Mrs. James A. Stephenson says a recent letter received from her mother, Mrs. John Watson, says that they arrived in California all right, having had a lovely trip, and all are feeling well.

Subscriptions received at the postoffice for any magazine or newspaper published in the United States. You can save money by having the postmaster order your magazines and papers.

Eugene Kerst recently returned from the state of Washington, where he went to look at the country. He was so well pleased with the outlook that he bought a quarter section of land and will move out in the spring.

Elmer E. Rumbaugh has leased his barber shop to Mr. Smithers, who has moved his family here and taken possession of the shop. He will live where Mr. Rumbaugh is now living. Elmer will travel for a cream separator firm.

James M. and Charley Burns are doing considerable work on their house. They have put in a foundation new siding, a new floor, and painted the inside work. If it is suitable weather they will put on at least a priming coat on the outside.

The Christian Sunday school will have a Christmas tree, with appropriate exercises, Saturday night, Dec. 23. The Methodist Sunday school will not have a tree but will give the scholars a treat after Sunday school on the 24th and will have exercises that evening.

Shubert has been in the throes of a postoffice fight lately, but we understand it is now settled. As we hear it, M. H. Taylor will remain in the office until June first next when he will be succeeded by Mr. Evans, father of John M. Evans, cashier of the Shubert bank.

The musical given last Saturday night at the opera house was greatly enjoyed by those present, although the room was most uncomfortably cold. Misses West and Tyche are good singers, and the playing of Miss Vera Mixick was fine. The attendance was not very large.

Matney & Seid—Josh Matney and W. W. Seid—received a new 7-horse power gasoline engine which they will use to run their corn sheller with. It will be much better in every way than using horses. They also have a wood saw and will saw wood when they are not shelling corn.

Mr. and Mrs. Frank K. Skeen came in from Valley county, Nebr., arriving here Tuesday evening, on a visit to Mrs. Skeen's parent, Mr. and Mrs. Andrew Aynes, and old friends. We understand Frank has leased several hundred acres of land in Valley county and will soon return there.

Patrons on the rural routes will greatly accommodate the carriers if they will buy their stamps or stamped envelopes, and not put the money in the box so the carrier will have to take off his gloves or mittens on a cold day and fumble around the box for the pennies. Make it as easy as possible for the carriers.

ATTENTION HIGHLANDERS

All Highlanders are requested to be present at the meeting next Monday night, as officers are to be elected and other business transacted.

In one thing at least we are like the Missourians—we are fond of "hog and hominy"—the homemade hominy like our mothers made—and like we used to help make when a little tad. Monday Mrs. Rufus Rowen sent us over some hominy that she had made and it was fine. We feasted as long as it lasted, and immediately ordered more.

James A. Shiveley gave us a call Tuesday. Jim has been an invalid for some time from the effects of an operation performed for appendicitis, but we are glad to learn he is getting stronger, but it will probably be some time before he is a well man. His little baby daughter that fell on the stove and got her face and hands so badly burned is getting along nicely. The burns will leave a scar on her neck.

Miss Dulcie Sperry, a charming young lady of Aspinwall precinct, daughter of E. B. Sperry, is put forward by her friends as the champion young lady corn husker of the state. She doesn't make a practice of gathering corn but easily gets in with 60 or 65 bushels per day when she does go out, and doesn't hurry to do this. She unloads the corn herself, too. She is an accomplished young lady and a good housekeeper—just as efficient at work in the house as she is in the corn field.

It is a good flour of that grade. These grades are manufactured by Jameson & Son, Stella, Nebr., and are on sale at the store of

J. H. Vanderslice

NEMAHA, NEBR.

If you buy a sack of either of these grades and it is not just as represented, take it back and your money will be returned.
