

**SOME REVISED RETURNS.**

**The Result in Ohio—Unofficial Returns from New York—The Maryland Election—Results Elsewhere.**

Columbus, O., Nov. 7.—Late last night Chairman Dick, of the republican state committee, had the returns from 86 counties in Ohio, with only two missing, and the two missing counties were estimated from the newspaper reports, with the following results: Sixty-two counties have republican pluralities aggregating 90,840. Twenty-six counties have democratic pluralities aggregating 23,179, making the plurality of Nash over Kilbourne for governor 67,661, and approximating 80,000 plurality for other candidates on the republican state ticket. The total vote will not exceed 900,000, but it will not be known exactly till the vote is counted officially.

**Gorman Wins in Maryland.**  
Baltimore, Md., Nov. 7.—Returns received in this city up to midnight and including every county in the state give the democrats 46 delegates and seven newly elected senators, which, combined with the ten who hold over in the senate, assures the friends of Mr. Gorman a total of 63 on joint ballot. The republicans, it appears, have elected 49 delegates and six senators, which, added to their three hold-over senators, gives them a total of 58 on joint ballot.

**Nebraska 12,000 Republican.**  
Lincoln, Neb., Nov. 7.—Complete and nearly complete returns from over a third of the counties in Nebraska serve to increase the pluralities for the republican state ticket. If the ratio of gain is maintained, Sedgwick, republican candidate for supreme judge, will have a plurality of 12,000.

**How the Kentucky Legislature Stands.**  
Louisville, Ky., Nov. 7.—Returns up to 12:30 o'clock indicate that the general assembly in Kentucky, which will elect a United States senator, will stand: Senate—25 democrats, 13 republicans. House—73 democrats, 26 republicans, one independent democrat.

**Unofficial Returns from New York.**  
New York, Nov. 7.—Complete unofficial returns from every district of Greater New York give Seth Low, fusion candidate for mayor, 294,992, and Edward M. Shepard (dem.) 265,128, making Low's plurality 29,864.

**Returns from Iowa County Auditors.**  
Des Moines, Ia., Nov. 7.—Yesterday's returns from the county auditors of Iowa indicate that the ultimate official vote will give A. B. Cummins, the republican governor-elect, something like 90,000 plurality.

**SUSPECTS ARRESTED.**

**Two Persons in Custody at St. Louis Believed to Be Concerned in the Express Car Robbery Near Wagner, Mont.**

St. Louis, Nov. 7.—The police have in custody at the four courts a man and a woman suspected of complicity in the robbery of an express car on the Great Northern railroad, near Wagner, Mont., July 30 last, when the safe was blown open with dynamite and a consignment of unsigned notes for the National Bank of Helena, Mont., amounting to between \$50,000 and \$100,000, was stolen. Of this amount \$8,500 in crisp new notes on the Helena bank were recovered, having been found in possession of the man and woman, who were registered at the Laclede hotel as Mr. and Mrs. J. W. Rose. They arrived at the hotel last Friday and announced that their stay in the city would probably last several weeks.

**CORPSES IN CRATES.**

**Eight Human Bodies Marked as Second-Hand Laundry Machinery Found at a Chicago Freight Depot.**

Chicago, Nov. 7.—Eight human bodies were taken yesterday evening from two crates at the freight depot of the Chicago, Burlington & Quincy railroad. They were consigned to R. J. Jones, of Brashear, Mo., and marked as second-hand laundry machinery. The bodies were purchased during the day from the Harvey Medical college, of this city, and were being shipped to Missouri for purposes of dissection. The police are looking for Jones, but so far have been unable to locate him. The only charge that can be brought against him is the shipping of bodies in a manner contrary to law.

**Thought to Be Bossie Francis.**  
Hamilton, Mo., Nov. 7.—A negro who fills the description sent out by Sheriff James A. Koch, of Warrensburg, of the murderer of Miss Mary Henderson, in cold blood, at her home near Columbus, Johnson county, or the evening of August 27 last, is in jail here. A picture has been taken of the negro and forwarded to Sheriff Koch, with a full description of him.

**Kansas City Street Car Wreck.**  
Kansas City, Mo., Nov. 7.—Early Thursday morning a Chicago Great Western engine struck an electric street car at the Kaw river bridge. Several passengers were injured some of them seriously.

**STRENUOUS STINGERS.**

**The Wasp Has More Real Executive Ability Than Any Other Hottentooted Insect.**

"I read in one of the magazines recently something about the sting of the bee," said a citizen, relates the New Orleans Times-Democrat, "and I was reminded of an experience I had with a friend some time ago while in the country. He was plowing over behind a small clump of hills, and they were well wooded almost down to the fence line. It was a section which is noted for making wildcat whisky, and this fact threw me off the track, as will appear hereafter. I was approaching my friend from the hillside. I was riding.

"Suddenly I thought he glanced at me, and at the time he rushed around hurriedly to the singletree, unhooked the trace chains, threw them across the horse's back, and the animal struck out on a dead run down the turning row which split the ravine. My friend followed, and it was a race for who laid the rail, as they say in the country. I could see through it all in a minute. My friend had been making moonshine whisky, and he thought I was a United States marshal. I split my sides laughing over the thought of the thing, and then I struck out down the ravine after him. I traveled some distance before catching sight of my friend and his horse. Finally I found them close to a branch, and my friend was stooping down occasionally, picking up something and smearing it on his hands, face and neck.

