Application for Tax Deed.

To the heirs of John H. Maun and to whom it may concern,
Notice is hereby given that on the 27th day of October, 1896, and again on the 13th day of January, 1899, R. T. Rainey purchased at private sale from the county treasurer of Nemaha county, Nebraska, at his office in said county, the following described real estate in Nemaha county, Nebraska, to-wit: All of block eleven (11) in North Brownville, Brownville, Nemaha county, Nebraska; said real estate was taxed in the name of John H. Maun. That said real estate was purchased by R. T. Rainey for delinquent taxes for all delinquent years as shown by the tax books in the office of the county treasurer of Nemaha county, Nebraska, and subject to private sale; that the time for the redemption of above real estate will expire on the 13th day of January, 1901. On the 27th day of August, 1900, tax certificate in above sale was transferred by R. T. Rainey to A. J. Mathis.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

W. H. McIninch, of London precinct, gave us a pleasant call Thursday. Mr. McIninch was a former democrat but is now a strong republican. He says he is naturally an expansionist, and he practices it by buying another farm every few years.

Rev. A. W. Green, the former pastor, will preach at Mt. Pleasant Cumberland Presbyterian church next Sunday at 11 a. m. and at night. Rev. Mr. Green is now stationed at Wagstaff, Kansas. He is attending the Presbyterian synod at Nebraska City.

The republican glee club met at the residence of J. B. Hoover Tuesday evening and after practicing on some campaign songs they requested the golden tongued orators of Nemaha, Robert Frost and Robert O'Harra, to make addresses and were favored by the young gentlemen with some patriotic and eloquent remarks that were very pleasing to the club. They are certainly gifted with both eloquence and patriotism.

John Russell recently sold his farm near Sidney, Iowa, with the intention of moving to Oregon or Washington. He made a trip out there to look at the country and then came back after his family. They came to Nemaha to visit relatives and Mr. Russell concluded he could not find any place that would suit him so well as Nemaha, so he bought the old Skeen farm, rented the Grandma Skeen place, and stopped here. We do not believe he will ever regret it.

Rev. J. M. Darby writes a pleasant letter to the editor, from which we copy the following:

STERLING, Neb., Oct. 17.
Well, we are about settled in our new home. The parsonage has eight rooms, located on corner lots. This is a good town and should be one of our best appointments. There are a great many Germans, however. Good class of buildings all through the town. I suppose about 1500 inhabitants with five good church buildings. We have a good church but it is now closed for repairs. We will spend about \$300 on it. They gave us a donation. Came on my birthday, and gave me old hen and chickens and two pigs.

The farm land belonging to the Alex. D. Skeen estate was sold Monday. The old home farm lying north of Nemaha, 78 acres, brought \$60 50 per acre. This is a good price as there are no buildings on the land and it is one of the oldest farms in the county, having been in cultivation for about forty-five years. John Russell, son-in-law of James Hiatt, bought it. His wife is a granddaughter of A. D. Skeen, so the old home farm will not go out of the family. Mr. Russell also bought the ten acres of timber land north of the cemetery, paying \$20.50 per acre for it. Twenty acres of land near B. H. Moore's farm was bought by a Mr. Gillespie for a little over \$15 per acre. This was land from which the timber had been cut but which has never been in cultivation.

Prevented a Tragedy.
Timely information given Mrs George Long of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr King's New Discovery. One bottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are a positive proof of its power to cure all throat, chest and lung troubles. Only 50c and \$1. Guaranteed. Trial bottles free at Keeling's drug store.

Peter Berlet replies to J. M. Bures.

J. M. Bures, Auburn, Nebraska:—

In reply to your questions, which you have published broad cast in all the fusion papers of Johnson and Nemaha counties I desire to answer them as follows:—

First; You ask, "Are you in favor of monopolies in private hands? My answer is no, and especially to a monopoly of the telephone business you have been enjoying for the past six years in Auburn, and you are now 1-5 owner of the Alliance, Nebraska Telephone company. What is it but a private monopoly?"

Second; You ask, "Do you believe that trusts are formed for the purpose of raising the price of products or lowering them?" My answer is, that I do not favor trusts that are formed for the purpose of raising prices illegitimately.

Third; You ask, "Are you in favor of holding the Philippines and the island of Porto Rico as colonies, or are you in favor of making them a part of the United States, taking them in as other states and admitted to the union?" My answer to this is, I am in favor of living up to the treaty with Spain and letting Congress do what is best with them.

Fourth; You say, "When the laborer and the dollar conflict which would you stand for first, the man or the dollar?" In answer to this, will say, that the laborer is first and the dollar second. What would your farm products be worth without the laborer, he is the one that you have to depend upon to make prices for your farm product. If the laborer is employed at good wages, the farmer prospers accordingly.

Fifth; You ask, "You said you did not vote for the bill regulating the amount of money candidates are allowed to spend to carry on the campaign. If it is a good law why did you oppose it? If bad, will you please tell the voters wherein it is bad?" In answer to this will say that I did not vote either way on this bill, as I was attending a committee meeting of accounts and expenditures, at the time the bill was before the house for passage I did not oppose the bill. I think it is a good one.

