Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Class No. 9 of the M. E. Sunday school will give their Pink and White Social at the Minick hall Saturday night of this week, to which everybody is invited.

Mr and Mrs. Brooks, who have been visiting their daughter, Mrs. Earle Gilbert, started for their home in Oklahoma Monday. Their grandson, Coy Rives, who has been stopping with his aunt for several months, returned with them.

News came Tuesday of the birth of Miss Helen Marie Walsh at 4 o'clock that morning. The little Miss is Mrs. W. H. Hoover's first granddaughter and is named after Aunt Helen and Aunt Marie. The aunts went to Lincoln Friday to see her.

The Paramount Issue.

The paramount issue to be fought out in the battle of 1900 may be summed up in five small words. Do you want a change?

This is the simple question that every citizen will ask himself before he casts his ballot and the verdict will depend upon the conclusion reached by a majority of the 15,000,000 voters who will record themselves on one side or the other next November.

It cannot be gainsaid that the American people are as prosperous and well to do this year as they ever have been. Do the American people want a change?

Does the great army of wageworkers, which is better fed, better clothed and better housed now than ever before, want a change?

Do the American farmers, whose products are in steady demand at good prices at home and abroad, want a change?

Do the merchants and tradesmen of the country, who are doing a larger business in the aggregate than ever before, want a change?

Do the manufacturers and employers of labor in mill and factory, whose products are marketable now at fair profit, want a change?

Do the professional men, whose services command higher remuneration than ever before want a change?

What would any of these classes gain by a change?

This is the poser which neither Mr. Bryan nor any of his champions will be able to answer satisfactorily. They will talk about the Declaration of Independence, about the crime of 1873, about the beauties of free silver coinage, about the disastrous gold standard, about the menace of imperialism and militarism and about the rapacity of the trusts. But all these subjects are overshadowed by the question that dominates all men who are constantly striving to better their condition, but do not willfully and deliberately expose themselves and their families to the risk of a relapse to the distressing, hard times experienced before the advent of McKinley and the ascendancy of republican policies that have restored confidence, raised the national credit and set the wheels of industrial and commercial activity in motion.—Omaha Bee.
