The casing and other inside work in the bank building is about finished and the rooms are almost ready for the painters. The bank will probably move in a few days. The furniture has been here for some time.

There is one thing we admire in the Granger, and that is its consistent and constant fight against the curse of the saloon. We hope this terrible evil will be done away with and the partnership of state and devil be dissolved for good.

Picture Frames

The Edwards & Bradford Lumber Co. have received a good line of picture moulding and are now prepared to make picture frames of any size. Take your pictures there and have them framed.

County Treasurer Dirks is now able to accept the 80 per cent tender of the Burlington on its 1905 taxes amounting to \$8,639.27. This is by virtue of a ruling by Judge Munger empowering county treasurers to do so without prejudicing the rights of the county on the matter of dispute. The acceptance of this amount will be a great help to the county, as far as it goes, since the interest on this sum amounts to considerable.—Republican.

We have a big assortment of furniture that we are selling at reasonable prices. Special prices made for housekeeping outfits. Try us. Edwards & Bradford Lbr. Co.

Subscriptions received at the postoffice for any magazine or newspaper published in the United States. You can save money by having the postmaster order your magazines and papers.

One of Neal McIntyre's horses died Saturday night on the street in front of Elmer E. Allen's residence. Elmer's dog Teddy barked a long time in the yard that night and Elmer is worried with the thought that perhaps Teddy scared the poor horse to death.

Senator Burkett has introduced a bill in the U. S. senate dividing Nebraska into two judicial districts. The bill has the support of the solid Nebraska delegation. It is claimed the judicial business before the federal court is too much for our courts.

James R. Dye sends us a copy of the New Year's edition of the San Diego Union—a fine edition of 52 pages, with handsome cover in colors. It is a creditable showing for San Diego. Mr. Mr. Dye has our thanks for this token that he has not forgotten his Nemaha friends.

Ora Thorp has been having more trouble with his foot that he cut some time ago. It was apparently about well but evidently got bruised or hurt in some way and became inflamed again. Ora had to go back to crutches for a few days and the foot is quite sore yet.

Ned Crother was 21 years old Wednesday and his parents, Mr. and Mrs. J. E. Crother, gave a party at their home in honor of that event. About twenty of the young people were present and the evening was thoroughly enjoyed. A fine supper was served by Mrs. Crother.

County Commissioner Doolittle informs us that the county has been paying just nine-seventeenths of the cost of the new road that is being put in across the Nemaha bottoms east of Auburn. The Auburn commercial club paid the other eight-seventeenths.—Johnson News.

Rev. T. F. Ashby and wife of Howe came to Nemaha Monday and are assisting Rev. G. W. Ayers in the meetings being held at the Methodist church. Rev. Ashby is a good preacher and worker, and Mrs. Ashby, who is a fine singer, has charge of the music. She is also a good worker.

We received a copy of the Missoulian of Missoula, Montana, a few days ago, containing a beautiful little New Year's poem by Mrs. J. H. Veeder, formerly of Nemaha. We intended to publish the poem but mislaid the paper. Mr. and Mrs. Veeder and Mr. and Mrs. Wheeldon are residents of Missoula.

Rev. G. W. Ayers drove up to Highland church, northeast of Auburn, Wednesday morning, to attend the meetings of the holiness association. He returned that evening bringing Rev. E. B. Maxey of Johnson with him. Rev. Maxey will assist in the revival services being held in the Methodist church.

Saved From Terrible Death

The family of Mrs. M. L. Bobbitt of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at Keeling's Drug Store.

Some good books on sale at the postoffice are The Virginian, The Main Chance, The Mississippi Bubble, Calumet 'K,' The Wide Wide World, The Heart of Rome, The Choir Invisible, The Right of Way, The Wings of the Morning, The Gentleman from Indiana, Thelma, Bill Nye's Comic History of the U. S., and many others.

We had a light earthquake Sunday evening, the shock occurring about 6:25. It was felt by many people, who also heard the rumble, but few thought of an earthquake. The majority of people thought the jar and rumble was caused by a train, by a passing team, or something of that nature. The shock was felt very sensibly by many. It extended over Nebraska, Kansas and Missouri.

During the four years from January 9, 1902, to January 3, 1906, that A. L. Lawrence was sheriff there were confined in the county jail 245 persons, exclusive of those arrested who paid their fines or those who gave bond. Thirteen of these were taken to the penitentiary, six to the reform school and eighteen to the insane asylum.

