John W. Hawxby's cave fell in Monday morning. One-half of the top first caved in. John began to carry out his canned fruit. While he was out of the cave with a load the other half fell in. If he had been in the cave then he would have been killed, as there was three feet of dirt on top.

While you are looking over our stock of lumber, just take a little more time and look at our hardware, stoves, tin and crysolite ware--don't forget to consider the quality of the goods in considering the price--we also have a stock of furniture, barnes, etc. In fact we can sell you almost anything and sell it right too. Come and see--Edwards & Bradford Lbr. Co.

Traveling is Dangerous

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. Effhausen locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." --M T Hill.

The heavy rains Saturday and Sunday caused the Nemaha river to overflow its banks. The overflow did not reach Nemaha, as the Missouri river was low enough to allow the surplus water to be carried off rapidly. At Auburn it was over the wagon road and between Nemaha and Bracken was over the low lands. The farmers are hoping this is the last overflow for the season.

Prof. Chittenden of Kearney gave a lecture at the opera house Friday night of last week on "Scottish Highlands," illustrated with stereopticon views. His lecture and the views were good. He closed his lecture with a talk in favor of the Royal Highlanders, under whose auspices the lecture was given. Amaziah Johnson, a Highlander deputy, also gave a good talk on the Highlanders. The lecture was enjoyed by a large audience.

For low prices and a square deal go to Edwards & Bradfords Lumber Co.

Brownville had another fire Thursday morning, but fortunately got it extinguished before a great deal of damage was done. Mr. Ranney, the editor of the defunct Biograph, has been living in a house just east of the lumber yard. He moved out Wednesday, The next morning about six o'clock Mr. Barber, manager of the lumber yard, discovered fire in the upper story of the vacant building. A bucket brigade was formed and the fire put out. How it started is a mystery.

A work train is now at Nemaha and will put in ditches sufficient to drain off the water on the bottom land when the Nemaha and Missouri rivers are low enough to take the surplus water. For the past two or three years the pastures east and south of town have been flooded after every rain, and the water would stay on for several days. Through the efforts of F. L. Woodward the B. & M. Co. have been induced to ditch the right-of-way to take off the water. The work, it is estimated, will cost about \$700.

Bring us in your bill and let us figure with you. None too large and none too small to insure lowest prices and a square deal.

Edwards & Bradford Lbr. Co.

Do you make garden? If you do buy your seed from the Old Reliable seed house cheaper than you can buy elsewhere in Nemaha county.

P. KERRER.

Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system.--M T Hill.

Holds Up a Congressman

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all of my organs were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Over-worked run-down men and weak, sickly women gain splendid vitality from Electric Bitters. Try them. Only 50c. --Guaranteed by Keeling.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness.--M T Hill.
