#### CZOLGOSZ ON TRIAL.

Monday the Culprit Who Killed President McKinley Was Taken Before the Bar of Justice.

Buffalo, N. Y., Sept. 23.-The most important development in the Czolgosz case Sunday was the announcement that no poison had been found laws." on the bullets or the revolver with which the anarchist assassinated President McKinley, District Attorney Penney and his entire staff spent all of Sunday at the city hall preparing for the trial of Czolgosz, which began before Justice White in the supreme court Monday morning.

Although great secrecy is maintaind at the district attorney's office, it is learned that Dr. Allan Me-Lane Hamilton, one of the most celebrated alienists in the United States, and who was an expert witness at the trial of Guiteau, is in Buffalo. Not a doubt as to Czolgosz's sanity exists in the mind of District Attorney Penney, so that it is presumed that Dr. Hamilton is here merely to meet the question of insanity should the defense determine to make a fight on that ground.

The defense will be merely perin the defense and no expectation of any outcome other than conviction.

Chicago, Sept. 23.—Dairymen near Barrington, 30 miles northwest of Chicago, are in a panic over the fatal results of using poisonous vaccine points for the prevention of anthrax. #### NOT A TICK WAS HEARD.

The Entire Telegraph System of the United States Hushed for Five Minutes Yesterday.

Chicago, Sept. 20 .- One feature absolutely unique in history characterized the Mckinley obsequies. It was the silencing of the telegraph. Never before since electricty was first put to use as a means of communication from city to city and from country to country has there taken place, it is said, anything paralleling, even in a small way, what was done yesterday afternoon on a scale that was gigantic. Upon orders the entire telegraph system of the United States unctory, the attorneys have no heart | was suddenly husbed for five minutes at 2:30 p. m., the hour set for lowering the president's body into the grave at Canton. At that moment on all the huge network of wires from the Atlantic to the Pacific, not a "sounder" in the land gave a single tick, and the great ocean cables were pulseless as the corpse of the late chief magistrate himself.

On the contrary, they expressed themselves as quite confident that she will be spared to them for a long time, at least in as good state of health as she has enjoyed for the last five years. Dr. Rixey said late yesterday afternoon: "Mrs. McKinley is bearing up as well as could be expected under the circumstances. She has been and is still suffering intensely from her bereavement and has frequently given way to sobs and tears, but, for all that, she has been doing as well as any woman could do under similar circumstances. We have no immediate expectation of anything but favorable conditions in her case."

# What Czolgosz Says.

Buffalo, N. Y., Sept. 20.—The Courier this morning prints the following: "What's the use of talking about that? I killed the president. I am an anarchist and simply did my duty. That's all I'll say." Leon F. Czolgosz, the assassin of President McKinley, said those words yesterday to Frank A. Olozanowski, editor of Buffaloski, a Polish newspaper, but would say nothing further about the

There is, or rather was, years ago in this city, a gentleman who did a thriving business in mutton in the market district, and was well known to hundreds of people as a bright and original sort of man.