Not a one of the criminals which were arrested or were in Mr. Lawrence's charge during the four years escaped.—Republican.

We called on the court house officials Saturday. The only changes made are in the county clerk's office and sheriff's office. Sam Teare, the newly installed clerk, is taking hold of the work in good shape. He is efficient and accommodating and will make a good official. He has as his deputy Chas Anderson, one of Nemaha county's best boys, who served in that capacity under Charley Snow and knows all about the workings of the office. Sam and Charley will make a good team. Fred Rohrs, who has been deputy sheriff for four years, is now sheriff. He made a good deputy and will keep up his past record as a splendid official.

The Christian ladies aid society had their first dinner since Christmas on Wednesday and invited the honorary members to be present, but also told them to bring saws and bucks as there was two or three cords of wood at the church to be sawed. Enough men accepted the invitation to saw all the wood and carry it in the woodhouse—all except a few armloads. They enjoyed the dinner all the more for doing a little work. Pres Barker complained considerably in the evening about his elbow hurting him. He tried to make out it was caused by sawing wood, but those who saw his work at the wood pile and at the table think it was not sawing wood that caused the lameness.

January 3, 1906, the Burlington railroad paid the county treasurer of Nemaha county \$8,639.27, this being the amount tendered some time ago. The balance of the 1905 tax will await the determination of the litigation in the United States court, that court having decided that where the amount in controversy was less than \$2,000 the suit could not be maintained in the federal courts. For this reason the Burlington railroad and the Union Pacific railroad have paid in full the taxes in counties where the amount in dispute was less than \$2,000. The amount in dispute in Nemaha county being in excess of \$2,000 gives the federal court jurisdiction and we will have to await the decision of that court. If the railroad is successful we will lose; if we are successful the Burlington railroad will have to pay all the costs, penalties and interest, the same as any private individual.—Republican.

WONDERFUL NERVE

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at W. W. Keeling's, Druggist.

A correspondent from Brownville writes a long screed to the Granger scoring Charley French, the county attorney, because that official doesn't stop gambling, bootlegging and other evil practices in that village. This disgruntled person, who will not even sign his name to the communication, evidently knows little or else thinks others know very little. If he knows of these evil practices why doesn't he file complaint or get some one else to do so. We venture the prediction that if he will have a complaint filed and give witnesses who know of these things that the county attorney will prosecute the offenders. Try it.

The following item has been going the rounds of the papers:

"There will be 53 Sundays in this year, says the calendar editor of the Paolo Spirit, an occurrence that will not happen again in 110 years. Five months of this year will have five Sundays each."

The editors who publish this never stop to think whether it is true or not. It was true of last year but not of this. January, April, July, October and December of last year each had five Sundays. In order for any year except leap year to have 53 Sundays it is necessary that the first day of the year be on Sunday. On leap year the first Sunday may be on Jan. 2 but not later.

W. E. Wheeldon was called to Tecumseh Tuesday as a witness for the B. & M. in a case where a Mr. Roberts sued the company for the value of nineteen sheep, part of a shipment made from Graf to Kansas City two years ago. Mr. Roberts claimed he counted the sheep as they were loaded in the cars at Graf and when they arrived at their destination at Kansas City there were nineteen too few sheep. Some of the sheep were reloaded at Nemaha. The deposition of Ed Knapp was taken last month in this case. The jury returned a verdict for the railroad company without leaving their seats. Mr. Wheeldon did not get away in time to come in on trains coming here, but ran down to Table Rock, then to Falls City, and then came up to Nemaha on the Atchison freight, getting here at 7 o'clock Wednesday morning.

Domestic Troubles

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you but cure. 25c, at Keeling's drug store.

IF YOU WANT

Good Bread TRY A SACK OF Golden Rod Flour

High patent. Every sack guaranteed to give full satisfaction in every respect or money refunded. Always the same. No better flour made.

If you want a cheaper flour you cannot do better than to buy the

Red Seal

a straight grade flour. It has no superior in a grade flour. Many prefer it to a high patent.

For a still cheaper flour try the

Gold Leaf

It is a good flour of that grade. These grades are manufactured by Jamason & Son, Stella, Nebr., and are on sale at the store of

J. H. Vanderslice NEMAHA, NEBR.

If you buy a sack of either of these grades and it is not just as represented, take it back and your money will be returned.
