If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea so common to small children. O. P. M. Holiday of Deeming, Ind., who has an eleven-month-old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." For sale by Keeling.

It is not necessary for The Advertiser to say anything in praise of G. N. Titus as a candidate for the legislature. Everybody who is acquainted with him—republican, democrat, populist or prohibitionist, man, woman or child—has a good word to say for Nat Titus. His ability, integrity and fitness for the position are conceded by all. He thinks for himself and will not be controlled or dictated to by any man or set of men. He is not an office seeker, and it was only after long persuasion and solicitation from his friends that he consented to allow his name to go before the convention. Two years ago he was placed in nomination before the convention for representative and almost before he realized it enough delegates had voted for him to nominate him, when he positively refused to be a candidate. He will make a representative of whom the entire county will feel proud.
