I was troubled for several years with chronic indigestion and nervous debility," writes F G Green, of Lancaster N H. "No remedy helped me until I began taking Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. Last Saturday Miss Maye Gaither was bringing Miss Grace Paris to town, driving the doctor's black team, when one of the horses began to kick while coming down the incline this side of W. G. Maxwell's farm, and got one leg over the pole. Miss Gaither and Miss Paris each took a line and managed to hold the horses and turn them into a hedge. A. P. Paris was a short distance ahead of the young ladies and when he noticed the trouble he quickly tied his own team and ran back to their assistance. He drove the doctor's team the remainder of the way and the young ladies came in with his team. One of the horses was cut on one leg by being kicked and was quite lame for several days.

Last fall Miss Nessa Fouch, daughter of Rev. M. S. Fouch of Brownville, was engaged to teach the "Happy Hollow" school, in district No. 33, three miles north of Nemaha. After teaching three months of the six months term she was notified that her services were no longer needed, and another teacher was engaged. Recently Miss Fouch, through her attorney, H. A. Lambert, brought suit for the salary for the remaining three months claiming that the board had no just cause for discharging her and that under the contract she was entitled to the salary for the full term. The case was tried before County Judge McCarty Tuesday and Wednesday, and the jury brought in a verdict for Miss Fouch for \$90, the full amount that was sued for. Stull & Hawxby, attorneys for the school district, it is understood will carry the case to the district court.

Stoves—yes, we have them—big stoves, little stoves—stoves for the rich and stoves for the poor, but the stove for everybody is the Monarch malleable iron range. You can't break it and if you live long enough to wear it out you won't have any kick coming, as you will be too old to kick. Drop in at Edwards & Bradford Lumber Co. and see it.
