

J. D. Rainey moved his stock of drugs to Auburn this week and was there a couple of days getting things in shape. He expects to move his household goods next week. R. T. Rainey will put in a new stock of drugs and medicines, which are expected to arrive tomorrow.—Brownville Biograph.

The Peru assessor difficulty was again settled on Wednesday by County Assessor Maxwell appointing W. O. McKenney and the board of county commissioners confirming him.

The vacancy in Glen Rock precinct caused by the resignation of W. M. Davis was filled by the appointment of Michiel A. Reed. There was no opposition to the appointment of either of these men.—Auburn Post.

Uncle Billy Paris is a sort of an unbeliever. He has to see things before he believes them, and to convince him that he had raised cord-wood with his corn this year, Dave Frazier of Nemaha sent Mr. Paris four corn cobs by mail last Saturday, which measured fourteen and fifteen inches in length. Mr. Paris believed that they would make good kindling wood and took them home to show his neighbors.—Post.

We hear various rumors about the oil well at Brownville. One report is that the reported find of oil is a fake, pure and simple. A pipe had been laid in the ground about eight feet leading from a barrel of crude oil to the hole where the oil was "discovered." Another rumor says a strict examination failed to find any pipe or other evidence of fraud and that the company is going ahead to bore for oil and test the thing.

The interest in the Post's free trip to St. Louis is not abating any. The coupons in the Post are being saved and sent in, and more of these were voted during the past week than ever before. More people are becoming interested every week and the contestants are getting down to work.

Miss Dora Morton of the first district made the largest gain of anyone this week, she having 1550 votes to her credit for the week's work. Miss Daisy French of Auburn stands second with 1090 votes for the week's work, while Miss Edith Snodgrass of the third district is a close third with 1020 votes to her credit.—Post.

Dr. Bergin, Pana, Ill. writes: I have used Ballard's Snow Liniment, always recommend it to my friends, and I am confident that there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50, and \$1.00 at Hill's.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

A few weeks ago Prof. Steuteville forwarded an exhibit from the schools of this city to be displayed at the St. Louis fair. A letter from the manager of the Nebraska educational exhibit has just been received which is so gratifying that we feel warranted in giving it space:

Mr. W. Steuteville, Gering, Nebr.

Dear Sir.—Your package came by express today, and we were so pleased with it that we wish to acknowledge its safe arrival at once. What you send is particularly varied and meritorious. For the size of the exhibit yours is one of the best, if not the best in many ways, that have come to us. It will press some of the larger towns to do better. I am planning special arrangements for the display of the Gering collection. But one other school has sent music. Yours stands far ahead. As to the young lady who drew Pharaoh's Horses there is not a doubt about her deserving every opportunity that can be given a girl. I feel sure of my judgment because as a boy I had instruction in drawing under Beaugureau, a French artist, and later at the Yale Art School of New Haven, Conn. If she should attend the University Art School, then go east, she might be the full equal of Miss Cleaver of Fall's City, now a fellow in the Art Institute of Philadelphia. We have discovered two other cases as remarkable as this girl, one at Osmond and one at York. The Gering girl ties honors with all of them. Give her every encouragement. All she needs is an art school training. She has an art sense by nature. You can see by this letter we are pleased, and if the superintendent of this state does his part as well as you and your teachers and pupils have done theirs he will have to work. Very truly yours,

ERWIN H. BAREOUR.

The young lady whose drawing is referred to is Miss Emily Johnson, who undoubtedly possesses the talent credited her by Prof. Barbour. The corps of teachers in the Gering schools has never been excelled, and the people of this community are fully warranted in their pride felt over the standing of our schools.—Cering (Neb.) Courier.

NEARLY FORGOT HIS LIFE

A runaway almost ending fatally started a horrible ulcer on the leg of J B Grner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure. Equally good for burns, bruises, and skin eruptions and piles. 25c at Keeling's Drug Store

Cures When Doctors Fail

Mrs. Frank Chiasson, Patterson, Ia., writes June 8th, 1901: "I had malaria fever in a very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return, I used a sample bottle of Herbine, found it helped me. Then I bought two bottles, which completely cured me. I feel very grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering with malaria, as it will surely cure them." Herbine, 50c bottle at Hill's.

It is said of John Wesley that he once said to Mistress Wesley, "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for the same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. Spring Ailments

There is an aching and tired feeling, the liver, bowels, and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite no ambition for anything and a feeling that the whole body and mind needs toning up. The trouble is, that during the winter, there has been an over accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and give strength in place of weakness. 50c at Hill's.

Holds Up a Congressman

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork nervous tension, loss of sleep and constant speaking I had about utterly collapsed. Over-worked run-down men and weak, sickly women gain splendid vitality from Electric Bitters. Try them. Only 50c.—Guaranteed by Keeling.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marblehead, Ill.

Chris Miller of Fremont Nebr. writes: "I suffered from dyspepsia for more than 10 years. I was under the care of a number of doctors, made three trips away, and still no relief. Kodo Dyspepsia Cure being recommended to me by several who had used it, and as the last straw, I concluded to try it. After the first two or three doses I began to improve and have taken several bottles and feel like a new man. I write you this in the interest of humanity, hoping it may fall into the hands of some sufferer, and my prayer is that they may secure the same benefit that I have." Sold by W. W. Keeling.
