Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

A Tribute to the Memory of Johnson P. Hoover.

"Uncle Johns"! What a flood of memories flow in upon the writer at that name! Memories sad and memories humorous. Memories always associated with his smiling face and that of Aunt Huldah, his wife. Memories of picnics and watermelons; of hours spent on his farm, testing the fruit of that tree and this vine, viewing the sheep in this pasture and the cattle in that, and everything else attendant on his well regulated farm.

Johns Hoover is dead! The news flashed over this country and the countenances of those who heard it wore expressions of pain and relief. Pained to think they had lost a friend and relieved to hear that that friend they all loved was at last free from the horrible tortures of the cancer which literally devoured him.

Johns Hoover is dead! Dead? Yes. What is death? Only a release from the sorrows and sufferings attendant on life while on this sphere. Only a birth into another world—a world on which he has had his eyes fixed with unwavering devotion through all the trials and hardships he encountered here below.

Johns Hoover was an honest man. This may seem small but it is a tribute that all long for, and few, even kings, receive. It is a tribute that he deserved and we unhesitatingly bestow it upon him, knowing, as we do, that he is worthy of it. Kind, gentle, considerate of the welfare of others, he was liked by all his acquaintances and loved and honored by his friends. This fact was testified to by the hosts of friends who, despite the raw day, gathered at his home that sad Sunday and followed his remains to the Episcopal church, of which he was a member, and from thence to the cemetery where the last sad rites were ministered.

The deceased was born in Fulton county, Indiana, August 27th, 1837. In the year 1855 he moved to this county, where he has lived ever since, with the exception of two years spent in Oregon. On the 15th of May, 1861, he was married to Miss Huldah Pavey, with whom he has lived both lovingly trusting each other to the day of his death.

What he suffered in his last illness he alone knows, and it cannot even be imagined by those who have not passed through it. Starting with a kick from a colt it developed into a cancer, taking first a couple of fingers, then his good right arm, and finally his life.

Mr. Hoover never was a member of a secret organization in his life. He was a brother of Biri Hoover and the late W. H. Hoover, of Lincoln. He was the father of eight children, only one of whom, Harry, survive him.

It is a noticeable coincidence that he was buried on the 73rd birthday of his more than friend and relative, the late G. W. Fairbrother, sr.

To the remaining widow, relatives and friends, we can only say in our poor way, that while the like of Johns will never be seen again in this world, yet the hours of separation are comparatively short, and that we should not allow the tears in our eyes to dim the vision of the glorious reunion in the other land which only lies across the silent river.

Nemaha is to have another doctor in the near future. Dr. N. S. Peters, of Paperville, Tenn., after investigating the outlook through correspondence and otherwise, has decided to locate here as soon as he can arrange his business so he can get away. Dr. Peters is highly recommended as a physician and a citizen and we believe will be a valuable acquisition to Nemaha. The doctor's attention was first directed to Nemaha by his friend Will S. Russell, who speaks very highly of him.
