O. J. Thorp, who cut his foot about two weeks ago, is still walking on crutches. He was chopping wood and struck the side of his foot at the first joint of the big toe. He did not think it was hurt much at first, but the bone must have been injured.

Recently Mrs. Wm. H. Hoover donated a load of wood to the Methodist church, provided the Methodists would cut it out of the fallen timber. I. N. Cooper and Walter Hadlock cut a big load and Geo. Yackley hauled it, all this work being donated. They got a big load of good wood.

Although the best of order was maintained in the opera house during the dance Monday night, there was considerable drinking and quarreling on the outside. One fellow caught a brick at the side of his head—whether he fell down on it or it was thrown and struck him is a question.

Let us all during the coming year be more charitable toward each other, more helpful, do more good in every way—and the best way to do good is to be good ourselves. Let us try to see how much happiness we can cause and how much good we can do.

### Picture Frames

The Edwards & Bradford Lumber Co. have received a good line of picture moulding and are now prepared to make picture frames of any size. Take your pictures there and have them framed.

The Shadley Carpenter Co. gave an entertainment at the opera house Friday night, consisting of stereopticon views, moving pictures and illustrated songs. This is an Auburn company, just starting out. The views given were good and the singing elicited much applause. Al Morton, a former Nemaha boy, is the singer, his wife being the accompanist.

O. L. Smart, brother-in-law of Mrs. Rose Gilbert, gave a solo at Christmas entertainment at the Methodist church Sunday night. Mr. Smart is 72 years old but is an excellent singer yet, his voice being full and strong as that of a young man. John P. Sanders and Mrs. Lillian Allen also sang solos, and Mrs. Allen and Miss Vera Minick gave a duet. All were excellent.

Rev. J. W. Sapp performed the ceremony at 12 o'clock Wednesday that united in marriage Frank Rhodes and Miss Olive Huston of Peru. The ceremony was at the home of the bride's parents, Mr. and Mrs. S. Huston, and Rev. Sapp assures us it was one of the prettiest weddings he ever attended. May the wedded life of these worthy young people be as beautiful as was the wedding.

Mrs. Geo. Yackley collected \$25 a few days before Christmas, from our citizens, and with it bought a fine fur overcoat for Rev. G. W. Ayers, pastor of the Methodist church. The coat cost \$20 at wholesale. Messrs. Gilbert & McCandless ordering it and charging no commission. The \$5 remaining was given to Mrs. Ayers, both gifts being Christmas presents from the Nemaha congregation.

Calvin Berk of Hickman, Nebr., was in Nemaha Wednesday in the interest of the Beatrice Creamery Co. R. E. Bucher, the local agent of the company took him out in the country and they interviewed a number of our farmers. We believe there is money in the dairy business, and this company is not only the largest in the world but one of the very best. No one need have any hesitancy about dealing with them.

We had the pleasure of attending a family reunion on Christmas at the home of Geo. E. N. Sanders, in London precinct. There were present 49 people in all—Mr. and Mrs. Sanders and six children, the mother, two brothers and a nephew of Mr. Sanders, the parents, one brother and five sisters of Mrs. Sanders, with the sister-in-law brothers-in-law and children. In the evening there was a Christmas tree, from which all received presents. The reunion was a very enjoyable one.

HOT SPRINGS, Ark., Dec. 23, 1905. Editor Nebraska Advertiser:

Our party consisting of T. B. Skeen and wife, R. J. Skeen and wife and myself and wife arrived here on Tuesday of last week, and put up at the Josephine hotel where we were received and cared for by our genial host and amiable wife who proceeded to at once make us very comfortable after our long and tiresome ride. After remaining at the hotel several days we selected homes for the winter. And now we are at home to your friends on 237 Mount Ida. All are well and enjoying the balmy air of the sunny south. Please send the Advertiser as above. Respectfully,

H. W. SHUBERT.

Curt Brown is having a hard run of luck this week. Tuesday he was starting home from Auburn when his horse became frightened at an M. P. train, whirled around and upset the buggy, and Curt, a lady who was with him, the horse and buggy all went in the ditch together. The buggy and harness were considerably broken up. Curt was considerably bruised. The next day he was breaking stalks when the mules ran away with him, dragging him several rods. He is yet alive but pretty sore.

Christmas was observed about as usual in Nemaha this year. The Christian Sunday school gave an entertainment Saturday night and all taking part acquitted themselves creditably. A Christmas tree was filled with presents. Every scholar in the Sunday school got a big sack of candy, and numerous and some very valuable presents were on the tree. Santa Claus was present to see that every thing went off all right.

At the Methodist church the members of the Sunday school were each given a sack of candy and nuts and an orange at the close of Sunday school. In the evening a fine program was rendered—one of the very best we ever listened to. Every one had their part perfectly. The singing was excellent. There was no Christmas tree at this church.

Both churches were crowded, many having to stand.

W. C. Fick of Independence, Kansas, who is visiting his father, C. W. Fick, of this precinct, is agent for the Red River Valley lands in Northern Texas. The company to which he belongs are agents for over 50,000 acres of land in the rich, beautiful and highly productive Red River valley. The winters there are short and mild. The railroad facilities are excellent. The soil is a rich sandy loam, two to six feet deep with clay subsoil. The surface of the land is level to gently rolling. There is an abundance of pure clear water at a short depth free from gyp, salt or alkali; there is ample rainfall for crops. The climate is very healthful, being especially good for those troubled with weak lungs, asthma and hay fever. The principal crops raised are wheat, corn, cotton, alfalfa, forage crops, vegetables and melons. Fruit does well. Taxes are low. If you are interested call at once on Mr. Fick, or write him and he will give you a call and explain matters to you. He is also agent for Kansas lands.
