George Fisher is a great admirer of the red hogs and says they are the most prolific breeders of any hog. He has good reason for this belief as one of his big sows brought forth twenty-two pigs a few days ago. So far as we have ever heard this beats the record. If anyone can beat this let them come forward.

N. H. Cornell, one of the proprietors of the Chimney Rock Medicine company of Omaha, was in the city Wednesday transacting business. Mr. Cornell is well known here, having married a Nemaha county girl, Isabel McCandless, who formerly taught in the Auburn public school.—Auburn Herald.

J. H. Seid's flock of sheep is increasing at a rapid rate. Tuesday night one of the ewes gave birth to four lambs. Henry says if any of our readers are from Missouri to tell them to come over and he will show them. If all his sheep are that prolific he will soon be overrun with sheep. The four lambs are nice thrifty fellows and are doing nicely.

George Fisher, Alf B. Kinton J. H. Seid, John H. Knapp and L. S. Colerick are proprietors of a circle saw for sawing wood and made a record breaking performance recently. In just 50 minutes they sawed 4 cords of dry oak wood twice in two. Who can beat this record? The wood belonged to O. G. Whitfield, and the boys got through so quickly they had no excuse to stay for supper. They will know better next time.

R. W. Furnas was re-elected secretary of the state board of agriculture at the meeting held at Lincoln last week. Mr. Furnas is one of the best managers of fairs and expositions in the west and always makes a success if he has half a chance. The Granger is arranging to print a county directory.

Traveling is Dangerous

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure.—M T Hill.
