Letters received here announce the illness of Mr. B. A. McMillan of Salt Lake City and the necessity for an operation. Both Mr. and Mrs. McMillan are well known Nebraskans. Mrs. McMillan having been Miss Stewart of Brownville, one of the most beautiful girls the state has produced.

Mrs. McMillan, referred to in the above item, taken from the Lincoln Star, is the daughter of Dr. C. F. Stewart of Auburn, who will be remembered by all old Brownville people, where she was born and grew to young womanhood.

The board of directors of the Auburn chautauqua association have settled all bills for this years assembly and find that they have a good sum left in the treasury to their credit. They are now at work arranging for next years program which they intend to make even better than the past year.

Rev. Andrew Harmon of St Paul Minnesota, has been engaged for another year as superintendent and Miss Nina Kenagy of Lincoln as superintendent of the children's chautauqua which was such a success this year.—Auburn Republican.

Rural mail carriers are still having trouble explaining to patrons why they cannot carry packages and passengers. In July a ruling was made by the department that packages weighing less than 4 pounds must be mailed. The carriers can carry packages of over 4 pounds weight only when ordered beforehand by the patron, and then the package must be delivered to the carrier as he is not permitted to go to a store for goods for his patrons. Also, the patron must pay for the carrying, as the carrier is not allowed to receive pay from the merchant.—Ex.

A dispatch from Nebraska City says: "E. Ervin of this city has taken the contract for the construction of a steamboat with a capacity of 60,000 pounds for Mr. Lemon of St. Deroin. The boat will be used to take his grain and that of his neighbors to market. There will be three large barges built at the same time which can be towed by this boat and they will be fitted up to carry stock as well as grain. Mr. Lemon proposes to operate on the upper Missouri river. When the boat is not being used to tow barges and carrying freight it will be used as a ferry at St. Deroin. The boat will be completed by spring, and will be placed in the river as soon as it is clear of ice in the spring."

HICKS' 1905 ALMANAC
The Rev. I. R. Hicks Almanac for 1905 is now ready, being the finest edition ever issued. This splendid and costly book of 200 pages is a complete study of astronomy and storm and weather for 1905. It is too well known to need comment. See it and you will so decide. The price, postpaid to any address, is 30c. per copy. The Rev. I. R. Hicks' scientific, religious and family journal, Word and Works, now abreast with the best magazines, is 75c. a year. Both Word and Works and the Almanac \$1.00 per year. No better investment possible for any person or family. Try it and see. Send to

AUBURN LOCALS.

The twenty-four ox team ditching machine has been quite a curiosity for our citizens this week.

Quite a number of the citizens of the county drew a sigh of relief when the grand jury was discharged.

Joe Glasgow of Peru was over this week and laid brick sidewalks for Dr. S. W. McGrew and Mrs. H. E. Peery.

The Christian church people are excavating from under their church for the purpose of putting in a heating plant.

Ex-sheriff Frank Cole was up from Oklahoma the latter part of last week shaking hands with his many old friends.

The Methodists held their last service in their old church on Sunday evening. The old building has been sold to Tid Dustin who began on Monday to tear it down and will make it into houses.

Ex-County Treasurer Geo. E. Codrington was visiting friends in the city over Sunday. Mr. Codrington has purchased the telephone exchange of Cleveland, Oklahoma, and will move his family there at once.

Chas. Anderson, manager of the Auburn Gold Mining Company, who has been at home for the past month nursing a sprained ankle, returned to the Black Hills on Monday to superintend the putting in of the foundation of the pumping plant that the company will install in the spring.

District court began its fall term on Monday with Judge Kelligar on the bench. The grand jury was discharged because their was a technicality of law raised on the legality of the calling of the jury. Judge Kelligar thought it better to discharge the jury and call it for the next term when there could be no objection raised.

Nemaha County fared remarkably well in premiums taken at the St. Louis exposition on fruit. The state of Nebraska received a grand prize for its display of fruit. The state was only beaten by Colorado which stood first.

Nemaha county received a gold medal for its collective exhibit.

G. W. Alexander of Julian received a gold medal for his display of grapes. Richardson county received a silver medal for its collection.

