Liquor Case Dropped.

The case which was recently instituted against Ike Pollard, a well-known citizen of Humboldt, alleging some irregularity in the handling of intoxicating liquors and which was slated for trial in Judge Thompson's police court, has been dismissed. The parties who were behind the prosecution found that nothing could be done with the defendant for the reason that the offense charged—the giving away of liquor to another person—was not covered by the ordinance.

Hair Catches in Beltting.

Miss Ollie Holbrook was injured in Leibold's bakery in Nebraska City. Miss Holbrook was passing the machine used in bread making and in some manner her hair caught in the belt running to the machine. In the twinkling of an eye she was jerked forward against the machine and her hair and scalp torn from her head. She is resting easily at this time, but the seriousness of her injuries cannot be ascertained for a day or two.

Fugate was completely destroyed, but most of the contents were saved. The property was worth from \$2,500 to \$3,000. The origin of the fire is not known, but is supposed to be due to a defective flue, as the fire started in the partitions.

Joy Turned to Grief.

B. L. Righter returned to his home in Lincoln with Christmas presents for his wife and son and found the former sitting in a chair dead, the result of a dose of strychnine self-administered. Righter opened the door, placed the bundles on a table and then went to the side of his wife. He placed his hand on her face and discovered the awful deed. The death was particularly pathetic because the same night at Hebron, Ia., a sister of Mrs. Righter was to have been married. Mrs. Righter was 30 years of age and was the mother of a six-year-old son, who, with his father, survive her. She had been in ill health and this is supposed to have occasioned her suicide.

He was discovered by one of his children in a dazed condition and utterly unable to give an account of his injuries. Later he was able to describe how he was injured. He was attacked by the animal, receiving bad bruises about the head and face, but managed to escape quickly. He is unable to tell just how long he had been in his condition when discovered.

Promise Asylum Next Year.

"You may arrange for a banquet in October. If the Nebraska state hospital for the insane at Norfolk is not completed by that time, I will pay for the feast. If it is, you pay for it." It was in this fashion that Commissioner Follmer, who went with the others of the board of public lands and buildings to Norfolk, assured Chairman W. M. Roberts, of the local committee, that the rebuilding of the state institution at that place would be finished by next fall.

Won't Permit Dancing.

The management of Osceola's new \$10,000 auditorium thought to have it ready to open the first of the year and had agreed with Prof. Dearborn that he could have full control the opening night, so the professor was to have home talent for a musicale. He had organized a large chorus class and had been drilling it the past month, but the whole musicale has been abandoned because it is proposed to have a dance first. The professor doesn't approve of dancing.

Want It Systematic.

Secretary Bennett, of the state board of equalization, has sent out notices to the various county assessors requesting them to meet in Lincoln, January 20, for the purpose of discussing the work they have to do with a view to making it systematic and that the law may be given the best possible chance to make good. The secretary is just now wondering what to do about the taking of credits.

Growth of Teachers' Association.

The membership of the State Teachers' association this year was the largest in the history of the association, which fact recalls that its growth has been little short of marvelous. From a membership of 162 in 1887 it has grown to an organization enrolling almost 2,000 members yearly.

PROTECTION AGAINST FLOODS.

Mr. Clothier, of the Bureau of Forestry, Wants People in Smoky Hill and Kaw River Valleys to Plant Trees.

Junction City, Kan., Dec. 24.—George L. Clothier, field assistant in the United States bureau of forestry, is here to make a study of the Smoky Hill and Kaw river valleys from Salina to Kansas City. Mr. Clothier will hold a public meeting here in January for the purpose of getting the people who live in the valleys of the two rivers interested in the matter of planting trees to take the place of the great number that were washed out by the flood last spring, and also for the purpose of inducing the people to plant forest trees on the sandy stretches of land that were made by the overflowed streams. Mr. Clothier argues that the tree planting would be a profitable undertaking, as well as a great protection in case the valleys are ever visited by a flood again.

