Sensible Christmas Presents FOR SALE BY Mrs. THEO. HILL,

The balance of the Winter Millinery at lower prices than ever before heard of.

Mr. and Mrs. John Bath and little daughter, of London precinct, started for San Diego, California, this week, to spend the winter. A farewell reception was tendered them Friday night of last week, at which the neighbors testified the high regard felt by them for Mr. and Mrs. Bath. They will be greatly missed in the community. It is hoped they will return in the spring with health greatly improved.

We have always heard that a preacher knew where to go to get something good to eat and we are now convinced that this is a fact. Monday forenoon in company with Rev. John T. Smith we went out and visited James A. Titus. When we started home Bro. Smith wanted to go past Mart May's. He went inside Mr. May's house while we started on, but he came out and called to us that we were invited to stop for dinner, so of course we went in and heartily enjoyed the good dinner and came away convinced that Bro. Smith knows just where to go when he wants a good dinner.

Another of the old landmarks of this vicinity is being torn down. John Russell is tearing down the old brick house on the A. D. Skeen farm. This house was built in 1856. J. B. Hoover's brick house, the two brick houses owned by F. L. Woodward and occupied by himself and R. I. Brown, the brick part of the house where Mrs. Crim lives and the brick part of the old Scovill house were all built the same summer. The brick for all of these houses was burned in a kiln located at the foot of the hill east of town, north of the road leading to the depot—the same place where many kilns have been burned since then. Uncle Alex Skeen and his good wife occupied the old house for over thirty-five years, dispensing hospitality to all who came. They raised a family of nine children, all but two of whom are living. Mention of the old house will recall memories of happy times spent there to a great many of the pioneers.

We will send The Advertiser and the semi-weekly State Journal until January 1st, 1902, for only \$1.85, cash in advance.