John W. Furnas of Brownville received a silver medal for his collection of apples.

R. W. Hesselbine of Peru, Geo. S. Christy and George Dominy of Johnson and J. F. Shubert of Shubert each received a silver medal for their display of fruit.

G. W. Alexander of Julian received a bronze medal for his raspberries.

A. E. Britten of Auburn, H. A. Brown & Sons of Brock, John Davies of Brownville all took bronze medals on pears, and B. F. Fredenberg of Johnson a bronze medal on apples.

The pretty girl on the cover of The Designer for January will undoubtedly tempt more than one man to investigate the pages to which she acts as gate-keeper. Two articles in this number have a decidedly western flavor. A "Chinese New Year in California" and "The Stanford University and its Girls." The observing man or woman, who has watched the wonderful contortions of which the human countenance is unconsciously capable will occur with Bertha Hasbrook, who writes on "The Making of Faces." "Our Winter Boarders—The Downy and Hairy Woodpeckers," is a charming bit of nature study, and "A Dinner of Herbs" is a capital New Year story in which two widows, two bachelors and a bull-dog take prominent part. "Pleasant Sitting rooms," by Mary Kilsyth, shows how to combine comfort and attractiveness in the living-room. In the fancy-work line there are "Initialing Household Linen," "Filet or Gittery! Embroidery," "Hand-made Sweaters" and "Ribbon Decorations."

A Frightened Horse
Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable Salve handy and there's none as good as Bucklen's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles, disappear quickly under its soothing effect. 25c. at Keeling's Drug Store.

SCHOOL NOTES

"The world detests a whiner who is satisfied to work with one finger when he should work with both hands including thumbs and fingers."

We would like to ask that all patrons who have pupils in school from adjoining districts would see that their tuition is paid up before holidays as we want to straighten up our books at that time.

The school now receives the daily U. S. Weather Report sent out by the U. S. Weather Bureau. The Physical Geography class also keep a daily weather record besides other laboratory work thus learning of the weather by actual observation.

Have you seen the Nemaha County Teacher? Many counties publish county magazines for the teachers but we doubt if any are above the Nemaha County Teacher for genuine usefulness and practical help to patron and pupil as well as teacher. Long may it live to carry on its good work.

The boy who has time to loaf on the streets or go to every show that happens along is usually the one that knows nothing about his school work. Wonder why? Of course you do not learn all there is in the world in school but the quality of the knowledge gained in school compared with that of the street will prove its superiority and it is the superior things that should demand our attention.

Good intentions do not count for much in this world. It is not what you intended to do but it is what you did that started the game to going. The "I did not mean to do that," "I meant to get my lesson" and such expressions are not excuses nor will they be accepted as such. He who can't do anything but tell what he intended to do is injuring the school and himself both. Do something. The doing will speak for itself.

During Christmas holidays is a time when all especially enjoy music. It was during this time of year when the shepherds on the hills of Bethlehem heard that glad song of the angels saying, "Peace on earth good will to man" So it is especially appropriate that we should have the Petersen Sisters Concert Company with us at this season. They may not have the voices of angels yet they can help to spreading good will among men. You have had bean soup and pumpkin pies now is an opportune time for a musical diet. Make your friend a gift of a ticket to this number of our course as a Christmas present. Nothing will be more appropriate.

Each pupil should learn to be neat in personal appearance, should use taste in the arrangement of his work on the board or on his paper. He should keep his own room in order, his cap and coat in place and always see that his shoes are clean before entering the house or school-room. He should not only feel responsible for his own desk at school or his own room at home but he should feel an interest in the whole house or room as well. It he learns and practices order in his early days it will probably be a permanent habit by the time he is a man. And think of the old broken down fences, unkept yards, etc., that would not be so if all our men of to day had learned that habit in youth.

If you want fire insurance, either in old line or mutual companies, call on W. W. Sanders.

Notice of Sale

Notice is hereby given that on Saturday, December 24, 1904, at the residence of B. I. Colerick, in Nemaha precinct, Nemaha county, Nebraska, at 1 o'clock, p. m., I will offer for sale to the highest bidder for cash, one dark bay horse supposed to be about 10 years of age. Said horse to be sold as an estray.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y.
