Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

Try all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock-food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

Carrie Nation has found a friend. A man in Scranton, Pa., is suing that city because Carrie was interfered with while making a speech there last week.

Boys should bear in mind that a law is now in force which makes it a misdemeanor punishable by fine or imprisonment for a boy under 18 years of age to use tobacco in any form.—Ex.

W. V. Allen, the populist ex-senator and long-winded orator, has bought an interest in an Oregon railroad. Wonder if he will continue to make hot air speeches against the domination of the railroad magnates.

E. S. Chamberlain has traded his farm in Butler county, Kan., for a stock of goods at Cassody, that state, and is once more seen behind the counter. The firm is known as E. S. Chamberlain & Son.—Johnson News.

Some fears as to the outcome of the yacht races between the Reliance and Shamrock III are being expressed by sportsmen over the country; but America is not in the habit of being beaten by England in yacht races or anything else.

The Kishenev massacre, the Serbian crime, the numerous murders called lynchings in the United States, the flaying alive of the journalist in China—all lead one to wonder whether we are living in the enlightened 20th century, or in the barbaric Middle Ages.

A report was current on the street here Wednesday evening to the effect that Prof. Oliver, who recently left here for Dawson, was dead. From what we have been able to learn concerning the matter the report originated by some one asking by phone for Mr. Oliver's address and the question was mistaken for one concerning his death. The report gained considerable credence and soon spread over town, but we are glad to say that the report was a false alarm.—Peru Pointer.

Mr. and Mrs. James Taylor gave one of the most pleasant receptions ever held in the city at their home last Saturday night in honor of Mr. and Mrs. Albert Engles, who returned from Denver that day. Over 100 guests were present to greet the newly married pair. Mr. Engles' church, business and neighborhood circles were represented, also the Entre Nous and Gobbler clubs. Music both instrumental and vocal entertained the company. Refreshments of ice cream and cake were served; the members of the Entre Nous club assisting Mrs. Taylor. Mr. and Mrs. Engles go to housekeeping immediately.—Auburn Post.

The following article taken from the Lincoln News is just as applicable to the situation in the First Judicial district:

In the Thirteenth judicial district of Nebraska a fight is being made against Judge Grimes on the grounds that eight years is enough for any man to serve as judge. This argument, in place of being against Judge Grimes, is the best evidence in favor of his reelection. Every man under indictment has a right to a fair and just trial. He does not care to have a judge experimenting on the duties of his office, when his life and liberty are at stake. He never dares call in a quack doctor when the life of his child is trembling in the balance. Every case listened to by a judge gives him a quicker and surer insight for grasping the vital points of the next case. In the eastern states, where the courts are still surrounded with the dignity of the old English ideas of justice, a judge often holds his position for life. Each year adds to his prestige as a judge, and the respect accorded to his opinion on legal matters. If there is no other argument than that stated against Judge Grimes he is not likely to be retired in favor of some aspiring politician or a lawyer.

Quenemo, Kansas, March 28, 1903. Lucky Bill (Wm. Newton) and his show wintered here last winter and we wish to recommend him and his manager, Mr. Granger, as both being honorable, honest and reliable men and they are giving a good show.—Quenemo Republican.

Thompson & Peery have not started an incubator factory nor a chicken farm, but they did show seven or eight lively chickens that were hatched in the rear of their store by placing the eggs in a common market basket underneath which was a lighted lantern to supply warmth. The proprietors did not inform us whether they were going to supply their customers with fresh eggs or early fries.—Auburn Post.