FOR LOVE OF A GIRL.

Two Men Have a Fight with Revolvers and as a Result Both Are Dead.

Joplin, Mo., Dec. 24.—As the result of a duel with revolvers at the home of Weas Narramore, sheriff of McDonald county, at McNutt Mills, Vest Collins and Cooper Lauderdale are dead. Lauderdale and Collins were rivals for the hand of Miss Beattie Lowe. Both men asked Miss Lowe for her company to the dance. She favored Lauderdale, who escorted her. Collins was also there. He suggested to the young woman that, as Lauderdale had escorted her to the dance, it was only fair that he be allowed to take her home. She accepted and Collins and the girl started home, when Lauderdale interfered. A fight ensued and revolvers were drawn. When the shooting began the girl fainted.

A TARGET FOR ABUSE.

Strikers' "Pickets" in Chicago Would Not Permit Mourners to Accompany a Corpse to the Train.

Chicago, Dec. 24.—While hiversmen and undertakers are making preparations to resume service to patrons, "pickets or no pickets," indignities continued to fall to the lot of funeral parties. The driver of an ambulance which was taking a body to a train, was made the target of abusive epithets, and in another instance mourners were delayed by pickets until the body which they were accompanying had been placed aboard a train and the train had left the station.

Robbers Entered the Grand Central Depot at Kansas City and Secured Over Two Hundred Dollars.

Bold Robbers at Kansas City.

Kansas City, Mo., Dec. 24.—H. E. West, a dairyman of Denver, Col., was robbed of \$60, a gold watch, suitcase and overcoat at Fifth and Central streets last night by three negroes. West was left with only five cents. A few minutes later John Howell, of Hoisington, Kan., was "held up" at Fifth and Wyandotte streets by the same negroes and relieved of \$25.

SISTERS OF CHARITY

Use Pe-ru-na for Coughs, Colds, Grip and Catarrh—A Congressman's Letter.

In every country of the civilized world Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent Sisters have found Peruna a never failing safeguard. Dr. Hartman receives many letters from Catholic Sisters from all over the United States. A recommend recently received from a Catholic institution in Detroit, Mich., reads as follows:

Dr. S. B. Hartman, Columbus, Ohio:
Dear Sir:—"The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured."
—Sisters of Charity.

The young girl was under the care of the Sisters of Charity and used Peruna for catarrh of the throat with good results as the above letter testifies. Send to The Peruna Medicine Co., Columbus, Ohio, for a free book written by Dr. Hartman.

Getting Her Money's Worth.
Milly—I was weighed this afternoon and tipped the scales at 99 1/2 pounds.
Billy—I think that if the man that had weighed you had been real generous, he would have thrown in three-quarters of a pound, and made it an even hundred.
"So do I. But he was raving one of those 'You weigh for a cent' affairs. The next time I'm going to try a 'nickel-in-the-slot' machine, and maybe I'll get more for my money."—Detroit Free Press.

Mr. Grover's Case.
Frederika, Ia., Dec. 28.—Mr. A. S. Grover is now 74 years of age. For the last 30 years he has suffered a great deal of sickness, and, although he is a temperate man and never used spirits of any kind, his kidneys had troubled him very much. He said:—"I was told I had Diabetes, and my symptoms corresponded exactly to those of a young man who died of Diabetes in this neighborhood. My feet and limbs were bloated quite a little."
"I heard of Dodd's Kidney Pills, and at last determined to try them. I took in all ten boxes before I was well, and now I can truthfully say that I am all right. The bloating is gone from my feet and legs. I have gained eight pounds in weight, and can sleep well at night, and every symptom of my trouble is gone."
"It is some time now since I was cured, and I have not had the slightest return of any symptom of the old trouble."

Returns—"What do you get in return for your verses?" "Reverses."—Detroit Free Press.

Dr. Hartman, one of the best known physicians and surgeons in the United States, was the first man to formulate Peruna.
