee of one, M. F. Harrington, with power to treat with the democrats, but instructing him not to concede more than one state office. At 11:20 ah agreement was reported to the populist convention on presidential electors, giving four to the populists, three to the democrats and one to the silver republicans. A motion prevailed that the nominations of electors be referred to the state central committees of the three parties. Nominations for governor were declared in order and without nominating speeches the roll of counties was called. As the balloting proceeded it was seen that Gov. Poynter had a walk-away. Before the result was announced John O. Yeiser, of Omaha, one of the candidates for the nomication, moved that the selection of Gav. Poynter be made unanimous. It carried with applause.

The democrats on reconvening ratified the nomination of Gov. Poynter and then nominated W. D. Oldham for attorney general. The populists in turn nominated Oldham.

## A BOER VICTORY.

Lord Roberts Reports That the Enemy Attacked Nitrai's Nes and Captured the Place-Atlempt to Take Pretoria.

London, July 13.-Lord Roberts reported to the war department yesterday that the Boers had attacked Nitral's Nek and captured the place. Several other small engagements with the enemy were also reported. The surrendering of Boer arms and ammunition at Heidelberg continues.

Lord Roberts' dispatch throws a serious light upon the state of affairs in South Africa. There has been some comment recently regarding the virtual absence of progress by the immense army under command of Lord Roberts, but few could have been found to believe that the scattered Boers were able to inflict such a defeat so near Pretoria. Instead of the surrender of all of the remaining Boers being imminent, as recent telegrams had hinted, it seems they have been making a concerted attempt to surround or recapture Pretoria, with so much success that in the region which was supposed to be pacified and in which no attack was expectd they succeeded in inflicting a serious defeat and capturing two guns and some 200 men.

Race Between Patchen and Gentry Detroit, Mich., July 13 .- The fastest mile thus far made this season, and the fastest ever gone in Canada, was paced on the Windsor track yesterday afternoon by Joe Patchen. The black stallion also went one of the fastest CORN-No. 2 ...... 474@ 474 quarters ever seen, covering one of his last quarter miles in 291/4 seconds, a 1:58 gait. The match race between Patchen and John B. Gentry was a fine hard driven contest, and was won by Patchen in two straight heats by a couple lengths in both cases. The time by quarters was as follows: First heat, :30; 1:01; 1.33%; 2:04%. Second heat, :311/4; 1:03; 1:35; 2:041/2.

BOY FINDS GOLD IN CELLAR.

A Cincinnati Mother Turns the Money Over to the Police Officers.

A woman excitedly entered Bremen street police station at Cincinnafi the other day, and, turning over \$230 in gold to Sergt. Jueggling, informed him that her little boy, George Kramer, had found it in a cellar in Wade street, near Plum.

The boy and two companions, Alfonso Churerch and Ruby Herz, were in the rear of No. 213 Wade street Sunday afternoon, and Kramer, espying a lot of gold pieces, suggested playing marbles, using the gold as chips. They played and Kramer won all the money.

When he took it to his mother she nearly had hysterics. She is poor, and at first, she says, thought of keeping the money, but later concluded to give it to the police.

FORGOT HIS PROFESSION.

President of Santa Fe Road Failed to File the Necessary Certificate as a Lawyer in New York State.

Judge Bischoff in the supreme court the other day made an order permitting Aldace F. Walker, the presiden of the Atchison, Topeka & Santa F. Railroad company, to file his certificate as a lawyer in New York state, he having forgotten to do so, as required by the law passed in 1808. Mr. Walker stated in his affidavit that he had not actively engaged in the practice of law for several years, and had overlooked the passage of the act the provisions of which he had violated. By the terms of Mr. Dischoff's order Mr. Walker is relieved from the penalties inflicted by law.

#### NEW YORK'S FOPULATION.

Thought That the Census Returns Will Show That the City Has Over Three Million People.

The work of taking New York's census has been completed, although the returns have not yet been forwarded to Washington. The most amazing thing about this census is the rate of increase of New York's population in the last ten years. While Census Supervisor Wilbur has steadfastly refused to give out any figures, it is pretty well known that the population of the five boroughs which now compose the city of New York is about 3,650,000.

Another Financial Burden.

When Mrs. Russell Sage went home, after a shopping tour, the other day, she pulled the bell at her front door, and the wire, being old and rusty, broke. Mrs. Sage fell backward down the steps and was badly bruised, besides suffering the dislocation of one of her arms. Of course, says the Chicago Times-Herald, this wouldn't have happened if Russ had been willing to have an electric bell put in or to pay 30 or 40 cents for a new wire. Now the cost of liniments and bandages alone is likely to amount to a dollar and a half.

