

## PUSH THEM BACK AGAIN

RUSSIANS SUFFER REVERSES IN SUCCESSIVE ATTACKS

Ready With Reinforcements at Right Time—Russian Squadron Will Go Out and Fight When Time Comes

ST. PETERSBURG.—The czar has received from General Kurapatkin the following telegram, dated June 9:

"The Japanese bombardment on June 8 off the coast between Senyunchen and Kaiping caused no loss of life or material damage, although a considerable number of shells were fired. One man doing hospital duty was slightly wounded and two wagons were damaged. All was quiet on the coast this morning, but several Japanese ships were cruising in the offing.

"June 7 the Japanese slowly continued their march toward Sluayen by the Taku Shan and the Feng Wang Cheng roads. Their advance guard did not approach nearer than five miles south and east of Sluchen. On the morning of June 8 a Japanese infantry brigade, two mountain batteries and five squadrons of cavalry marched against Sluayen. At 11 o'clock the Japanese appeared before the town on the south side, but were checked by a very successful fire from our batteries.

"Japanese infantry then began advancing against the town from the east by the Feng Wang Cheng road, and came in contact with the Cossacks holding the pass. After two hours of fighting the Cossacks were obliged to retire and our artillery opened fire along the pass not allowing the Japanese to establish themselves. At this moment a Japanese mountain battery arrived and took position to the south, but after firing a few rounds was silenced by our batteries. A second Japanese battery did not succeed in getting into action, but was compelled to evacuate its position under the fire of our guns. In the course of the fight a flanking movement by several battalions of Japanese infantry was observed northeast of Sluayen threatening our line of retreat. Consequently our Cossacks gradually withdrew five miles from Sluayen, keeping up their fire from a battery on a dense column of the enemy at a range of 600 yards. The fire slackened about 5 o'clock in the afternoon. Among our losses were Cherebissineff, chief of Cossacks, Cornet Komarovski, and Lieutenant Colonel Posskhoff. To all appearances the Cossacks were engaged with troops of the Tenth Division.

### More Men Exiled.

COLORADO SPRINGS, Colo.—Acting under the orders of adjutant General Sherman Bell of the state national guard a special train was made up shortly after noon today in the Short Line yards at Victor for the deportation of seventy-six union miners. The train was composed of a combination of baggage car and two day coaches. Almost immediately the work of loading the men began. They were marched to the train between heavy lines of military and deputies. A crowd of fully 1,000 people had collected to see the men placed on board. Among the spectators were wives and sisters, fathers and mothers of the deported men, and the scenes were very affecting. Mothers, sisters and sweethearts cried goodbye and tried to push through the lines for a parting handshake.

### Accept the Terms of Peace.

NEW YORK.—The revolutionists of Santo Domingo are reported in a Herald dispatch from Puerto Plata, to have accepted in full the terms of peace proposed by the government. Although General Rodriguez had difficulty in convincing his companions that they should accept, everyone is satisfied with the arrangement.

The success of the peace commission was due to Governor Cespedes of Puerto Plata, United States Vice Consul Lithgow, and Commander Dillingham, whose courtesy in placing the Detroit at the disposal of the commission in Monte Cristo harbor greatly aided its work. Commander Dillingham has taken great personal interest in the matter, and the correspondent adds, much credit is due to him. The blockade of Monte Cristo has been raised, the whole country is now under the control of the Morales government and peace is assured.

## DEATH TO UNION

CRY OF CITIZENS' ALLIANCE AT CRIPPLE CREEK

DECREE SENT BROADCAST

DEMAND MADE FOR BANISHMENT OF EVERY MAN

Portland Mine Ordered Closed Down in Proclamation of General Bell—Continued Roundup of Prisoners

CRIPPLE CREEK, Col.—Death to the unionism in the Cripple Creek district is the new slogan of the citizens' alliance, which has sent a decree broadcast that every person connected with any union here must either sever his or her connection with such organization or leave the district.

The latest stand of the anti-unionists was vaguely hinted at two days ago, but the movement on the part of the alliance seemed so absurd to three or four thousand unionists in the camp and its enforcement fraught with so many difficulties that it was not taken seriously.

