FRIDAY, DECEMBER 6, 1901.

There are now no populists in the United States senate and only two in the lower house—Messrs. Neville and Stark, both of Nebraska.

Winter Reading on the Farm.

Long evenings are here again and naturally one thinks of a good family agricultural weekly, because its regular visits are welcomed by the whole family.

The Twentieth Century Farmer is out of the rut in which most agricultural papers travel. This is true particularly of the splendid illustrations from photographs taken by their own artists and special articles by the best known and most practical men in every branch of agriculture, such as N. J. Harris, secretary of the Iowa Seed Corn Breeders' association; H. W. Campbell, the authority on soil culture; James Atkinson, of the Iowa experiment station at Ames, Ia.; Frank G. Carpenter, famous for his letters of travel; C. R. Thomas, secretary American Hereford Breeders' association; B. O. Cowan, assistant secretary American Short-horn Breeders' association; Dr. A. T. Peters, Nebraska experiment station; E. F. Stephens, president Nebraska Horticultural society; Woman's Department, conducted by Mrs. Nellie Hawks, Friend, Neb. J. J. Edgerton, of the Iowa Experiment Station, will answer all questions relating to live stock matters.

This is a weekly agricultural family paper, in which the farmer's wife is particularly interested on account of the pages devoted to her particular interests. In fact, there is no paper published either in the east or west that meets so well the wants of the western farmers and stock raisers and their families.

If you do not get it send 10 cents for a ten weeks' trial subscription to The Twentieth Century Farmer, 2072 Farnum street, Omaha, Neb., and you will have an opportunity to become acquainted with it. A dollar will bring it for a whole year.

A Big Lot for the Money.

A newspaper every Tuesday and every Friday of each week from now until January 1, 1903, together with the Western Poultry News a whole year, and all for a dollar, is what is offered by The Semi-Weekly State Journal, published at Lincoln. It's the biggest bunch of good reading matter ever offered by this great state paper, and the prediction is made that it will result in introducing The State Journal to thousands of new homes. The Journal is a newspaper giving its readers all the telegraphic news of the world, interesting special correspondence from Washington about Nebraska's senators and congressmen, and all the items of interest from the state capital, making it particularly a paper for Nebraskans. J. FRANCIS,
General Passenger Agent.

The North Platte valley in northwest Nebraska, offers some wonderfully good opportunities to the man or woman with a little money to invest in irrigated lands.

Excellent irrigated land can be had for \$12 to \$15 an acre, but it is plain to those watching the development of the North Platte valley that this low price is just about to fade away.

The farmers of this valley are now reaping an abundant harvest. Alfalfa, corn, wheat and garden vegetables yield good profits. There are also good openings in the live stock business.

If you are interested in the North Platte valley, write for our booklet describing it. It is free.
