

News from Over the State

District Judges Independent.

A question of interest to lawyers and judges is decided by the supreme court in the case of Parker, administrator, against Well, from Lancaster county. It has long been a question with lawyers and courts as to how far a judge should go in overturning a jury's verdict. Should he take the ground because he believes the jury has not done substantial justice that a new trial should be given and go on doing so until a verdict is rendered in accordance with his idea of the right? It has been contended that this is an invasion of the rights of juries, but the supreme court does not take this view. It declares that the district court ought to grant new trials when it appears that a substantial justice has not been done between the parties. The rule acted upon by the supreme court that it will not interfere where the trial court overruled a motion for a new trial on the ground of the insufficiency of conflicting testimony does not apply, says this decision, to the district courts. These should be independent and exercise their power without restraint from the rules governing appellate tribunals, taking care not to invade the legitimate province of the jury.

Sad Career Closed.

Mrs. Bendolin, a well-known character at Fremont, is dead. She was a woman who at some time in her career had the advantage of a superior education and great social privileges. She came to Fremont about 30 years ago from no one knows where with a baby daughter a few years old. She went at once to the rooms of a young lawyer who was highly esteemed in Fremont, informed him that he was the father of the girl and demanded that he repair the wrong done. A few days after he committed suicide by shooting. The daughter grew up and lived with her mother, who was ever after partially insane. The girl was a brilliant scholar and graduated with high rank from the Fremont school, but she had an insane taint like her mother and a few years ago committed suicide by taking poison.

Draws Claim Warrants.

Deputy Auditor Anthes has completed the work of issuing warrants for the deficiency claims which the legislature authorized the treasurer to pay. The total amount for which warrants were drawn amounts to about \$120,000 and represents several hundred claims. The largest claim was for about \$3,000. The work of issuing the wolf bounty claim warrants will now be taken up. This means another heavy task for the auditor's office force, since there are nearly 20,000 to be issued.

Falls Heir to Mines.

George W. Gunther, of Lincoln, a former employe of the Burlington has received notification of the fact that through the death of a friend he has been left two mines near Butte, Mont. One of the mines turns out the modest amount of \$50,000 worth of gold ore each month. The total value of both is estimated at \$5,000,000. She who left Gunther the property was Mrs. Mollie Pinger, an old friend, who died January 22.

Rhea Awaiting Execution.

William Rhea, aged 22 years, a convict in the state penitentiary, lies in a dungeon counting the days until by the decree of the highest court in the state he is hanged by the neck until dead. But for the inference of Ezra P. Savage, then governor, the man would have paid the penalty of his crime on the scaffold April 24, 1902. At that time he was given a respite until July 10 of this year.

Death Occurs at Wedding.

A sad incident occurred at the home of Thomas Rech four miles east of Brainard. While Miss Mary Rech, the daughter, was being married, Mr. Rech, who had taken sick in the morning, suddenly became worse and when the large wedding procession was returning home and had just entered the yard Mr. Rech died.

Governor and Staff on Tour.

Tuesday morning the governor and staff officers went to St. Louis to participate in the dedication of the Louisiana Purchase exposition grounds. The staff consisted of Adj. Gen. Culver and Cols. Jenkins, Evans, Bills, Adams, Miles, Dow, Mellick, Shunway, Kaley and Thomas.

Working on Handsome Church.

Work is progressing on the new Methodist church at Minden which, when completed, will be the handsomest church in that section. It will cost \$10,000.

Gov. Mickey Addressed Bankers.

Gov. Mickey attended the banquet given at Fremont to bankers of northwest Nebraska and responded to the toast, "Nebraska."

Warm Bunch of Criticism.

The Modern Woodmen, along with other mutual beneficiary organizations, is handed a rather warm bunch of criticism in an opinion by the supreme court in which it denies a rehearing and adheres to the former judgment of the court in the case of Coleman against the Modern Woodmen, from Cass county. Asa Coleman was a member of the Woodmen for some years, but a few months before his death changed his occupation to one coming within the prohibition of the order. Under the rules of the order he should have filed a waiver of claim for benefits under his certificate. He did not do so, nor did the local clerk require him to do so. The head camp kept on receiving his money each month without protest, but after his death the claim was set up of nonliability. The supreme court held that the certificate should be paid.

