FRIDAY, JUNE 14, 1901.

If you need a new wagon call on Chambers & Hiatt. They have just received a car load.

A fine line of hammocks and croquet sets just received by the Edwards & Bradford Lumber Co.

Next Sunday, June 16th, is the regular decoration day of the Odd Fellows and will be appropriately observed in Nemaha. We understand there are seven Odd Fellows buried in the Nemaha cemetery. The Shubert band has been engaged for the occasion.

The strawberries shipped this year by the Titus Nursery are said to be the finest in the country and there has been a big demand for them. They have about six acres in strawberries and expect to put out about ten acres more. They have made about \$100 per acre clear of expenses this season on strawberries.

There are no new cases of smallpox in Nemaha. Sadie Merritt is entirely well, neither Mrs. Merritt nor the baby have taken the disease, and this family has been released from quarantine. John Seeley's two children have not been sick enough to go to bed. No other member of the family has the slightest symptom of the disease.

The editor is now feasting on string beans, peas, potatoes, beets and other vegetables from his own garden, and as he has plenty of milk, corn meal is cheap, and Wm. Rossell, who is a member of the family, is catching plenty of fish and the hens are furnishing plenty of eggs, the editor is feeling very independent except when the bill collector calls around or the paper comes C. O. D.

Mart May says probably our readers won't believe it, but nevertheless it is a fact that he saw Wm. Hawxby hard at work Wednesday afternoon trimming a hedge. He was just finishing trimming a quarter of a mile of hedge, doing all the work himself. Mart says he is ready to deny the assertion that Mr. Hawxby never works. He thinks that a man who will trim hedge as hot a day as Wednesday is certainly not lazy.

Geo. H. Crosby, general freight agent of the B. & M., A. B. Smith, assistant general freight agent, C. B. Rogers, superintendent of the southern division, F. E. Kulp, superintendent of bridges and buildings, and E. P. Bracken, roadmaster, made a brief stop in Nemaha Tuesday on a tour of inspection. Mr. Bracken returned to Tecumseh on the passenger train. The other dignitaries went south. They had a special train.

Edwin S. Morrison returned from Oklahoma Tuesday afternoon. Like a great many who have gone there, Ed fell in love with the territory, and bought a farm of 160 acres, finely improved, paying \$5,000 therefor. The farm is eleven miles from El Reno, one of the best cities in the territory. Ed says the farm has better building than the one he sold here, all fenced, good barn, cattle and hog sheds, etc. He will not move down until fall.

Bickmore's Gall Cure is a sure cure for galls, scratches, cuts, sore shoulders, sore necks, etc. For sale by John A. Hiatt.

A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Sheriff Cole came in from Auburn Sunday and took James F. Bennett to Auburn with him, and the next day he was examined, pronounced insane and taken to the asylum. Jim had been threatening his family and others recently, and had sharpened knives and hatchets, and was a dangerous man to be at large. As this is the second time Jim has been sent to the asylum, it is not probable he will ever again regain his mind. His family have the sympathy of all in this great affliction.

J. L. Curtright manufactures a liniment which he calls "Curtright's Cure All," and which is an excellent medicine for any ailment requiring an outward application. He was telling the editor a few days ago that it was a sure cure for headache. He said it should be rubbed into the hair on top of the head—then he happened to notice the top of the editor's head, which has about as much hair on it as the bottle containing the liniment—and then he changed the directions by saying the Cure All should be rubbed on top of the head and on the temples and forehead, and the headache would be cured.

Dr. H. S. Gaither will have a public sale of stock, household, kitchen and office furniture Saturday of this week, preparatory to moving to Tarkio, Mo., where he has decided to locate. The doctor and family have a host of friends who regret very much that he has decided to leave us. Miss Maye will be especially missed in social and musical circles, as she is a fine musician. Dr. Gaither is a skilled physician and surgeon and has a large practice in Nemaha and the surrounding country. His removal will be a great loss to Nemaha and a corresponding gain to Tarkio. May prosperity, health and happiness attend the doctor and family in their new home.

In this country we talk about 160 acres of land being a good farm, and if a man owns a half section we call him a bloated land owner, but out west a man with no more land than that under his control is counted small fry. Elmer Bolejack, who is here on a visit to his parents, and whom everybody knows, owns and has under his control sixteen sections of the grazing and grass lands in Blain county, Nebraska. This area is all in one body and to enclose it for grazing purposes Mr. Bolejack has been compelled to build 18 miles of fencing. In the tract of land there are 10,240 acres, capable of furnishing the year round ample sustenance for 500 head of cattle. Last year Mr. Bolejack, in addition to keeping nearly three hundred head of cattle, put up nearly three hundred tons of fine hay. And all this, too, in addition to performing faithfully his duties as station agent at Dunning.—Shubert Citizen.

**Read it in His Newspaper.**

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will bear of her wonderful recovery. This valuable liniment is for sale by W W Keeling.
