TOPICS OF THE DAY.

Irrigation in India.

In India 26,000,000 acres of land have been reclaimed and rendered highly fertile by means of irrigation.

Premier Was Formerly a Priest.

Mr. Combes, the new French prime minister, was formerly a priest and, as the real executive, will now be charged with the enforcement of recently passed statutes which will drive half of the priests from France out of the country.

Carnegie's \$67,000,000 in Gifts.

Andrew Carnegie's gifts now aggregate \$67,000,000. Of that vast sum about \$52,000,000 may be charged to the United States and \$13,000,000 to Scotland. But he will have to give away many more millions before he can die a poor man.

Cabbage a Remedy for Drunkenness.

Cabbage is an old cure for drunkenness. The Egyptians ate it boiled before their other food if they intended to drink wine after dinner, and some of the remedies sold as a preventive of intoxication on the continent are said to contain cabbage seed.

All Founded on Superstition.

It seems appropriate enough that all the superstitions should be raked up in connection with King Edward's illness, such as the prophecy that he would never be crowned, and the falling of his picture at Windsor castle. The kingly idea is founded on superstition.

A Foregone Conclusion.

A letter was lately received at the pension office asking that the writer's pension be reduced, as he thought it was too large. When the first shock was over an investigation was made. The writer was found to be insane. A bit of practical comment on patriotic human nature is to be found in the fact that this result surprised no one.

Richest and Most Corrupt.

Hassan Pasha has the reputation of being the richest man and the most corrupt man in the Turkish government. He is supposed to be worth \$40,000,000 or \$50,000,000, all of which he has acquired while in the service of the government. He has great influence with the sultan. The latter considers him one of his most loyal and efficient officers and trusts him implicitly.

Danger in Volubility.

Don't talk! That was Grant's rule, and is the rule of other leaders who have triumphed in war and politics. There is safety in silence and danger in volubility. Polonius gave priceless counsel when he warned his son to give all men his ear, but his thought no tongue. The principle is a wise one to follow in any vocation, and its value in the military profession is so great that it might properly be printed in letters of red in the army regulations.

Consolation for the Boers.

Under the treaty of peace the burghers can return to their farms with the assurance of greater material assistance than was ever before granted a defeated people. The British government allows the sum of \$15,000,000 to be distributed under the advice of Boer commissions to persons resuming their normal occupations. This amount is equivalent to \$1,000 each to 15,000 burghers, and they alone can participate, as foreigners and colonial rebels are excluded.

Not a Welcome Evidence.

The number of immigrants coming to the United States this year promises to be nearly one-fourth greater than that of last year, and 2 1/2 times as great as the number four years ago. The treasury department believes that the total immigration for the year will be nearly, if not quite, 600,000; an evidence of prosperity, no doubt, but in view of the fact that almost one-fourth of those who entered the port of New York in March could not read or write, not a welcome evidence.

THE BELLIGERENT BAILEY.

Texas Senator Assaulted Beveridge, of Indiana, as a Result of a Charge Made by the Latter.

Washington, July 1.—Senator Bailey, of Texas, assaulted Senator Beveridge, of Indiana, last night just after the senate had adjourned from executive session. The Texas senator was dragged away and separated from his opponent by some of those about the senate. He was

SENATOR J. W. BAILEY.

very angry and threatened severe harm to the Indiana senator. The episode was the result of a heated controversy which the two senators had during the afternoon, when Senator Beveridge had said that Senator Bailey had made "an unwarranted attack" on Solicitor Penfield, of the state department.

KILLED BY HORSE THIEVES.

Sheriff Bullard and Deputy Coburn, of Oklahoma, Have a Battle with a Band of Outlaws.

Guthrie, Ok., July 1.—Sheriff A. J. Bullard and Undersheriff Coburn, of Roger Mills county, were killed yesterday afternoon in a battle with horse thieves while the officers were attempting to arrest members of the band of outlaws. The fight occurred in the northeast portion of the county and continued for about 30 minutes, the outlaws finally surrounding the two officers and riddling them with bullets. The entire band made its escape, supposedly uninjured, although the sheriffs put up a plucky fight.

