Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Theodore Roosevelt was duly installed as president last Saturday. As he told his wife after the election, he is no longer an accident. A big majority of the people said he was the man they wanted for president, and now even the democrats say he is the right man for the place. He is probably the most popular president we have had since Monroe, during the period of good feeling, when there were virtually no parties.

NOTICE OF VILLAGE ELECTION.

Notice is hereby given that the annual election will be held in the village of Nemaha City on Tuesday, April 4, 1905, at which time three trustees will be elected for the term of two years. The election will be held in the Advertiser office. The polls will be opened at 9 o'clock a. m. and will remain open until 7 o'clock p. m.

J. I. DRESSLER, Chairman.

ELMER E. ALLEN, Clerk.

It is now said that A. B. Allen of Tecumseh, private secretary to Gov. Mickey, who has been mentioned as a probable candidate for congressman to succeed Gov. Mickey. Hon. S. P. Davidson, of Tecumseh, also announced as a congressional candidate, it is said that he is a candidate for judge of the supreme court. But none of the Nemaha county candidates have withdrawn yet. They are all stayers—especially when they think there is an office in sight.

Every man thinks he knows how to run a farm, just as most men believe they could edit a better newspaper than those who are in the business. In both cases the man who really knows most feels most modest about it. Book farmers have long been the butt of universal ridicule; and book farmers often get control of agricultural papers and make a sad mess of it as leaders of the hard headed, common-sense farmers who have learned how to do things by doing them. Fortunately for Nemaha county, the farm paper most generally read here is The Iowa Homestead which is edited by practical farmers who live on and operate their own farms, besides being experts in the science and theory of agriculture. The Advertiser takes pleasure in recommending this excellent farm journal as the best exponent of practical and scientific agriculture, horticulture, stock-raising, dairy farming and the allied industries of the farm. We take subscriptions at this office; and believe that in so doing we are best promoting the interests of Nemaha county.

Take the wagonette when in Auburn if you want to go to any part of the city. John McElhaney prop.

Grave Trouble Foreseen

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as Mrs John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W. W. Keeling, druggist, at 50c a bottle.

AUBURN LOCALS.

Thos. States and family left Wednesday for Billings, Montana.

Crim & Lewis have rented the Frerichs building and will open up a stock of general merchandise this week.

Wm. Humphrey has been appointed manager of the Kirschbraum & Sons business in Auburn to succeed C. W. Bruner.

Tom Daugherty, the carpenter, was appointed as member of the city council to fill the vacancy caused by the resignation of C. W. Bruner.

Chas. Snow's combination sale last Saturday was a success. Articles brought a good price and the sale brought a large crowd to town.

Ex-county attorney E. B. Quackenbush and wife were called to Wilber the first of the week on account of the accidental shooting of his brother.

Thomas Daugherty is talking of erecting a cold storage plant here and if he receives proper encouragement one will be built during the summer.

C. W. Bruner, who for the past ten years has been the manager of the butter and egg house of Kirschbraum & Sons at this place has resigned to accept a position with a cold storage plant at Nebraska City.

The share holders of the Auburn Gold Mining Company held their annual meeting on Monday and elected the following six directors: H. C. Kleckner, H. A. Lambert, C. R. Hacker, Fred Lampe, A. J. Kuhlman and J. W. Wright. As soon as the pump arrives on the ground the first of April the directors will put a force of men at work and open out their placer mines upon a paying basis.

Horticulturists and farmers who are engaged in the raising of fruit in this vicinity will be interested in knowing that The Iowa Homestead is soon to begin the publication of a series of articles on spraying by Franklin Brown, an expert horticulturist who has had charge of extensive experiments in spraying at the Iowa Agricultural College. Mr. Brown, will in these articles, discuss the construction of all spraying apparatus with a view to showing the reader how to buy the best. He will also treat of the habits of insects and the special mixtures used in the destruction of each species. Plant diseases will receive his attention; and methods for their prevention will be outlined. A large number of formulas will be given, together with methods of mixing and applying same. The Advertiser earnestly hopes that every farmer in Nemaha county will become a subscriber of The Iowa Homestead before this valuable series begins. We are taking many subscriptions for this valuable farm journal and will be glad to forward many more.

Fraud Exposed

A few counterfeiters have lately been making and trying to sell imitations of Dr King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to be ware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

SCHOOL NOTES

Work, stick and retain.

Some of our boys have quit for spring work.

The pupils of the high school took their drawing lesson out of doors last Thursday. All enjoyed a profitable period.

The tenth grade have chosen their subjects for commencement themes. They are of a practical character and promise something original and instructive.

The boys enjoyed a game of one and over with Supt. Carrington Thursday noon. Some teachers, there are, who do not believe in playing with their pupils. Supt. Carrington thinks these miss one of their golden opportunities in not doing so. We would like to add a hearty "Amen."

The second grade are doing some weaving as a part of their language work at present. In this we see an opportunity given the child to express itself other than on paper. Here also is an example of teaching by doing. And after all it is the doing and not the knowing that counts.

The physical geography class took their first excursion last Monday evening. They made a study of the railroad cut just south of town. They expressed themselves as well repaid for the trip. They expect to take several more excursions before school is out if the weather permits.

There is no town but what has its loafers. That is to be expected. But it is too bad that part of these non-entities has to be made up of our boys. Lounging around in company with men who make the atmosphere foul with their language and tobacco smoke is any wonder our boys learn to smoke and are able to surprise their mothers by the use of words not found in the dictionary? Who is to blame? The boys? Not altogether. Yet that boy who sincerely desires to be a gentleman will never be found engaged in any such an occupation.

The month of February closed with 129 pupils in our schools. The average daily attendance was 110 or about 86 per cent of the enrollment. There were in all 55 tardy marks in the three

departments or one tardy mark to every two pupils on an average attendance. The per cent of attendance for Nemaha county for January was 78 or about eight below ours for February. The number of tardy marks for the county was about three for every two pupils in average attendance. Our attendance, you see, is then better than the average but with that we must not be satisfied. Can't we make the attendance 80 per cent of the enrollment for March.

We will send the Advertiser, the weekly Lincoln State Journal, the Iowa Homestead, the Farm Gazette and the Homemaker, all one year for only \$1.50. The regular price of these papers is \$3.25.

THE BEST MEDICINE FOR WOMEN