## Physicians in Germany.

In the last 11 years the number of physicians in Germany increased 56 per cent., while the population increased only 14 per cent.

A Chicage Weman Who Has a Grievance for the Econemy Club.

Young Mrs. Woodlawn, who lives on Prairie avenue, has not been housekeeping very long, but she is versed in household economy. She is a prize member of the study class in that subject at the Woman's club, says the Chicago Inter Ocean.

"Every housekeeper should do her own marketing," says Mrs. Woodlawn, and every morning at nine o'clock she starts out to con-tribute to the gayety of grocers and meat-shop men on Cottage Grove avenue. Once she ordered a "leg of veal for two," an anshe ordered a "leg of veal for two," other time she purchased "trout on the half shell." A few days ago she undertook to negotiate for a small roast of beef. Eighteen cents a pound, ma'am," said

Aren't you rather high?" remarked Mrs. Woodlawn, tentatively.
"No, indeed, ma'am; steers like this meat

Mrs. Woodlawn gathered up her pocket-book and her parasol decidedly.

"I shall lay this matter before the Social Economics club," she said. "If catte are worth only six dollars apiece and you sell me roast beef at 18 cents a pound, we are in the clutches of a monopoly, and I will eat trout as long as I live before I'll stand it. So there!"

#### The Trust Problem.

To a thoughtful mind, the trust problem is one of serious import. It must be firmly grappled with, for it creeps upon society be-fore you are aware of its existence, in this respect much resembling the various disorders which attack the stomach, such as constipation, indigestion, dyspepsia, bilious-ness, liver and kidney troubles. Hostetter's Stomach Bitters is the one reliable remedy for all such ailments. Be sure to give it a

John and James and Thomas took Paper and Pencil and began figuring, but Alex took his Hat and started out. "Where are you going?" the other Three asked. "Do you not Intend figuring out the Problem?" "Not much," said Alex. "I am Going for a Lawyer to break the Will." Moral—Sometimes the Lawyer can Relieve the Heirs of Much of the Figuring.—Baltimore American. Baltimore American.

An Operation That Was Deserving of World-Wide Celebrity.

"I see," said the old man Pimpernel the other evening, relates the Cleveland Plain Dealer, "that they've mended another brok-en neck for a feiler. He had a fall some-wheres out in the country, an when they got him to th' hospital th' doctors found that his upper spinal colume was cracked clean across. Feller couldn't hold his head up, an' his voice was clean gone."
"How did they patch him up?" inquired

"How did they paten him up? inquired John Bowman, "You'll be s'prised when I tell you," replied the old man. "It was so dead easy. Fust, they crowded over th' left phalanx till it iapped the right vertrickie, an' then they stuck th' two ends together with anty-toxum glue. That's fer blood pisenin', you know. Then they got the broken ends of the meduia together an' fastened 'em in place with strips of adhesin' plaster. After that they nailed narrow rods of zinc up and down his backbone and clinched 'em together with rivits. When this was all fixed the surgeon sent out an got an old-fashioned bootjack, an' they tied it on his chest so that the open-in' at the top would just catch under his chin—an' hold it until the give hardens. An' as soon as it does harden the young feller'll be just as sound as ever, with a few rivits

thrown in."
"Thunder!" cried Josh Bowman. "Ain't
it wonderful!"

## HEALTHY WOMEN.

Mary J. Kennedy, manager of Armour & Co.'s Exhibit at the Trans-Mississippi Exposition at Omaha, Neb., writes the following of Peruna, as a cure for that common phase

of summer ca-tarrh, known as indigestion. Miss Kennedy says: found the continual change of diet incidental to eight years' traveling completely upset my digestive system. In consulting several p h y si-cians they de-cided I suffered with eatarrh of the stomach.
"Their pre-

scriptions not seem to help me any, so, reading of the remarkable cures effected by the use of Peruna I decided to try it and soon found myself well re-

paid.
"I have now used Peruna for about three months and feel completely juvenated. I believe I am permanently

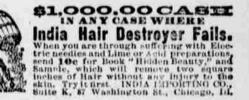

cured, and do not hesitate to give unstinted praise to your great remedy, Peruna."

The causes of summer catarrh are first, chronic catarrh; second, derangements of the stomach and liver; third, impure blood. Such being the case, anyone who knows anything whatever about the operations of Peruna can understand why this remedy is a permanent cure for summer catarrh. It eradicates chronic catarrh from the system. invigorating the stomach and liver, cleanses the blood of all impurities, and therefore permanently cures by removing the cause, a host of maladies peculiar to hot weather. The cause being removed the symptoms dis-

appear of themselves.