ADDS FOUR HUNDRED ACRES.

St. Louis Exposition Will Have an Area Twice That of Any Other—Occupies Two Square Miles.

St. Louis, July 1.—The extension of the world's fair boundaries to include 400 acres additional land directly west of Forest park gives the grounds the form of a parallelogram one mile wide and two miles long, containing over 1,200 acres. The area is twice that of any former exposition. Upon the new ground will be an artificial lake to serve for the purpose of landscape decoration, water supply for fire protection and a place for the life-saving exhibitions by a trained crew from the United States sea coast life-saving service.

THEY DON'T WANT HILL.

Democratic Editors of Indiana "Back-Firing" on Taggart's Work for the New Yorker for President.

Indianapolis, Ind., July 1.—Thomas Taggart, who has undertaken to organize Indiana for David B. Hill, has met an unexpected obstruction in marked opposition by the members of the Indiana Democratic Editorial association, and it is now certain that 44 of the democratic weeklies and dailies in the state will not only oppose the Hill boom, but will attempt to counteract it by urging Indiana democrats to take a stand in favor of Richard Olney.

Kansas Woman Accused of Awful Crime.

Burlington, Kan., July 1.—At the inquest on the body of Viola Gladys Edwards, the jury found that she came to her death from being kicked, jumped on and trampled by her foster-mother, Mrs. Edwards. Mrs. Edwards was at once arrested, charged with murder, and is now in the county jail.

Gen. Cronje Swears Allegiance to Edward.

Jamestown, St. Helena, July 1.—Gen. Cronje, the Boer commander, who, with his army, was captured by Lord Roberts at Paardeburg, Orange Free State, in February, 1900, has taken the oath of allegiance to King Edward. Many of the remaining prisoners are following his example.

A Kansas Postmaster Hurt.

Wichita, Kan., July 1.—Sunday morning burglars entered the post office at Leon and attempted to blow open the safe, but were frightened away. Yesterday morning, when the postmaster went to open the safe, a charge of dynamite left in it exploded and seriously injured him.

Considerate of Rear Admiral Schley.

Washington, July 1.—In the senate Monday a bill was passed to give Rear Admiral Schley the pay of a rear admiral on the active list instead of a retired rear admiral's pay.

THE PHILIPPINE BILL.

Some of the Provisions in the Measure as It Was Finally Agreed to by Congress.

Washington, July 1.—The Philippine civil government bill, as finally agreed upon yesterday, provides for a Philippine legislature of two houses, one the Philippine commission and the other an assembly elected by the natives, except the Moros and pagans. But this legislature is not to be created until after a census has been taken and a condition of general peace and good order shall have prevailed for two years. The legislature is to elect two commissioners to represent the islands in Washington. The powers of the legislature are defined and an extended bill of rights set forth for the individual rights of citizens and their protection against unjust laws.

Authority is given to issue bonds for the purchase of the friar lands, and when purchased, these become part of the public domain. The public lands are to be open to homesteaders, similar to the American system, and to prevent corporations from absorbing the lands corporation holdings are limited to 1,024 hectares, or 2,500 acres. Corporations also are stringently regulated in holding mining and agricultural lands. The money standard and the permanent money system are left for future settlement. The banking system is also postponed. Provision is made for subsidiary and minor coins. Authority is given to issue bonds for harbor and other improvements.

MRS. NATION'S NEW ROLE.

Erstwhile Saloon-Smasher is Now a Dowie "Healer" and Will Help Build Up "Zion."

Wichita, Kan., July 1.—Word has been received from Medicine Lodge from Mrs. Carrie Nation, the famous saloon smasher, wherein she announces her intention of joining Alexander Dowie in his colony of "Zion" near Chicago. Mrs. Nation claims in her letters that she has turned out to be a first-class healer, and that she will travel for Phopphet Dowie, gaining converts to come there and make that their home.