Sixth; You ask, "You speak of your public record. As the House Journal is not yet printed, and in the hands of the people would it be too much trouble for you to show wherein you saved the people money, what appropriations you voted for and what ones you opposed? Is it not right that the people should know all about these things through the press or from the stump before asking them to support you?" In answer to this will say, that if it had not been for the big fire in Lincoln in which the House Journal was destroyed they would now be in the hands of the people. And that a duplicate of the House Journal has been prepared, and was placed in the hands of the State board of printing.

My record will show that I voted against all extravagant appropriations. It will show that I voted for cutting down the salary of clerks in the state capitol and dispensing with a lot of supernumeraries in the state house, and when this was about to become a law the fusion office holders pounced down upon the members like a lot of hungry wolves and used their best efforts in lobbying against the cutting down of salaries and extra clerks, until they got enough of the fusion members and republicans to raise their salaries. I voted no on these appropriations. I refer you to any member of the committee on accounts and expenditures, who will tell you how I voted against allowing overtime to employees which I thought unjust, and the matter was appealed to the house. I want to tell you Mr. Bures that I was always opposed to an appropriation that I thought was unnecessary and would be a burden to tax payers, and being one of the heavy tax payers of Nemaha county, it is to my interest as well as the people in general, to keep down taxation. I am not ashamed of my record and only wish the House Journal was printed and in the hands of the people for inspection.

Seventh; You ask, "Did you not tell Edwin Lash and H. B. Redfern that you could buy enough pops to elect you with whiskey and a poor whiskey at that?" In answer to this will say that I do not remember of making such remarks, I remember talking with Edwin Lash and others on the streets of Auburn one day and we were passing jokes back and forth

but I never made such a remark. Some of my best friends are populists and democrats, and any man would be foolish to think he could do such a thing with them.

Eighth; You ask, "Did you oppose or favor the State Normal appropriation?" In answer to this, I favored all appropriations that were introduced for the State Normal school, and I challenge any one to show that I did not. I am in favor of taking care of our home institutions, the citizens of Nemaha county are proud of it and I want it well taken care of.

Ninth; You ask, "Is it not a fact that you pay no railroad fare, that you ride altogether on passes?" In answer to this will say that as long as a pass is not given to me as a bribe, I accept them the same as you do.

Tenth; You ask, "Is it not a fact that you told a certain gentleman of Johnson county, that if he would help you to be elected you would give him a ride on the cars after election, and he told you then and there that you could not buy his vote with a ride on the cars, and that you did not have enough money to buy his vote?" To this I answer no, I never had such a conversation with any one.

Eleventh; You ask, "Is it not a fact that you had some D. E. Thompson's money two years ago, sent here through the committee to help elect the republican legislative ticket?" To this I answer, no.

Now Mr. Bures you seem to be desirous of wanting the voters of Johnson and Nemaha counties, to think that you are a perfect man one of those goody, goody kind of fellows, that never sin, you always want it to appear as, the big I am I do no wrong, but allow me to ask you a few pertinent questions.

Isn't it a fact that you have been a chronic office seeker in this county for the past twenty years?

Isn't it a fact that you left the republican party, because you did not get the nomination for sheriff?

Isn't it a fact that you ride on passes every chance you get, and isn't it a fact that you rode on a pass to Oklahoma?

Isn't it a fact that at the recent populist county convention you were a delegate to that convention from 2nd. voting district Douglas precinct, and did you not go to the delegates of the 3rd. Douglas, and ask them to vote against John T. Swan for re-nomination, because Mr. Swan at the last legislature went into a caucus to nominate D. E. Thompson for United States senator?

Isn't it a fact that you have stated in the presence of different persons

that you would not support M. T. Conner for commissioner because he wasn't a good man for the place, that he had the big head too much?

Isn't it a fact that you have already served the county as county clerk for four years, and didn't you promise the voters and tax payers when you were making your campaign for the office that you would do the work for \$1,500 which was to include the tax list and after elected failed to stand by your promise and the county commissioners paid you extra for making the tax list?

Isn't it a fact that during your last term of office as county clerk you made an error by not running the school tax on the tax list for the year 1895 for school district No. 80 which had been duly certified to you by the school board, thereby causing the school district to lose their school tax for that year and the school board made a demand on you for the money and you refused to pay it, but played the baby act and caused the school district to sue you, why didn't you act a man and tell the school district that you were to blame and pay the money due them?

Isn't it a fact that you justly owe Henry D. Snyder, deceased, for work he did for you while you were county clerk. Why didn't you pay his widow the money, who is now earning her living over the wash tub?

Isn't it a fact that you sold your stock in the telephone company of Auburn, because you were afraid the Nebraska Telephone company were going to put their telephones in Auburn? It looks as though you were in favor of monopolies in private hands, you were afraid of competition.

Isn't it a fact that you promised a certain republican in London precinct that in case the legislature was a tie you would cast your vote for a republican for United States senator.
