DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

THE FORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Ford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Ford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Ford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.
I have used The Ford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

Our Lincoln Letter

The revenue bill is still the prevailing topic of conversation at the capital. The bill is to be presented to the house this week, and no doubt will be discussed to the exclusion of other bills. The new bill was agreed upon in detail by the joint committee a week ago, and a sub-committee has been at work carefully revising it and correcting the clerical errors in the typewritten copies. The expectation is that it will come before the house in splendid shape, and that very few important amendments will be offered or adopted. There are some few who are skeptical about the passage of a general bill, but they seem to be in a decided minority. In the senate there seems to be an overwhelming sentiment in favor of the proposed bill.

Among the standing committees during the past week the principal interest has centered around the proposed elevator bills and the investigation of telephone rates. After several hearings, the Ramsey elevator bill, House roll 60, has been recommended for passage, with some slight amendments. In the meantime the committee to investigate telephone rates has had several very warm meetings and at this date has come to no definite conclusion. The evidence as to the expense of conducting a telephone business has been most startling in its variance, and it is probable that further evidence will be heard during the week. In the strife as to whether the independent lines shall be allowed toll stations in the large cities, the special telephone committee seems to have lined up with the old line company.

The joint resolution calling for a constitutional convention has passed the senate by a unanimous vote, and is now in the hands of the House committee. It is said it will receive considerable opposition in the House, and may not pass. The statement recently made that the governor is opposed to the idea of a convention may have some effect in retarding the resolution. There are many who advocate the adoption of amendments, instead of the expense which would be incurred by the convention. Others, however, point to the fact that in the last dozen years the state has spent \$140,000 attempting to adopt amendments, and failing in each case.

Interesting bills recently introduced in the senate; 179, providing a penalty of not more than three years in the penitentiary or a fine not exceeding \$1,000 for the crime of desertion of minor children by parents; 181, changing the registration law to permit voters to register at the office of the city clerk on any day during the month preceding election; 183, amending the pharmacy law in regard to registered pharmacists; 284, permitting the hooking or seining of fish in the Missouri river at any season of the year; 188, providing that road tax in counties not under township organization be paid half in labor and half in cash.

Interesting House bills; 280 and 281, to prevent fraud or counterfeiting in the handling of railroad tickets; 275, providing for a lien on grain for the threshing or shelling bill; 289, to regulate the use and prevent the injury to bridges and public highways; 293, to compel the cutting and trimming of hedges along public roads; 304 to provide for the full width of public roads; 313, making the birthdays of McKinley and Lincoln and "flag day" public holidays.

Up to this date the senate has passed 37 bills and killed 17. The House has passed 32 and killed 30. The Senate has 38 bills on general file ready for consideration and the House has 40. The number of bills that pass both houses is usually about 110.

Cures Sciatic Rheumatism
Mrs. A. E. Simpson, 500 Craig St. Knoxville, Tenn., writes June 10th, 1899: "I have been trying the baths of Hot Springs, Ark. for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00 send me a large bottle by Southern Express." Sold by M. T. Hill.

POISONING OF CATTLE BY COMMON SORGHUM AND KAIFR CORN

Synopsis of Bulletin No. 77.
During the past few years, the Nebraska Experiment Station has investigated the loss of cattle from eating green sorghum and Kaifir corn. The prediction of the veterinarian that a chemical poison would be found has been fully verified. While the work was in progress, two English investigators discovered that prussic acid can be obtained from Egyptian great millet. A little later and entirely independently, the Nebraska investigators discovered that prussic acid can be obtained from our common sorghum and Kaifir corn. The poison is always present in at least minute traces, but becomes dangerous only when the plant is arrested by dry weather at certain stages of its growth. Sunlight such as prevails in the arid and semi-arid parts of the country causes the development of the poison to excess. When the symptoms of poison do not appear so violently as to make medical treatment out of the question, drenching the animal with a solution of syrup or with sweet milk is suggested.

Thoroughly cured Kaifir corn that had been especially deadly before harvesting, was fed to an animal without producing any symptoms of poisoning.

A Counting Contest

The Lincoln Daily Star, Nebraska's brightest and best daily newspaper, is conducting a counting contest among its subscribers in which they are offering \$150 in gold prizes. The contest is proving a very popular one on account of its simplicity, and the large prizes awarded. The conditions governing the contest are few and easy to be complied with. If you send a postal card to the publishers asking for a sample copy containing the particulars, they will send you one, and you can take part in the contest and perhaps win one of the prizes.

The Lincoln Daily Star contains all the news, all the time. Four editions are published daily. Full associated press service over leased wire. Latest markets. Detailed legislative proceedings.

Better Than Gold.
I was troubled for several years with chronic indigestion and nervous debility, writes F. G. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Keeling.

A Weak Stomach
Causes a weak body and invites disease. Kodol dyspepsia cure cures and strengthens the stomach and wards off and overcomes disease. J. R. Taylor, a prominent merchant of Christman, Texas, says, "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health.—W. W. Keeling.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. K. H. Seitz of Detroit, Mich., says, "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by W. W. Keeling, druggist. Every box warranted.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger of giving it to children for it contains no harmful substance. It is pleasant to take; both adults and children like it. Buy it and you will get the best. It always cures.

LAND! LAND!

Every one is looking for Cheap Land. The trains from the east are loaded with homeseekers. They are selling their high-priced farms and buying large tracts of North Dakota land. Why? Because the price is right. Don't believe for one minute that these Iowa and Illinois farmers do not know what good land is. Every one knows they do. That is the reason they buy North Dakota land. Burress, Smith & T. W. Wheeler are prepared to show you this land at small cost to you and if you purchase land your trip costs you nothing except your board.

Don't delay, but call at our office at once and get posted.