Russians to Work in Beet Fields.

Representative Farrar, of Hall county, was in Lincoln for the purpose of taking out another shipment of Russians to work in the beet fields around Grand Island. Some days ago 300 were taken out and put to work and Wednesday another lot of 300 men, women and children went on a special train of seven cars. Farrar is the manager of the beet sugar factory at that place. He said that the laborers were paid \$20 an acre for taking care of the beets. They live in cottages erected on the fields where they work. The members of the families all work in the fields. About \$40,000 will be paid out at Grand Island alone for this class of labor.

Says Dentist Was Ungrateful.

Miss Genevieve Babcock, who belongs to the family of a prominent banker in Scott, N. Y., instituted proceedings at Omaha against Dr. Jesse R. Burdick, a prominent dentist, for \$50,000 damages for breach of promise. Miss Babcock, who is said to have a private fortune, avers that she furnished defendant money with which to start in business, and that last September he broke off their betrothal by marrying a Miss Cole, of Omaha.

Reveals Work of Vigilantes.

The mystery surrounding the sudden disappearance of old man Hill and his son, Charles, in 1893, was undoubtedly solved Saturday so far as the latter is concerned, when Charles Daly plowed up a skeleton on his farm which was located on the south bank of the Niobrara river in Holt county. The remains had been buried face down, evidently in a big hurry and were identified by people who had known him in life.

Cash for the Starving.

Gov. Mickey mailed to A. Grip, minister to Sweden and Norway, a draft for \$1,500, and to Comte Cassini, the Russian minister at Washington, a draft for \$500, this being the \$2,000 appropriated by the last legislature for the starving people of Sweden, Norway and Finland.

Saw Queen Victoria Crowned.

Henry Masterson is dead at Lincoln at the great age of 90. He was born in England. At one time he was a member of the royal guard that surrounded Windsor castle and was a member of that body when Queen Victoria ascended the throne and was crowned.

Charged With Illegal Voting.

William Graff was arrested at Seward on the charge of illegal voting. During the republican primaries this spring, it is charged, Graff deposited several ballots at one time. Graff is a bartender and the case grows out of the fight to keep the saloons out of town.

Shaking Off the Blue.

Adj. Gen. Culver honorably discharged from membership in the national guard 25 men. Most of the men had served out their term of enlistment. A large number of soldier boys have been shaking off the blue lately.

Farm Hand Burned to Death.

P. Sosberg was milking in a cowshed, near Oak, and tipped a lantern over. The barn and contents, including four horses, burned quickly. Abner Weborg, a hired man, was in the loft and burned to death.

Big Addition to Church.

At the York Methodist church Sunday 50 new members were taken in. The membership of the Methodist church there is over 700.

Drove Daughter Insane.