"Hello, Bill," I said, smilingly, "I guess you thought I was a United States marshal." "United States he!" he said, almost uncivilly; "I plowed up a hornet's nest." And sure enough he had, and both the man and the horse were as knotty as a hickory limb as the result of it all. The bee may be a good stinger, but the hornet is the fleetest thing on wings when it comes to using the stinger with swiftness and effect.

"That reminds me of the curious methods of bees and things of that sort in stinging," the narrator continued. "Take the honey bee, for instance. Now, the honey bee is what you might call a lazy, clumsy, docile sort of stinger. Really, the bee is awkward when compared with other insects. The bumble bee is a trifle more vigorous, and there is a deal more of what one may call action in its movements. It is a striking sort of stinger, and I have seen children almost knocked down by these heavier members of the bee family. It is a mean sting to handle, too, and does not yield so quickly to treatment. The hornet and the yellow jacket sting on the wing, as it were. They do their work quickly, but thoroughly, and they generally leave a record behind them that they would have no cause to feel ashamed of if they had this element in their make-up.

"But there is my old friend, the wasp. I want to speak of him. He is the prince of stingers. You may not forget him so quickly when he stings you. He leaves a sort of waspy taste in your mouth, and it is anything but pleasant, and it is a taste you will remember even after the years have gone by. The wasp is a lingering sort of fellow. He lovingly and caressingly stings, perches for awhile on one's neck, I may say, and then hums about his business. But really, while the wasp lingers longer than other insects while stinging, he also shows more anger, and is probably the most spiteful member in the list of stinging insects."

**PERTAINING TO CHURCHES.**

The Wesleyan Methodists' church is the largest in point of numbers of the seven Methodist churches which exist in Great Britain. The Wesleyan Reformers' is the smallest.

Bishop Schereschewsky, one of the missionary bishops of the Protestant Episcopal church, is engaged in translating the Scriptures from the original tongues into the Wou-li dialect of the Chinese language.

David Hume, the great infidel philosopher, was once charged with inconsistency in attending upon the ministry of John Brown, a Scottish minister, and he replied: "I don't believe all he says, but he does, and once a week I like to hear a man who believes what he says."

**AN HONEST NAME.**

An Illinois Statesman Tells a Good Story—Knew His Father's Son Would Not Lie.

The Honorable Alva Merrill of Chillicothe member of the Twenty-fourth District State of Illinois House of Representatives, tells an interesting story: Some two years ago Mr. Merrill gave a testimonial stating that Dodd's Kidney Pills cured his rheumatism. This, with Mr. Merrill's portrait, were published in thousands of papers all over the United States.

On the train returning home from Springfield one day last winter were the Honorable Mr. Merrill and several other members. After a time one of them said:

"Merrill, what time do you get to Chillicothe?" This attracted the attention of an old man who had been apparently awaiting some identification of Mr. Merrill and as soon as he heard the name he rushed up to his seat and extending his hand said:

"You are Alva Merrill and you saved my life. I was almost dead with Lumbago and in an advertisement I saw your picture and your recommendation of Dodd's Kidney Pills. I knew your father and I knew his son would not lie and therefore I decided to try the Pills.

"I am satisfied that Dodd's Kidney Pills and nothing else have saved my life and I have been waiting this opportunity to thank you personally, for had I not seen your recommendation I might never have been led to use this remedy, but, thank God, through your honest name and the honest medicine which you so heartily recommended, I am still alive.

"I have been watching you since you got on the train at Springfield and thought I recognized your face as the one I had seen in the advertisement, and as soon as this gentleman called you by name I knew you were the gentleman I had to thank."

and the constantly increasing demand for and steady growth in popularity of St. Jacobs Oil among all classes of people in every part of the civilized world, show conclusively what remedy the people use for their Rheumatism and bodily aches and pains. Facts speak louder than words, and the fact remains undisputed that the sale of St. Jacobs Oil is greater than all other remedies for outward application combined. It acts like magic, cures where everything else fails, conquers pain.

**Don't Pay for Another's Dinner.**

"Order what you want; pay for what you order," is the unique way in which the Lackawanna Railroad is advertising its new dining-car service. The aptness of the phrase is apparent when it is understood that the traveler may order from the most complete menu, and yet pay for nothing he does not want. In addition, low-priced club meals are served individually from 25 cents to \$1.00, so that table d'hote and a la carte features are virtually combined. All through trains to Buffalo, Chicago and St. Louis are equipped with dining-cars, and the service is admitted to be second to none in the world.

Persons contemplating a journey East or West should be careful that the rates paid for their transportation do not exceed those charged by the Nickel Plate Road.

This company always offers lowest rates and the service is efficient. Careful attention is given to the wants of all first and second class passengers by uniformed colored attendants. The dining car service of the Nickel Plate Road is above criticism and enables the traveler to obtain meals at from thirty-five (35) cents to \$1.00 but no higher.

The Pullman service is the usual high grade standard. Semi-weekly transcontinental tourist cars ply between Atlantic and Pacific coasts. Confer with nearest agent of the Nickel Plate Road.
