TOPICS OF THE DAY.

The Snaphotters' Target.
President McKinley has been snaphotted 3,000 times in the past 18 months. This gives an average of more than five times a day.

Did Not Slight Either of Them.
In Ohio a girl who was unable to decide between two admirers settled the matter by marrying one and eloping with the other, all in one day.

Maine's Pioneer Voter.
Hon. A. W. Payne, Bangor's noted lawyer, has voted at 67 national and state elections in Maine. He has missed voting for president but once since 1833, and then from illness.

Broken Up by Withdrawals.
One of the presidential tickets, that of Cafery and Howe, has been broken up by withdrawals. The nine remaining tickets are a sufficient safeguard against political under-protection.

Pennsylvania and the Original Colonies.
Pennsylvania's four leading cities have gained 381,152 since 1890, and the present population of the state is estimated at 6,250,000, or double that of the 13 colonies when independence was achieved.

Will Not "Go" with Uncle Sam.
One of the parties in Cuba held a parade in Santiago recently, carrying banners inscribed, "death to the opposition." This idea may be popular in Hayti, but will not be accepted by the United States as a basis for stable government.

To the Federal Supreme Court.
The national council of the National Rights association (colored) is taking steps to carry an appeal to the supreme court of the United States to test the constitutionality of the North Carolina election disfranchising the colored race.

Gould's New \$750,000 Palace.
Another magnificent New York residence will soon take shape in "millionaire's row," Fifth avenue. Mrs. Howard Gould has approved the plans for her \$750,000 palace, which is expected to be one of the finest along even that exclusive thoroughfare.

Spain Hard Up Again.
Spain has apparently already spent the \$20,000,000 she received for the Philippines and is now seeking a loan in this country. Unfortunately for her, however, Spanish bonds are selling at 72, with the national credit at such a low ebb that the investment is not regarded as inviting.

Where Missionaries Are Needed.
There is a big field for missionary work in Wyoming. Out of a population of about 75,000 in a large district it is estimated that less than 3,000 are evangelical Christians, and they are widely scattered over the 97,000 miles of country in which the centers of population are from 50 to 75 miles apart.

Boer Sharpshooters' Deadly Record.
English insurance companies state that over seven per cent. of the British officers serving in South Africa were killed or died of wounds, against a like mortality of less than two per cent. of the rank and file. The Boer sharpshooters made a wonderful record, especially in the early stages of the war.

An Estimate of the Sultan.
The sultan is a man of remarkable personality. It is claimed for him at Constantinople—and that by some who detest him and his policy—that he is the ablest ruler Turkey has had during the century. Partly Armenian by birth, he has the subtle intellect of that people, their diplomatic capacity, their business skill. He has contrived to amass a huge fortune.

Man Never Without Beer.
When the Romans first invaded Germany they found that the beverage of the people was a liquor produced from barley. From the earliest times and in every clime man has resorted to some stimulating beverages prepared by fermenting the juices or extracts from fruits, grains or plants. It is said that Osiris as early as 1900 B. C. taught the process of extracting the juice from barley and fermenting it, while the Greeks learned how to brew and ferment from the Egyptians 300 B. C.

THE NATIONAL FINANCES.

The Monthly Circulation Statement of the Comptroller of the Currency—Public Debt—Receipts and Expenditures.
Washington, Oct. 2.—The monthly circulation statement of the comptroller of the currency shows that at the close of business on September 29 the total circulation of national bank notes was \$328,335,973, an increase for the year of \$85,045,845, and an increase for the month of \$4,112,163. The circulation based on United States bonds amounted to \$294,222,979, an increase for the year of \$86,908,806, and an increase for the month of \$3,581,623. The circulation secured by lawful money was \$34,112,994, a decrease for the year of \$1,862,961, and an increase for the month of \$530,549. The amount of United States registered bonds on deposit to secure circulating notes was \$296,672,630, and to secure public deposits \$87,655,780.

The Public Debt.
Washington, Oct. 2.—The monthly statement of the public debt shows that at the close of business September 29, 1900, the debt, less cash in the treasury, amounted to \$1,106,156,671, which is a decrease for the month of \$6,122,435. This decrease is accounted for by the increase in the cash on hand and the redemption of the two per cent. bonds.

Government Receipts and Expenditures.
Washington, Oct. 2.—The comparative statement of the government receipts and expenditures issued yesterday shows that during the month of September the receipts from all sources amounted to \$45,304,326 and the expenditures \$39,169,971, having a surplus for the month of \$6,134,355.

ROOSEVELT IN NEBRASKA.

Thirteen Speeches Made Yesterday and Eleven to Be Made To-Day at Different Places in Bryan's State.