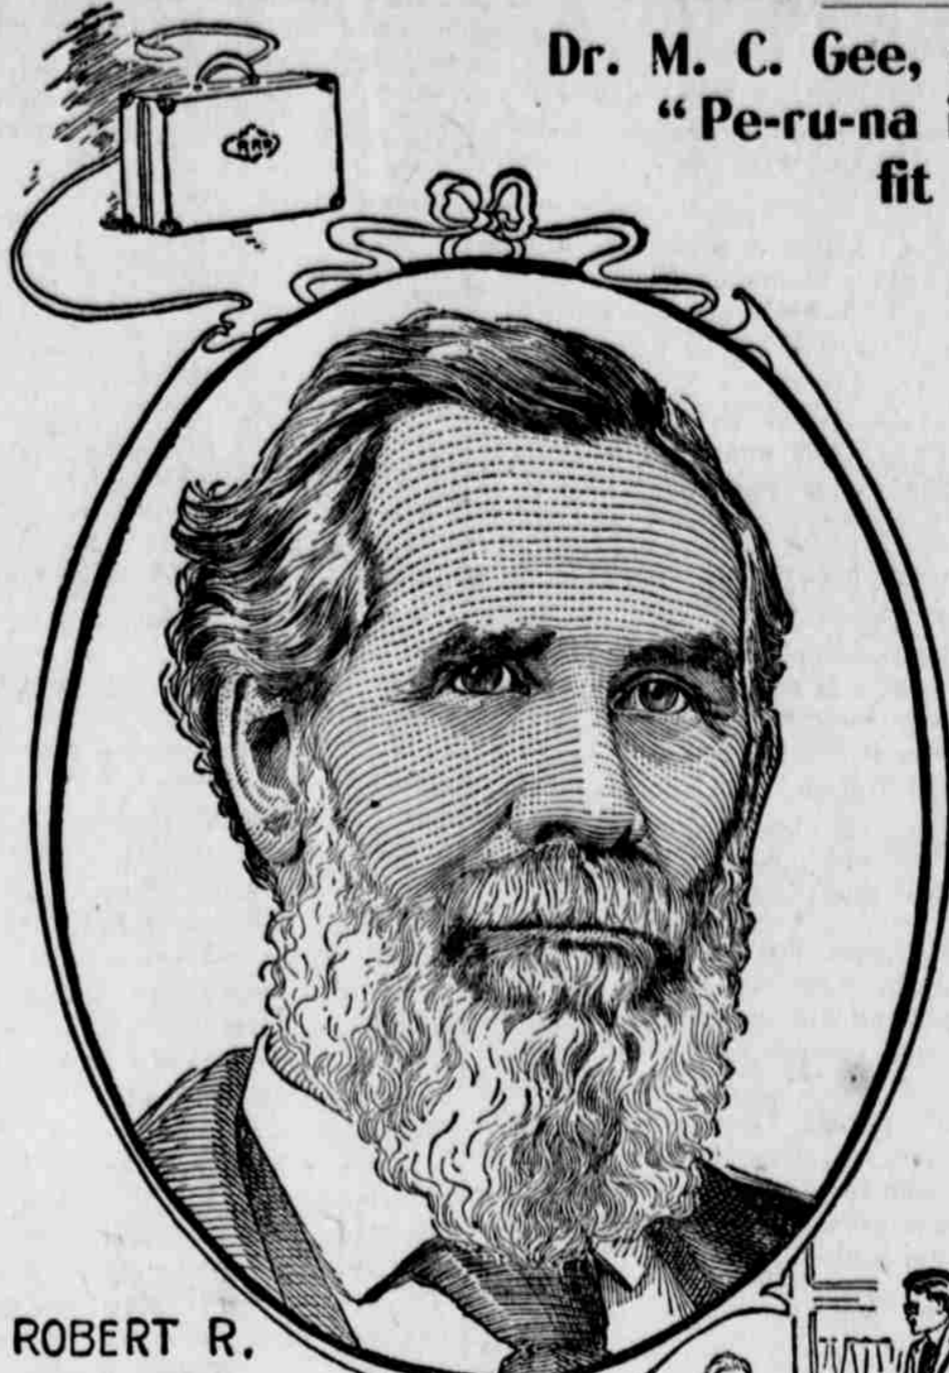

The suicide of Mrs. A. G. Bentz at Ashland so worked on the feelings of her daughter that the latter had to be taken to an asylum.

Child Dies from Rattlesnake Bite.

William Christie's little girl died eight miles west of Grant from the bite of a rattlesnake.

PROMINENT PHYSICIANS PRESCRIBE PE-RU-NA.

Dr. M. C. Gee, of San Francisco, Says, "Pe-ru-na is of Especial Benefit to Women."

ROBERT R. ROBERTS M.D.

Robert R. Roberts, M. D., Washington, D. C., writes: "Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

A CONSTANTLY increasing number of physicians prescribe Peruna in their regular practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so called patent medicines and recommend it to their patients. Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession today. Catarrh, as every one will admit, is the cause of one-half the diseases which afflict mankind. Catarrh and catarrhal diseases afflict one-half of the people of United States. F. H. Brand, M. D., of Mokena, Ill., uses Peruna in his practice. The following case is an example of the success he has through the use of Peruna for catarrh. Dr. Brand says: "Mrs. 'C.' age 28, had been a sufferer from catarrh for the past seven years; could not hear plain and had watery eyes. She came to me almost a physical wreck. She had tried the Copeland cures and various other so-called specialists, and had derived no benefit from them. She told me she did not want to spend any more money on

medicines unless I could assure her relief.