ONLY ONE-NINTH PASSED.

Out of a Total of 10,070 Pension Bills Introduced in Congress This Session, 1,151 Found Favor.

Washington, July 1.—In the senate Monday Mr. Gallinger (N. H.), chairman of the committee on pensions, made a statement of the work done by the pensions committee during the present session. It showed that the bills relating to pensions introduced in the house aggregated 7,518, while the aggregate number introduced in the senate was 2,552. The total number passed by both the house and the senate was 1,151.

A HAVEN FOR ELOPERS.

At Jeffersonville, Ind., Magistrate House, Who Has Just Died, Married Six Thousand Couples.

Jeffersonville, Ind., July 1.—Magistrate John H. Hause, who for many years was one of the most unique characters in southern Indiana, is dead. He was 65 years old and during the ten years in which he held the office of magistrate in Jeffersonville he is said to have married 6,000 couples, the majority of whom were elopers.

Enriches New Jersey's Treasury.

Trenton, N. J., July 1.—For the fiscal year ended June 30 New Jersey's state treasury will show a balance of \$2,698,202, which means nearly \$500,000 increase over that of last year. The large amounts received within the last month from the trusts chartered in 1900 and 1901 make up the big increase. The taxes on the big corporations aggregate more than \$2,000,000 annually.

All Agree There Was No Bribery.

Washington, July 1.—Representative Richardson and his democratic associates on the special committee which investigated charges of bribery in connection with the Danish West Indies purchase, have decided not to make a minority report and the report of the committee will be unanimous that there was no bribery.

Powell Declines the Nomination.

Nickerson, Kan., July 1.—F. S. Powell, principal of the Nickerson schools, who was nominated on the fusion ticket for state school superintendent, has declined the nomination. Powell was placed on the ticket to fill the vacancy caused by the declination of William Sence, of Sedgwick county.

A Bank Closed by the State Board.

Lincoln, Neb., July 1.—The German State Bank of Murdock was closed yesterday by order of the state banking board because of alleged irregularities, the nature of which is not disclosed. The bank's deposits aggregate \$37,000. N. J. Neitzel is president and H. R. Neitzel cashier.

Mrs. D. Arnold, President German Woman's Club, Grand Pacific Hotel, Los Angeles, Cal., Relieved of a Tumor by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered four years ago with a tumor in my womb, and the doctors declared I must go to the hospital and undergo an operation, which I dreaded very much and hesitated to submit.

"My husband consulted an old friend who had studied medicine, although he was not a practising physician, and he said he believed that Lydia E. Pinkham's Vegetable Compound would cure me. That same day I took my first dose, and I kept it up faithfully until twelve bottles had been used, and not only did the tumor disappear, but my general health was very much improved and I had not felt so well since I was a young woman.

"As I have suffered no relapse since, and as I took no other medicine, I am sure that your Compound restored my health and I believe saved my life."—MRS. D. ARNOLD.

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone," and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

An Old-Time Terror.

Among ancient relics at present on exhibition at Chicago, is a sheet of papyrus bearing a complaint to a chief of police who held office just 2,002 years ago, that the premises of the writer had been robbed. Whether the work was done by a porch climber, a duplicate key man, or an ordinary hall sneak is not recorded, but the antique document is suggestive that in some ways a score of centuries has not greatly changed the world. One can imagine that old-time chief threatening his dusky Egyptian foe with the terrors of a "shake-up."—Buffalo Courier.

THERE IS NO SLICKER LIKE TOWER'S FISH BRAND

Forty years ago and after many years of use on the eastern coast, Tower's Waterproof Oiled Coats were introduced in the West and were called Slickers by the pioneers and cowboys. This graphic name has come into such general use that it is frequently though wrongfully applied to many substitutes. You want the genuine. Look for the Sign of the Fish and the name Tower on the buttons.