Tyson S. Dines, a Denver attorney, and one of the executioners of the Stratton estate, is here in conference with the citizens' alliance leaders, and it is announced that he is here bearing a form which will be presented to every merchant and business man and other employer of labor not to employ any person who is affiliated with the labor union.

No person who works for a living will be exempt, and the absolute annihilation of unionism in this county is predicted by members of the citizens' alliance and the mine owners' association. This is considered the most drastic step yet taken by the alliance since it secured the upper hold in the district and its enforcement will affect 3,000 men and women now affiliated with the various unions.

Among the unions that will be affected by the new movement are clerks, cooks, and waiters, bartenders, carpenters, electricians, trainmen and stone and brick masons. The unionists assert they will fight the movement to a finish.

The mining exchange hall is being used as a bull pen in addition to the Victor armory. Armed deputies are perched in the galleries of the exchange. The prisoners occupy the pit of the call room. Several guards are at the door, each carrying repeating shotguns that contain buckshot. Families and wives of the prisoners are kept close to the building in an endeavor to see and have a talk with the husbands and fathers incarcerated, but in most cases permission was refused.

VICTOR, Col.—Adjutant General Sherman M. Bell, commander of the Feller county military district, today ordered the Portland mine, which employs union men, closed down.

### Bandits Run Down

GLENWOOD SPRINGS, Col.—A report has been received that two of the train robbers have been killed and that Deputy Sheriff Mober of Glenwood Springs has been shot, though the seriousness of his wounds is not known. A train load of men has left here to reinforce the posse who are fighting the bandits.

A pitched battle is reported here to be attacking place in the Divide creek country, twenty miles west of this place, between a number of cowboys and three men who are believed to be the train robbers who stopped the Denver & Rio Grande west bound passenger train near Parachute Tuesday night, blew open the express car and safe and escaped with one bag of specie.

Sheriff Adams today received a telephone message from Joe Banta, a ranchman on Mamm creek, to the effect that the three men came to his place this morning, and at the point of a gun forced the people on his ranch to give them breakfast.

### Convicts Increasing

LINCOLN, Neb.—Warden Beemer's semi-annual report shows that the population of the state penitentiary is increasing rapidly. The heavy increase occurred during the past month. The average number of inmates of the person each day during the past six months was 289.3, as compared with an average of 277 for a similar period ending December 1, 1903.

The University of Michigan has purchased the dental library of the late Dr. Johnathan Taft, for many years dean of the department of dentistry of the University. The library will be added to the collection of dental books now at the disposal of the Faculty and students of the department.

### Old Soldier's Story.

Sonoma, Mich., June 13.—That even in actual warfare disease is more terrible than bullets is the experience of Delos Hutchins of this place. Mr. Hutchins as a Union soldier saw three years of service under Butler Barke in the Louisiana swamps, and as a result got crippled with Rheumatism so that his hands and feet got all twisted out of shape, and how he suffered only a Rheumatic will ever know.

For twenty-five years he was in misery, then one lucky day his druggist advised him to use Dodd's Kidney Pills. Of the result Mr. Hutchins says:

"The first two boxes did not help me much, but I got two more, and before I got them used up I was a great deal better. I kept on taking them, and now my pains are all gone and I feel better than I have in years. I know Dodd's Kidney Pills will cure Rheumatism."

It is usual for the Egyptian bride to affect shyness and embarrassment. On no account must the eyes be lifted from the ground. The bride is led about by her nurse—a functionary who plays a prominent part at the wedding, and whom it is the fiance's interest to "tip liberally"—and two other attendants, while a couple of slaves fan her continually to cool the burning blushes which are supposed to mantle her maiden cheeks.

### Beware of Ointments for Cataract that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Cataract Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Cataract Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.

Berries will retain their shape and firmness more perfectly if sugared two or three hours before cooking. A small lump of alum added to the syrup will also serve to harden the fruit.

### HAS TRIED BOTH.

Travel for Health vs. Europe. A man who was sent to Europe for his health and finally found cure in a little change in his diet says:

"I was troubled with dyspepsia for five years, and two doctors here in Kenosha that treated me for over a year both told me there was no help for me. Then I had an expert from Chicago but still received no relief; then followed another expert from Chicago who came to our house two times a month for four months. He gave me up like all the others and told me to take a trip across the ocean, which I did in the year 1899 and came home about as bad as when I started. The doctors told me my stomach lining was full of sores. Then I began to study my own case and learned of the diet recommended by the Postum Cereal Co., so I gave up coffee, pork and all greasy foods and began using Postum Food Coffee. Gradually I got better and better until I am well now as I ever was in my younger days, have no trouble and eat anything fit to eat.

