NUMBER 27

Little Savings Each Day The Great Secret of Success.

What shall we eat and wear and where is the best place to buy is the one great question that has to be decided daily in every household, and a want list for supplies has to be made out as regularly as old Sol climbs above the trees that fringe the big muddy.

Whenever the question of economy comes up in a family and they begin to figure on little savings here and there it is always the grocery bill that receives the first attention, as statistics prove that over one-half of the average wage earner's salary is spent for eatables, and a saving of a few cents daily on all we spend soon amounts to a neat little sum. In order to save keeping accounts we give 2½ per cent. discount for all cash purchases.

No Merchant can Undersell Us. We buy for Cash and Discount Our Bills.

Our expenses are light. Ladies, come in and buy your dear husbands a nice pair of mittens, muffler, overshoes, or something sensible for a present, and just see how much more they will love you. Husbands, go thou and do likewise unto thy wives and babies.

Wishing you all a Happy New Year, we remain

Yours for Business,

GILBERT & McCANDLESS
