

"HEALERS" ARE HARD HIT.

Illinois Supreme Court Says They Are Physicians Under the Law and as Such Must Pay License.

Springfield, Ill., Feb. 22.—The supreme court Friday handed down an opinion that a magnetic healer is a physician and not a trained nurse, and therefore must have a license. The opinion was rendered in the case against Joseph P. Gordon in a suit to recover the penalty for practicing medicine without a license. Gordon set up that because he did not use medicine he could not be classed as a physician. The case comes from Winnebago county, where a judgment was entered in favor of the defendant and which the appellate court affirmed. The judgment of the lower court is reversed and remanded.

LONG'S PLAN IN FAVOR.

The Kansas Congressmen Would Grant 40 Per Cent. Tariff Reduction to Cuba for L. K. Favor.

Washington, Feb. 22.—Republican members of the house look with favor on the proposition advanced by Representative Chester I. Long, of Kansas, which authorizes the president, when Cuba was prepared to grant 40 per cent. reduction in duties on United States exports to the island, to grant to Cuba a similar reduction of 40 per cent. on all products of the island coming to the United States. This was a straight reciprocity proposition, each side granting 40 per cent. reduction without the complications appearing in some of the other propositions as to the method of payment.

A WESTERN CANADA FARMER.

Seven Years Ago He Had But \$24; Now He Has Seventy Head of Cattle.

This Is What a Couple of Eastern Farmers Learned When on a Recent Trip to Canada—Splendid Words About Saskatoon, Rosthern and Hague District Where They Will Locate.

Messrs. J. E. Blum and J. Grumper, of Manchester, Washtenaw Co., Michigan, paid a visit to Alberta last summer and saw there a Mr. Shantz, one of the good old Pennsylvania stock, who had come recently—some seven years ago—from Ontario, with \$24 in his pocket. He has certainly prospered as he now owns over 70 head of cattle, has a good log house framed over, also a good barn and in all respects looks a thrifty and well-to-do farmer. He had some good crops of oats and barley. After spending some days in Calgary and Edmonton they returned to Regina, Assiniboia, and looked around the country North to Lumsden and Balgonia where the crops appeared very promising and heavy, continuing up the Regina and Long Lake Road they came to Saskatoon on the crossing of the South Saskatchewan River. Of this district they say:—

"The country here pleased us better than any we have seen. We drove out eighteen miles in northwesterly direction through the Smith settlement. This is a wonderful district, the growth was splendid, all kinds of grains and roots were perfection. The older settlers had good buildings of all kinds and looked very prosperous, in fact we came to the conclusion that we had found what we were looking for, a good country. While the nature of the soil changes and is in some parts light, in others stony, and again heavy, generally speaking it leaves nothing to be desired. Hay and water are also in abundance and wood can be found along the river slopes and islands. We have decided to locate there and shall certainly advise our friends to do likewise. We also trust that this report may have the effect of drawing the attention of land seekers to this district, and can honestly advise all such to locate there. They will find a good thing. As farmers ourselves, from a good district in Michigan, we have come to the conclusion that properly farmed Western Canada will grow almost anything." ANOTHER MAN ALTOGETHER.

Valley, Mo., Feb. 24th.—There is a man in this town who has undergone a most remarkable physical change in the last few months.

His name is Perry Nelson and those who knew him but a short time ago are amazed at his present condition. He had not been feeling well for some time and suspecting that the trouble came from his kidneys, which he knew were not any too strong, he determined to try a kidney medicine. Dodd's Kidney Pills were highly recommended and Mr. Nelson began a treatment of them. He was rewarded by a complete restoration to vigorous good health. He says: "I used six boxes of Dodd's Kidney Pills, and they have helped me a great deal. I feel like another man and can recommend Dodd's Kidney Pills very highly."

BEAUTIFUL CHILDREN

Made Well and Strong by Pe-ru-na.

Mrs. Shafer, 416 Pope Ave., St. Louis, Mo., writes:

"In the early part of last year I wrote to you for advice for my daughter Alice, four years of age.

"She has been a puny, sickly, ailing child since her birth. She had convulsions and catarrhal fevers. I was always doctoring until we commenced to use Peruna. She grew strong and well. Peruna is a wonderful tonic; the best medicine I have ever used."—Mrs. Shafer.

Mrs. C. E. Long, the mother of little Mina Long, writes from Atwood, Colo., as follows:

"We can never thank you enough for the change you have made in our little one's health. Before she began taking your Peruna she suffered everything in the way of cough, colds and croup, but now she has taken not quite a bottle of Peruna, and is well and strong as she has ever been in her life. She has not had the croup once since she began taking Peruna, and when she has a little cold a few doses of

Peruna fixes her out all right. We can never praise it enough."—Mrs. C. E. Long.

Mrs. G. W. Heard, of Howth, Texas, writes to Dr. Hartman in regard to her baby girl, Ruth:

"My little girl had some derangement of the bowels. She was a mere skeleton and we did not think she would ever get well. After giving her less than one bottle of Peruna she was sound and well. Now she has a good appetite and is a picture of health."

Mrs. Heard also writes in regard to her son, Carl:

"My son's ears had been affected since he was a babe only a few months old. The last year I thought he had almost lost his hearing and had a local physician treating him for about six weeks. Finally I began giving him your remedy, and after he had taken two bottles he was entirely cured. I cannot praise Peruna enough."—Mrs. G. W. Heard.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

A Doctor's Little Daughter Cured of Grip by Pe-ru-na.

Dr. R. Robbins, Physician and Surgeon of Muskogee, Indian Terr., writes:

"I have been a practicing physician for a good many years and was always slow to take hold of patent medicines, but this winter my little girl and myself were taken with the grip. I was so bad I was not able to sit up. I sent for a doctor, but he did me no good.

"Finally I sent and got a bottle of Peruna and commenced to take it. I took two bottles and my cough was gone and my lungs loosened up and my head became clear. My little girl took the same way.

"It looked as though she would die, she was so sick. I gave her medicine, but it seemed to do her little good, so I sent and got one more bottle of Peruna and commenced to give it to her. It was only a short time until she was getting along all right, so I give your medicine, Peruna, the praise for what it did for me and my dear little daughter."—Dr. R. Robbins.

His Sarcastic Comment.

"What did you think I was trying to dictate to you?" asked the gruff man, as he looked over the sheet she handed him.

"Why, a business letter, of course," replied the new typewriter. "What do you think I thought?"

"Judging by the punctuation and the spelling," said the gruff man, "I felt justified in inferring that you thought I was trying to dictate a dialect story."—Chicago Evening Post.

A Mean Restriction.

"Oh, my!" exclaimed the young wife, reading over the insurance policy on her husband's life in her favor, "this insurance company is just hateful!"

"Why, what's the matter?" asked her husband.

"Why, if you commit suicide they won't pay any money at all."—Philadelphia Press.

"And your state is full of 'em yet!" fiercely ejaculated the New Hampshire man.—Chicago Tribune.
