What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get the best results.—M T Hill.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system.—M T Hill.

A New Invention

Minick's Field Corn Husking Machine husks the corn from the stalk, leaving stalks standing in the field. Exclusive state and manufacturer's right for sale by the inventor and patentee. Correspondence solicited. Address 44 H. T. MINICK, Nemaha, Neb.

Traveling is Dangerous

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure.—M T Hill.

BETTER THAN GOLD

I was troubled for several years with chronic indigestion and nervous debility," writes F. G. Green, of Lancaster, N. H. "No remedy helped me until I began taking Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Improves the digestion and assimilation of food, strengthens the nervous system and restores them to the health vigor and elasticity of spirits natural to childhood. 25c at Hill's.