F. H. Brand, M. D.

"This is only one case of the many I have treated with your valuable medicine."—F. H. Brand, M. D.

Catarrh may invade any organ of the body; may destroy any function of the body. It most commonly attacks the head, nose and throat, but thousands upon thousands of cases of catarrh of the lungs, stomach, kidneys, bladder and other pelvic organs have been cured by Peruna.

Peruna is able to cure catarrh wherever it may be located by its direct action upon the mucous membranes. Catarrh means inflamed mucous membranes. Peruna acts at once to cleanse and invigorate the catarrhal condition of the mucous membrane no matter where it may occur in the body. Its action is the same on the mucous lining of the bowels. It cures the catarrhal inflammation wherever it may occur.

Dr. R. Robbins, Muskogee, I. T., writes:

"Peruna is the best medicine I know of for cough and to strengthen a weak stomach and to give appetite. Beside prescribing it for catarrh, I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fits so many cases.

"I have a large practice, and have a chance to prescribe your Peruna. I hope you may live long to do good to the sick and suffering."

We say Peruna cures catarrh. The people say Peruna cures catarrh. Prominent men and women all over the United States from Maine to California do not hesitate to come out in public print to say that Peruna is what it is recommended to be, an internal, systemic catarrh remedy that cures catarrh wherever it may be located.

Dr. M. C. Gee's Experience.

Dr. M. C. Gee is one of the physicians who endorse Peruna. In a letter written from 513 Jones street, San Francisco, Cal., he says:

"There is a general objection on the part of the practicing physician to advocate patent medicines. But when any one medicine cures hundreds of people, it demonstrates its own value and does not need the endorsement of the profession.

"Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequently advised its use for women, as I find it insures regular and painless menstruation, cures leucorrhoea and ovarian troubles, and builds up the entire system. I also consider it one of the finest catarrh remedies I know of. I heartily endorse your medicine."—M. C. Gee, M. D.

Women are especially liable to pelvic catarrh, female weakness as it is commonly called. Especially in the first few weeks of warm weather do the disagreeable symptoms of female weakness make themselves apparent. In crisp, cold weather chronic sufferers with pelvic catarrh do not feel so persistently the debilitating effects of the drain upon the system, but at the approach of summer with its lassitude and tired feelings, the sufferer with pelvic catarrh feels the need of a strengthening tonic.

Peruna is not only the best spring tonic for such cases but if persisted in will effect a complete cure. Write for a copy of "Health and Beauty," written especially for women by Dr. Hartman. If you want to read of some cures also, write for a copy of "Facts and Faces." That will surely convince you that our claims are valid.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

FIGHTING BLOOD

Is Pure, Rich, Strong, Vigorous Blood.

Pure blood is essential to an active mind, strong body and bold heart. Not only is it necessary in a trial of physical strength, but equally so in the mighty struggle for worldly wealth. The victim of impure blood is generally half-sick, lacks spirit and energy, and is unable to stand the strain of the contest—besides this, he is in constant danger of contracting some life-threatening disease. To have pure blood, the kidneys, liver, stomach and bowels must be free from obstructions, and strong in the performance of their functions. This desirable condition can be secured and maintained through the use of PRICKLY ASH BITTERS, the "World-Celebrated" system cleanser and blood purifier. A short course with this great remedy vitalizes the blood and puts the system into prime condition. Invigorates the body, promotes good appetite, restful sleep and cheerful spirits. As a household remedy to relieve indigestion, sour stomach, heartburn, bad breath, belching, flatulence, constipation and for keeping the system in order it is invaluable.

SOLD AT DRUG STORES. PRICE \$1.00.

Insist on having the genuine. No "just as good" article can point to as many years of successful battling with disease. When you buy Prickly Ash Bitters you get a remedy that does the work. Try it.
