All our farmer readers should take advantage of the unprecedented clubbing offer we this year make, which includes with this paper The Iowa Homestead, its Special Farmers' Institute editions, and The Poultry Farmer. These three publications are the best of their class and should be in every farm home. To them we add for local, county and general news our own paper and make the price for the four for one year \$1.35. Never before was so much superior reading matter offered for so small an amount of money. The papers named which we club with our own are well known throughout the west and commend themselves to the reader's favorable attention upon mere mention. The Homestead is the great agricultural and live stock paper of the west. The Poultry Farmer is the most practical poultry paper for the farmer published in the country, and the Special Farmers' Institute editions are the most practical publications for the promotion of good farming ever published. Take advantage of this great offer.

FRIDAY, JUNE 5, 1903.

The roads are in a very bad condition in many places.

About one hundred and fifty men are working on the slide on the railroad at Brownville.

D. F. Hutchison, R. D., an optician of Omaha, has been in Nemaha and vicinity in the interest of his profession for several days.

Mrs. G. Lilly of Auburn, who has been visiting her daughter, Mrs. Ed Thomas, returned home Friday.

John Shuck, who has been visiting his brother, Philip Shuck, for two weeks, returned to Auburn Friday.

Part of Peter Muntz's farm near the Bennett mill is sliding into the Nemaha river. The slide is taking part of the orchard.

Seymour Howe has been visiting around during the high water. He moved his household goods up tairs to keep them out of the water.

J. C. Broady, Ellis Young, Jim Knight and others who lived on the bottom northeast of town, had to move to higher land, as their places were flooded.

Miss Lillie Monteith of Auburn visited her brother, J. W. Monteith, from Thursday morning until Friday morning. She had been visiting her aunt, Mrs. Lizzie Thompson of Brownville.

For the information of many inquirers the editor will say that he will stay in the postoffice himself when he takes possession. The office will remain in its present location for the present at least.

The rainfall at Nemaha during the month of May was 12.22 inches—a little over a foot—and the first and second days of June we had an inch and a half more. There were only five clear days in May, ten cloudy and sixteen partly cloudy.

Mrs. N. B. Scrivener is sick with stomach and liver trouble and symptoms of cancer of the stomach. Her condition is critical. Drs. Galtner and Keeling had a consultation on the case Thursday. We hope Mrs. Scrivener will recover and be spared many years to her family and friends.

A luminous orb, known to scientists as the Sun, appeared Wednesday afternoon almost directly over Lincoln and moved steadily westward. Beyond scaring a few horses and disturbing business to a slight extent the phenomenon did no damage, and some of the more reckless citizens actually expressed a wish that it would occur again.—Lincoln Star.

The Beatrice Express is much given to writing poems, especially spring ones. We could stand for the poems all right if they were a trifle more cheery and sunny, but when it "rains and rains and rains" and you have loaned your gum boots and you have a hill to climb four times a day and the crosswalks are all buried ones in your town, you like to read something besides—
'O you may beg and plead for drouth,
And you shall plead for drouth in vain;
The program for the next three months
Is rain, and rain, and rain, and rain."—Nebraska City Tribune.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side and chest. Pain Balm has no superior as a liniment for the relief of deep seated muscular, and rheumatic pains. For sale by W. W. Keeling, Druggist.

EDITOR SANDERS PICKS THE PLUM, THOUGH SHY SOME "HELP."

The press dispatches of last Friday announce the appointment of W. W. Sanders as postmaster at Nemaha, Miss Minick having resigned. The Post congratulates Mr. Sanders upon his appointment. He has labored long and faithfully for republican principles and success, and he has rightfully earned the office to which he has been appointed. The business men of Nemaha have never crowded Mr. Sanders with advertising or job work to such an extent that the management of the postoffice will materially interfere with his newspaper work.—Auburn Post.

W. W. Sanders, editor and publisher of the Advertiser at Nemaha City, has been appointed postmaster of that town. Mr. Sanders is a splendid newspaper man and will make a good servant to Uncle Sam.—Tecumseh Chief's tain.

W. W. Sanders, editor of the Advertiser at Nemaha City, has been appointed postmaster. We're glad of it because he's a good man and will make a good postmaster.—Tecumseh Journal.

W. W. Sanders of the Advertiser has been recommended by Congressman Burkett as postmaster at Nemaha, and the selection is most fitting.—Humboldt Leader.

We see by some of our exchanges that Judge John S. Stull is favorably mentioned for the position which he now holds, that of district judge. They say he has made a faithful and impartial judge and should be re-nominated and re-elected. The late Hon. Jas. E. Lamaster once said at Tecumseh while the judge was holding court that he was one of the best judges who had occupied the bench since the days of Judge A. J. Weaver. This was a compliment by an honored citizen worthily bestowed. Nemaha county ought to retain the judgeship. We can do so by nominating and electing Judge Stull.

World-Wide Reputation

White's Cream Vermifuge has achieved a world wide reputation as being the best of worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves the digestion and assimilation of food, strengthens the nervous system and restores them to the health vigor and elasticity of spirits natural to childhood. 25c at Hill's.

A Weak Stomach

Causes a weak body and invites disease. Kodol dyspepsia cure cures and strengthens the stomach and wards off and overcomes disease. J. R. Taylor, a prominent merchant of Christman, Texas, says, "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health.—W. W. Keeling.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system.—M T Hill.

Harvey Hudson, son of William Hudson, residing three miles east of town, drove over to Auburn Tuesday, accompanied by his sisters, Misses Katie and Winnie, who took the east bound train there for Peru where they are attending school. On his return in the afternoon he was caught in a cyclone which passed through a section of country fifteen miles northeast of here and barely escaped with his life. He was driving south on a road near the farm of Mr. Keister several miles south of Auburn when the storm overtook him. He noticed the huge funnel-shaped cloud bearing down toward him with fearful velocity and wisely pulled to the side of the road next to a hedge fence and jumping out of the carriage clung to a tree. The path of the storm was about sixty feet wide. The team and double seated carriage were caught up in the air, one horse being lifted high and carried some distance and dashed to death on the ground while the other animal was crippled so badly that it will probably die. The buggy was entirely demolished and blown away. Mr. Hudson was badly bruised and scratched by the hedge. In speaking of the experience he says his eyes became filled with mud and water so that he was unable to see anything. After the storm had passed he got up and was compelled to walk most of the way home a distance of twelve miles as he was unable to obtain a horse to ride.

The farm home formerly owned by T. J. Cummings was together with the barns and outbuildings swept away and orchards and groves in that section badly damaged.—Humboldt Standard.

Traveling is Dangerous

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure.—M T Hill.

Foley's Honey and Tar contains no opiates and can safely be given to children.—M. T. Hill

Holds Up a Congressman

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all of my organs were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Over-worked run-down men and weak, sickly women gain splendid vitality from Electric Bitters. Try them. Only 50c.—Guaranteed by Keeling.
