FRIDAY, NOV. 20, 1903.

Next Thursday is Thanksgiving, but as turkeys are selling for about 15 cents a pound, live weight, we expect to get along on chicken.

A cold wave struck us Sunday night and the thermometer has been below the freezing point since that time. Tuesday and Wednesday the thermometer at the depot stood at 10 degrees above zero. Thursday was some warmer.

Our friend C. J. Canon managed to pull through and was reelected county clerk of Johnson county on the fusion ticket—the only man on that ticket to be elected. Mr. Canon's wife, formerly Miss Nina Moore, is well known to many of our citizens.

Rev. G. H. Schleb, Ph. D., general lecturer of the W. O. W., delivered an address on "Perfected Woodcraft the climax of Fraternalism," at the Christian church Wednesday evening. A fair crowd was in attendance. The address was a good one.

E. L. Paris has closed his meat market, for the present at least, and J. E. Crother has moved his harness shop into the building. Mr. Crother we understand, will sell flour and feed for Mr. Paris. It is possible the meat market will be opened again in the spring.

J. H. Seid's hog sale at Falls City last Saturday was quite successful, though the prices paid were not so large as they should have been, but compared favorably with other hog sales held there this fall. Henry was very well satisfied with the result of the sale.

Hop F. G. Hawxby of Humboldt came to Nemaha Wednesday evening and visited his parents that night and the next day. He had just returned from Lincoln where in connection with Judge Davidson of Tecumseh he argued the appeal case of T. B. Stocker vs. Nemaha county.

We recently received a pamphlet advertising Custer county and more particularly the region around Broken Bow. It was sent us by our old friend George Willing, who was in the hardware business in Nemaha from 1881 to 1885. George is now a real estate agent at Broken Bow.

D. G. Keister has a new way of keeping a hog from eating chickens. He had one that caught chickens, so he punched holes in its ears, ran strings through the holes and tied a piece of leather across the forehead over the eyes, so it could not see the chickens but could see to eat. It works effectively.

Two of our young ladies went to town on Friday intending to return on the afternoon train, but got left and had to come in on the freight. Another young lady bought a ticket to Brownville but when the conductor came around she could not find the ticket, and had to borrow money to pay her way. Our young ladies are unfortunate.

Saturday afternoon the young son of Sylvester Hodges, who lives northeast of town, was on the street near A. L. Adams drug store. He threw a small stone which hit the sidewalk and then bounced against the north window, making a small hole in the lower part. The glass is valued at seventy-five dollars. The building is owned by H. E. Clark and Mr. Hodges offered to stand the full amount of the loss, but Mr. Clark would not permit him to do so and the matter was compromised. The boy was only playing and the damage was entirely accidental.—Stella Press.

Evangelistic meetings are now in progress at the Methodist church. Song service begins at 7 o'clock promptly. Regular services at 7:30 o'clock. Miss Mae Phillips and Miss Minnie Nelson, two noted evangelistic workers from Illinois, will be here on next Thursday evening and will remain indefinitely. A large attendance is earnestly desired.—Brownville Biograph.

A letter from Mrs. S. W. Blair conveys the information that Cy Rhodes and family are now living in St Joe and that she is still making her home with them. She says Mr. Rhodes is doing well there, and that his daughters are working in a box factory. Mrs. Blair sends regards to her Stella friends, and writes that she would like to see them all.—Stella Press.

Gained Forty Pounds in Thirty Days

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Holley Bros. Merchants, Long Branch, Mo. For sale by W. W. Keeling.

Ran A Ten Penny Nail Through His Hand.

While opening a box, J. C. Mount of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed.—For sale by W. W. Keeling.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus instead of the natural juices of digestion. This is called catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by W. W. Keeling.

The total vote cast at the recent election was in round numbers 206,000. Barnes, the republican candidate for supreme judge, received 96,991 votes and Sullivan, the fusion candidate, received 87,966, giving Barnes a plurality of 9,025. The republican candidates for regents received an average plurality of 21,483.

United States Senator Dietrich has been indicted by the federal grand jury for soliciting and accepting bribes for his influence in securing the appointment of postmasters. There should be a thorough and complete investigation. It is hoped the senator is innocent, but if guilty we hope he will be convicted and punished. "Let no guilty man escape."

Nebraska was recognized as a territory of the United States May 30, 1854. Preparations are already under way to celebrate the fiftieth anniversary of the event. Nebraska's first governor was Francis Burt. He died October 18, 1854, two days after he had been qualified for the office and after having been in the territory only eleven days.—Ex.

The young men that marry at this season of the year probably never look at the quotations of hard coal and other necessities that will be required when he has become the head buyer for the family. The wise young man marries in the spring and lays up money sufficient with which to buy coal in the fall, for the money he would have spent in buying ice cream or taking his best girl out buggy riding.—Ex.

A Surgical Operation

Is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure you when everything else fails—it has done this in thousands of cases. Here is one of them. I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Sumner, S. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve Sold by W. W. Keeling.

The December Delineator (Christmas number) represents the high water mark of beauty and utility, and possibly of circulation also, in a woman's magazine, having the first edition of over a million copies. It contains 240 pages. To produce this mammoth edition 729 tons of paper and 49 presses working 25 were required. In addition to exquisite color work, clever fiction and strikingly illustrated articles, the number includes a display of charming winter fashions covering forty-two pages, letters from the foreign fashion centers and illustrated articles on the fashionable fabrics and trimmings, millinery, etc. There are many beautiful art features, among them four pages in color representing Babyhood, Childhood, Girlhood and Motherhood—the work of Bernard J. Rosenmeyer. For the children there are interesting games and stories, and for the housewife many practical suggestions in cookery and other departments of the home, for the Christmas season.

The house on the Philip Palmer farm in London precinct was burned Thursday night of last week. It was occupied by Lee Parriott, who, with his wife, child and hired man, barely escaped in their nightclothes. All their furniture, clothing, etc., was burned.

Louis Fisher and wife, who have been visiting their children in this county, and also their old home and friends, started from Auburn on Monday for their home in San Diego, Cal.—Peru Pointer.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley, "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for the same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take.
