Mrs. J. S. Hadlock, who has been visiting her parents, Mr. and Mrs. Walter Hadlock, for several days, returned to her home at St. Joe Monday.

The farmers are rejoicing over their wheat crop this year. The yield was good and the quality the best it has been for years, testing 62 and 63 pounds per bushel.

A game of base ball played here last Sunday between the Pleasant Hill nine, from near Stella, and the Nemaha nine, resulted in a victory for our boys by a score of 24 to nothing.

Mrs. Ed L. Culver of South Omaha arrived in Nemaha Thursday afternoon of last week, and is visiting her parents and brother, Dr. and Mrs. W. W. Keeling and W. F. Keeling.

S. F. Bridge of Orient, Oregon, in renewing his subscription, writes that they are having fine weather and enjoying good health. He sends best regards to all inquiring friends.

Stand Right Privileges

F. L. Woodward is the committee on stand rights for the old settlers picnic, to be held August 24. All who want stand rights should apply to him.

Miss Daisy Frazier is evidently a "new woman." Her mother's house needed painting, and as Daisy was at home on a visit, she got material and painted it inside and out and did a good job, too.

The Auburn Chautauqua begins Saturday of this week. A fine program has been prepared. Such lecturers as Robert McIntyre, DeWitt Miller and others on the program are not excelled anywhere.

John H. Argabright has a bad looking face, but says he hasn't been in a fight. A cow knocked him down and then walked over him, planting one foot in his face, skinning the cheek and around one eye.

Mrs. John G. Sanders of Aberdeen South Dakota, who has been visiting at Brownville, came to Nemaha Tuesday and visited her mother-in-law, Mrs. J. M. Sanders, until Thursday morning, when she started home.

Leonard West, son of the proprietor of the Nemaha brick yard, is quite an artist. He has painted some signs for the brick yard that will attract attention, even if the work is a little rough. It is said he can do good work in other lines.

Parties who planted potatoes early this year missed it, as they are not yielding well. The later planted potatoes, as a general thing, are doing well, but the cold spring and then the dry weather seems to have damaged the early planted ones.

Mrs. J. M. Fuller's night blooming cereus bloomed Tuesday night, for the first time this year. There are three more buds, but they are small and it is uncertain how soon they will come out. Many of our citizens went up to see the handsome flower.

Agent Wheeldon says the thermometer at the B & M depot registered 102 degrees above zero Wednesday afternoon and 105 degrees Tuesday afternoon. That is certainly hot weather, but it is not so uncomfortable here as in the cities, where people are dying by scores from heat prostration.

The following announcements for the Christian church are handed us: Sunday July 23—Bible school at 10 a. m.

Preaching at 11 a. m. Subject, a review of Sunday school lessons Nos. 3 and 4.

Mammoth pottery ware at Edwards & Bradford Lbr. Co.

During the storm Thursday night of last week lightning struck E. B. Sperry's wheat stacks, burning two of them. Mr. Sperry tore two other stacks down and got the wheat away from the fire. He had twenty acres of wheat in the four stacks and lost half of it.

Mr. and Mrs. Eugene Howe of Exeter, Nebr., arrived in Nemaha Thursday afternoon of last week on a visit to Mr. Howe's mother, Mrs. Seymour Howe. They expect to remain about two weeks. Mr. Howe has been engaged as principal of the Ord schools at a salary of \$100 per month.

Andrew Aynes received a photograph of the big engine put in this summer by the Auburn Mining Co. at their mines near Mystic, South Dakota. Marshall Webb and Dell, Charley Anderson, Swan Nelson and other Nemaha county men are recognizable in the group around the engine, which is an immense one.

The business men of Missoula, Montana, have recently organized a building and loan association with a capital of \$100,000. H. A. Wheeldon, brother of W. E. Wheeldon, the B. & M. agent at Nemaha, is treasurer of the organization. Mr. Wheeldon was formerly agent here. He is now employed in a bank at Missoula.

Some of our fruit growers are finding out that it pays to spray their orchards if it is done in the right way and at the right time. J. L. Speece, who has a forty acre orchard, will have over a thousand bushels of fine Winesap apples this year. His Ben Davis and Jonathan trees have very few apples on. His trees are all young ones. He has sprayed them several times this season, and the apples are all sound and of good size.

Dr. H. S. Gaither arrived in Nemaha Monday. The doctor has been at Clayton, Kas., for several weeks. Last Friday he got a telegram that Fay Gaither, telegraph operator at Heron Lake, Minn., was very sick with symptoms of appendicitis, and started at once to see him. He found Fay much better and came on home. The doctor is looking and feeling a great deal better than when he left Nemaha, having gained fifteen pounds.