McCook, Neb., Oct. 2.—Gov. Roosevelt's first day in Nebraska may be regarded as successful, though the morning started out wet and chilly and the audiences were small. Thirteen speeches were made during the day. As the day advanced the sky cleared and the meetings at the different places along the way showed a great deal of interest. Besides the inhabitants of the villages and cities a large number of people mounted and in carriages, evidently from the country, were noticed upon the streets and around the stands. Probably 30,000 or 40,000 people were addressed during the day. Gov. Roosevelt's special train remained at McCook until late in the night, when it pulled out for North Platte and another day's journey to-day, which will cover a distance of 600 miles and will include within that distance 11 speeches. To-night a night journey will be made to Broken Bow, at which place the train will arrive at three o'clock in the morning.

BRYAN IN MINNESOTA.

An Even Dozen Speeches Made Yesterday by the Democratic Candidate—in the Scrub Oak Portion of the State.

St. Paul, Minn., Oct. 2.—Mr. Bryan yesterday traversed what are known as the pine barrens and the scrub oak portion of Minnesota, reaching the agricultural part of the state north of this city during the afternoon. He made the first speech of the day at West Superior, Wis., beginning before eight o'clock in the morning. He immediately crossed the St. Louis river at Duluth, and, starting with an hour speech there, he made speeches at eight other places on the way, which, together with the speeches made at Duluth and Superior and those made last night in this city, made an even dozen speeches for the day. Four of the speeches averaged an hour in duration and the remaining eight 15 minutes each, making about six hours of speech-making all told for the day.

HIS LIFE A SACRIFICE.

Methodist Preacher Who Would Not Shirk Duty Through Fear of Death Is Stricken in the Pulpit.

New York, Oct. 2.—While preaching his regular morning sermon Sunday Rev. Gilbert H. Gregory dropped dead in the pulpit of St. Stephen's Methodist Episcopal church in this city. He had been warned that he would die in this way if he continued preaching, but said he preferred meeting death while in the performance of his duty rather than to live longer with the knowledge that fear of death had caused him to shirk that duty.

Sulzer to Accompany Bryan.

New York, Oct. 2.—Congressman William Sulzer has received a telegram from William J. Bryan asking him to accompany him on his western tour. Mr. Sulzer leaves New York on Wednesday to join Mr. Bryan and will remain with him until he reaches New York, October 16.

Population of Oklahoma.

Guthrie, Ok., Oct. 2.—The completed assessor's returns of the territory just completed for use in the governor's annual report, show the population of the territory to be 425,000.

REFUSED TO GO BACK.

Offer of Ten Per Cent. Increase in Wages Was No Inducement for Striking Anthracite Miners.

Shamokin, Pa., Oct. 2.—Although superintendents of the numerous collieries in this portion of the Ninth United Mine Workers' district attempted to start up their mines Monday, few if any men went to work. A few business people expected there would be a stampede of employees of the Reading Coal & Iron company to go under ground on account of the company granting an increase of ten per cent. on the net earnings of men and boys, but they were disappointed. If anything, less men showed up at the Reading company's workings than at other operations, owing to the strikers and their leaders having canvassed the workmen thoroughly after the posting yesterday of the company's notices informing the miners of the concession.

Strikers Will Follow Their Leaders.

Scranton, Pa., Oct. 2.—There was not a single defection reported from the ranks of the striking mine workers in the Lackawanna region despite the report of a ten per cent. increase on the part of the mining companies. The strikers hereabouts say they are determined to follow their leaders and that they will not under any circumstances return to work until the official word is given them.

AFTER PENSION IMPOSTORS.

United States Judge at Chattanooga Charges the Grand Jury with Special Reference to These Violations.

Chattanooga, Tenn., Oct. 2.—Judge C. D. Clark, presiding over the session of the United States circuit court for the Eastern district of Tennessee, in his charge to the grand jury made special reference to pension violations and said:

It is perfectly astonishing how bold applicants for pensions are becoming in forging affidavits, and especially the names of non-resident negroes who can never be found. This class of fraud is becoming so prevalent that even persons claiming to be Spanish-American war veterans are beginning to put in claims that are not without fraud.

Judge Clark laid special stress upon this class of fraud, and cited an instance of a case at Knoxville, Tenn., during the late session of the United States court, where an applicant for pension produced affidavits that he was wounded in the charge of San Juan, but finally admitted that he had never been nearer San Juan than the state of Georgia.

FROM ARCHBISHOP IRELAND.

Declares the Pope Is Pleased with the Attitude of This Government Toward Church in New Possessions.

London, Oct. 2.—Archbishop Ireland, who has arrived here from Rome on his way to the United States, in an interview Monday is quoted as saying: "In one of the audiences which he granted me the pope said: 'We are all well pleased with the relations of the American government to the church in Cuba and the Philippines. The American government gives proof of good will and exhibits a spirit of justice and respect for the liberty and rights of the church.'"

Kruger Makes Attack on Steyn.

London, Oct. 2.—An interesting report comes from Komatiport to the effect that Mr. Kruger, in a letter to his wife announcing that he is going on a six months' holiday, said, in substance, that after the capture of Machadodorp he knew the struggle was hopeless and counseled moderation, but that Mr. Steyn's "arbitrary behavior" overruled his counsels.

Policy on a Suicide's Life Vindicated.