"Sometimes away from home I am persuaded to drink coffee, but I only take a sip of it, for it tastes bitter and disagreeable to me, but the longer I use Postum the better I like it and the better I feel. I could say a great deal more of my experience with Postum, but think this will give every one a good idea of what leaving off coffee and using Postum can do." Name given by Postum Co., Battle Creek, Mich. Look in each pkg. for the famous little book, "The Road to Wellville."

## FIGHT IN THE HILLS

COLORADO STAINED WITH BLOOD OF MORE MEN

Said to Have Started Fight by Firing From Hiding on Militiamen—A Second Battle Near Victor

CRIPPLE CREEK, Col.—A pitched battle at Dunville, twenty miles south of Victor, took place at 4 o'clock between 200 deputies and guards, under Adjutant General Bell, and about 150 miners from the Cripple Creek district. The miners were entrenched in the surrounding hills. Fifteen miners were captured and six union miners were killed.

The captured miners included John James, charged with shooting John Davis in the riot at Victor. Among the dead was John Carley, a union miner of Cripple Creek. Great excitement prevailed in this city upon the receipt of the news of the battle. The deputies secured the arms and ammunition of part of the miners.

As a special train bringing the deputies drew up at Dunville, the union miners entrenched in the neighborhood opened fire. General Bell got his men out and stormed the entrenchment positions, capturing fifteen, the arms and ammunition of these men being captured. In the fierce fight which followed six union miners were killed. Their names are unobtainable at this time. At 4:50 the battle is still in progress, the union miners fighting stubbornly. The miners have well entrenched positions in the hills and are shooting down the soldiers and guards at every opportunity. The surrounding country is favorable to the miners, and it seems that General Bell will have to take every defense separately.

VICTOR, Col.—A second battle has just taken place. Seven soldiers sent on horseback to Big Hill, two miles east of Victor, to arrest union miners found them entrenched. The men refused to surrender and the soldiers opened fire. Over 200 shots were fired.

The miners opened fire on the soldiers as soon as they saw them coming up the hill. No one was wounded. Seven men were captured by the guards and taken to Cripple Creek.

### Shoots Man in His Office

ALBANY, N. Y.—Richard E. Preusser of the brokerage firm of R. E. Preusser & Co. No. 423 Broadway this city, today shot and killed Mile B. McDonnell, a traveling man of Boston, in the latter's room on the second floor of the Ten Eyck hotel. Preusser then quietly walked down the stairs, through the lobby where a dozen people were sitting, and out to the street to police headquarters. At the entrance of the latter building he met two officers who were on their way to the Ten Eyck, having been telephoned for. Going up to them, Preusser said in a quiet tone:

"I've just killed McDonnell" and I came to give myself up.

### Raid On Rio Grande

DENVER, Col.—Denver & Rio Grande passenger train No. 5, west-bound from Denver, was held up by five masked men three miles west of Parachute, a small fruit station between Grand Junction and Glenwood Springs.

One sealed bag containing specie was taken from the express safe, which was dynamited. The express car was badly wrecked by dynamite, but the robbers were forced to take to the mountains before they could gather up the valuables in the car. Sheriff W. G. Struthers and Deputy Sheriff D. M. Hardy of Grand Junction are now upon the trail of the robbers with a posse of farmers and ranchers who were quickly summoned from the vicinity. Sheriff Frank Adams with another posse from Glenwood Springs is also scouring the surrounding country.

### Funeral of Mrs. Clemens

FLORENCE.—A funeral service of the simplest character took place today over the body of Mrs. Samuel L. Clemens, in the villa quarto, after a vexatious visit from Sanitary officers and compliance with annoying formal regulations. Only members of the family were present. The coffin was taken to a temporary vault from which it will be sent to Genoa and placed aboard a steamer sailing for New York June 25. Mr. Clemens will go to the United States with the body.
