The part torn down is said to have been built 49 years ago. B. H. Moore built it. In tearing it down a piece of an oak shingle was found—one of the old shaved manufacture—that was probably one of those first used in covering the house. There was also some walnut siding and cottonwood flooring that had been in the building probably from the first. The latter was worn through in places.

The prizes offered by the committee in charge of the German-American picnic were awarded as follows:

The prize lamp was awarded to John Aenrich of Benton precinct, who lined up six boys and six girls as the largest family of children in the county.

The tea set offered to the couple who, as man and wife, had enjoyed the greatest number of years, was awarded to Henry Naysmith and wife, who were married 49 years ago.

The prize clock was received by Charles Minnig and Mrs. Ellen Lockwood, who as twin brother and sister, were born on the farm where Mr. Minnig now resides, in the year 1856.

There was neither grandma nor grandpa to register and count up grandchildren, so the prize was not claimed.

Mrs. Jennie Roberts, nee Skeen, registered as a competitor for the clock, and was able to establish her age by Dr. Keeling, who was in attendance at her birth, and by Mrs. Sanders, who was the nurse, but the date of her birth was 1855.

There are older parties in the county and those who have been married for a greater length of time, but probably they were unable to be present on account of the heavy rain.—Auburn Granger.

This is called catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by W. W. Keeling.