Council Bluffs, Ia., Oct. 2.—The suit brought by Mrs. Jessie Kerr, of Maullia, Ia., against the Modern Woodmen of America, to recover \$3,000 insurance on a policy held by her husband, was decided in favor of the order by a jury in the United States court here. Payment of the policy was contested on the ground that Kerr committed suicide.

At Rate of 15 Per Day.

Washington, Oct. 2.—That feature of the forthcoming report of Charles Emory Smith, postmaster general, relating to rural free delivery, will make interesting reading. Fifteen services per day have been inaugurated by the department during the past few months. More than 250 routes will be established October 15.

New Road to Cost \$25,000,000.

Chicago, Oct. 2.—At a meeting of capitalists from western cities held here plans were completed for the organization of a railroad enterprise which is to connect Salt Lake City with Los Angeles, Cal. The corporation is to be established with a capital of \$25,000,000, and W. A. Clark, of Montana, is to be its president.

Senator Beveridge in Kansas City.

Kansas City, Mo., Oct. 2.—Senator Beveridge, of Indiana, addressed a crowd of from 8,000 to 10,000 people last night in a tent at Shelley park. The tent was crowded to its utmost capacity. His speech was a defense of the so-called imperialistic policy of the administration.

Another De Luxe Edition of "A Message to Garcia."

The Passenger Department of the New York Central seems never to tire of sending out copies of "A Message to Garcia." The latest issue is the first five thousand of the third half-million edition, and is numbered consecutively from 1,000,000 to 1,004,999. It is beautifully printed on heavy plate paper, the illustrations being brought out in a manner equal, if not superior, to the best magazines. The pages have a red line around them, and the book is bound in a grey-blue cloth and heavy boards. It is intended for libraries, and was issued at the request of a large number of American libraries who wanted the "Message" in a permanent binding. This edition contains, in addition to Mr. Hubbard's admirable preachment, a short sketch, with a portrait, of Lieutenant-Colonel Andrew S. Rowan, the man who carried "A Message to Garcia;" a short sketch, with a portrait, of General Canjito Garcia, the man to whom the "Message" was carried, and a short sketch, with portrait, of Mr. Elbert Hubbard, the man who wrote "A Message to Garcia."

It also contains eight pages of extracts from the press, and comments from well-known educators, clergymen, professional men, and many large employers of men, on the "Message" itself; a sketch of the Cuban Educational Association, and a sketch on Harvard-Americanism and the Cuban teachers.

A limited number of copies of "A Message to Garcia" bound in cloth and boards may be obtained at 50 cents each. A copy of the edition with illuminated paper cover, fully illustrated, will be sent free, post paid, to any address in the world, on receipt of a postage stamp issued by any country on the globe, or it will be sent in packages of 100 each, on receipt of 50 cents for each 100 by George H. WOMAN'S KIDNEY TROUBLES

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing this Fatal Woman's Disease.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

The following letters will show how marvelously successful it is:

Aug. 6, 1899.
"DEAR MRS. PINKHAM:—I am failing very fast,—since January have lost thirty-five or forty pounds. I have a yellow, muddy complexion, feel tired, and have bearing down pains. Menses have not appeared for three months; sometimes I am troubled with a white discharge, and I also have kidney and bladder trouble. . . I have been this way for a long time, and feel so miserable I thought I would write to you, and see if you could do me any good."—MISS EDNA FREDERICK, Troy, Ohio.

Sept. 10, 1899.
"DEAR MRS. PINKHAM:—I have used Lydia E. Pinkham's Vegetable Compound according to directions, and can say I have not felt so well for years as I do at present. Before taking your medicine a more miserable person you never saw. I could not eat or sleep, and did not care to talk with any one. I did not enjoy life at all. Now, I feel so well I cannot be grateful enough for what you have done for me. You are surely a woman's friend. Thanking you a thousand times, I remain,
Ever yours
MISS EDNA FREDERICK,
Troy, Ohio.

"DEAR MRS. PINKHAM:—I have taken five bottles of Lydia E. Pinkham's Vegetable Compound and cannot praise it enough. I had headaches, leucorrhoea, falling of the womb, and kidney trouble. I also had a pain when standing or walking, and sometimes there seemed to be balls of fire in front of me, so that I could not see for about twenty minutes. Felt as tired in the morning when I got up as if I had had no sleep for two weeks. Had fainting spells, was down-hearted, and would cry."—MRS. BERTHA OPER, Second and Clayton Sts., Chester Pa.

"DEAR MRS. PINKHAM:—I cannot find language to express the terrible suffering I have had to endure. I had female trouble, also liver, stomach, kidney, and bladder trouble. . . I tried several doctors, also quite a number of patent medicines, and had despaired of ever getting well. At last I concluded to try Lydia E. Pinkham's Vegetable Compound, and now, thanks to your medicine, I am a well woman. I can not praise your medicine too highly for I know it will do all, and even more, than it is recommended to do. I tell every suffering woman about your Vegetable Compound, and urge them to try it and see for themselves what it will do."—MRS. MARY A. HIPPLE, No. Manchester, Ind.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.
