## FILIPINO COIN UNPOPULAR.

Natives Do Not Like the New Peso Recently Sent to the Islands from United States Mint.

Manila, Aug. 7.—The earnest effort of the United States government to introduce its new currency into the Philippine islands has not met with the success that was anticipated. Although a large quantity of the coins minted at San Francisco have reached the islands, there is considerable prejudice against their use, especially in the provinces. The bankers of Manila, having become convinced of the necessity of action in the matter, held a conference with Gov. Taft and after a full discussion promised to render the government all the aid in their power to secure the acceptance of the American peso as the standard of value and the general use of the new coins.

## POPE PIUS CROWNED.

With Imposing Ceremony Giuseppe Sarto Was Inaugurated Head of the Roman Catholic Church.

Rome, Aug. 10.—The ceremony of the coronation of Pope Pius X. took place yesterday in the basilica of St. Peter's in the presence of the princes and high dignitaries of the church, diplomats and Roman nobles, and with all the solemnity and splendor associated with this, the most magnificent rite in the Roman Catholic church.

From the throne Pius X. surrounded by his suite walked to the high altar, standing over the crypt of St. Peter, into which meanwhile Cardinal Macchi descended to pray. The appearance of the pope in that elevated position called for another burst of enthusiasm. The pope then blessed the altar and, after saying the "Indulgentiam," the maniple, a symbol of the cord with which Christ was bound on his capture, was placed with great ceremony upon the pope's arm. At the same time prayers for the coronation were recited by Cardinals Vannutelli, Mocenni, Agliardi and Satolli. Returning from the crypt, Cardinal Macchi placed upon the shoulders of the pope the pontifical pallium and attached it with three golden jeweled pins.

On the pope's return to the throne the cardinals offered their last obedience to the pontiff, kissing his hands and feet, and receiving embrace by him twice in turn. The bishops and archbishops kissed his foot and right knee, while the abbots kissed only his foot.

All cars to the depot then will be electric.

## Chunks of Ice Fell.

Sioux City, Ia., Aug. 10.—A terrific hailstorm visited northwestern Iowa yesterday afternoon, extending as far east as Hamilton county and doing almost untold damage in some localities. Ten years ago, when a resident of Illinois, Harris furnished bail for Dolan, one of his farm hands, charged with a criminal offense. Dolan disappeared after Harris had stood sponsor for his appearance, and Harris was compelled to pay the bond, sacrificing so much of his personal chattles that he sold out and came to Nebraska. Harris sought vainly to trace Dolan, but he has just been advised that Dolan died recently in southern Missouri, bequeathing an estate valued at \$8,000 to the man who once aided him in Illinois.

## Big Thing for the State.

Corporations organized in other states and doing business in Nebraska, must incorporate in accordance with the laws of Nebraska. Such is the verbal opinion rendered by Deputy Attorney General Norris Brown. The effect of this pronouncement, if upheld by the courts and enforced by the officers of the law, will require all foreign corporations to reorganize under the Nebraska laws and pay into the treasury fees sufficient to pay the state's floating debt of \$2,000,000.

## Farmer Mickey and Farmer Bryan.

Farmer John H. Mickey shows rare discernment in appointing by virtue of the powers vested in him as governor Farmer William J. Bryan as one of the delegates from Nebraska to the Farmers' national congress. Just then the baby fell out and fractured its arm, in identically the same place as that of its elder brother.

## Bryan is Angered.

W. J. Bryan is much displeased over the Denver manifesto of Senator Allen, Gov. Poynter and a few other populists. ## Mrs. Lillie Under Guard.

Mrs. David Lillie, under life sentence for killing her husband, is still confined in the Butler county courthouse at David City under guard. In some cases prisoners are taken to the penitentiary immediately after conviction, but in this case, out of deference to the sex of the prisoner, she will be kept in Butler county until the issue is finally determined in the supreme court. Should the court remand the case for a new trial she will probably be released on bail. If the conviction is affirmed she will be taken to the penitentiary to begin her life sentence. Another trial would probably be held in some other county, since one of the allegations made by the defense was that local prejudice against the prisoner made it impossible to secure a fair trial in Butler county.

He is opposed to the location of the school in any city which already has a state institution, working on the theory that the good things ought to be passed around.