We read a dispatch in one of the dailies telling of the sale of a quarter section farm near Brownville for \$130 per acre. A few years ago when land in eastern Nebraska first commenced to sell around the \$50 mark some told us that top prices had been reached, and that there would be a decline, but it has never come, and the top has not yet been reached. As we have often said before, there is nothing that beats Nebraska real estate as an investment. —Howell Journal.

Avis, infant daughter of Mr. and Mrs. Ellis Young, died last Friday night, at the home of her grandparents, Mr. and Mrs. Chas. Stilwell, in Nemaha, aged 3 years, 3 months and 5 days. Mr. Young was compelled to move his family from the bottom northeast of Nemaha on account of the high water. Little Avis was sick at the time. The funeral services were held Saturday afternoon at 4 o'clock and the body laid at rest in the Nemaha cemetery.

Prof. Wellington Rich recently died at the home of his son, David Rich, in Omaha. This will be sad news to a great number of people who were his former pupils. The editor is one of the large number that attended the Brownville high school while Prof. Rich was principal. Brownville at that time, 35 years ago, was one of the leading towns in the state, and her schools were excelled by none. Prof. Rich's pupils are scattered well over the world, but will have a kindly remembrance of their former instructor.

A BAD STORM

One of the worst electrical storms we have ever had here was that of last Thursday night. For some time there was a continual flash of lightning and crash of thunder. No damage was done in Nemaha, but in other parts of the county the lightning did much damage. W. H. McIninch's house and barn in London precinct were struck. Barney McIninch, who has the farm leased, was stunned by the shock. Fortunately the house was not set on fire, but the barn was burned to the ground with several sets of harness. The horses were out in the pasture. Dan Higgins' barn in Asbinwall precinct was burned. The barn was a large one and had about thirty tons of hay in it. The bolt went through the new hay, making a small hole, and setting the old hay underneath on fire. Men worked for nearly two hours trying to put out the fire, and at times thought it was all out, but suddenly it blazed up and nothing could be done. Charley Noe's barn, near Stella, was also burned with ten tons of hay. The first two were insured but there was no insurance on the last. E. B. Sperry of Aspinwall precinct had twenty acres of wheat in four stacks. Lightning struck and two of the stacks were burned. The other two were saved by tearing them down and carrying the wheat away. John Webber's long hay shed was struck twice, once on each end, but little damage was done. No hay was in the ends but in the center of the shed there was considerable hay. Charley Deverse's barn was struck but little damage was done. The cupola of the Christian church in Shubert was struck and some damage done. Several shocks of wheat were burned for Harry Russell. We have heard of no stock killed. In Auburn three houses were struck but in no case was much damage done.

Dr. W. W. Keeling puts up powders which have been designated as "Cure-Alls" by those using them, and they come as near curing all common complaints as anything we have ever tried. We don't know that they will cure corns, or grow hair on bald heads (if they did the latter we would sure use them), but for grip, colds, that tired feeling, indigestion, headache, backache, and most any other kind of an ache, sleeplessness, except that caused by a guilty conscience, and so many other complaints that we can't enumerate them, they are said to almost a sure cure. But the doctor is beginning to find they hurt his practice, as now many of his former patients simply call for "Cure-Alls" and treat themselves.

Dressmaking

Mrs. J. E. Crother requests to inform her friends and patrons she is now prepared to cut and fit to order.

In front of Keeling's drug store is now a favorite loafing place after supper this hot weather. Wednesday evening Press Barker, John Dressler A. G. Warren, Hank Barker and Miles Knapp held the stage for the entire session, telling how they used to work in harvest time; how fast they could bind wheat, making their own bands; how early they had to get up and how late they had to work; how they could bind and walk right along, not stopping for anything. And yet some people claim farmers work just as hard as they ever did.

How's this?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

The Election

A very light vote was polled at the special election Tuesday. In Nemaha just 100 votes were cast. Of these E. M. Pollard got 60 votes, Brown 39, and R. V. Muir 1. Dr. H. S. Gaither, who claims he is the only true prohibitionist in Nemaha precinct, voted for Muir.

The lightest vote in any precinct that we have heard of was in West Benton, where only 6 votes were cast. Only one man came in addition to the election board. The farmers were all busy and would not take the time to vote. In East Benton only 18 votes were cast.

A Bad Scare

Some day you will get a bad scare when you feel a pain in your bowels and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure for all bowel and stomach diseases, such as headache, biliousness, constiveness, etc. Guaranteed at Keeling's drug store, only 25c. Try them.

Remember that W. W. Sanders writes insurance. He is agent for several first class companies, both mutual and old line. His rates are as low as any. Give him a call.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Keeling's drug store, price 50c and \$1.00 a bottle. Trial bottle free.
