Picture Frames

The Edwards & Bradford Lumber Co. have received a good line of picture moulding and are now prepared to make picture frames of any size. Take your pictures there and have them framed.

Mrs. Thos. Hill let the contract for her brick building Thursday of last week and on Friday work was commenced digging trenches for the foundation. Joe Bunger has the contract for the building. J. M. West will furnish the brick and do the brick work. The building will be a brick 20x40 feet.

Bring along a belt and be careful Saturday night.

An Appeal

We have been to considerable expense lately and need money very much. If each of our delinquent subscribers would pay up it would put us on easy street. We ask each one who is owing on subscription to consider that this means him or her, and trust the response will be immediate. Help us out.

Mrs. Elmer E. Allen has started out with a subscription paper to raise money to build a parsonage for the Methodist minister. The church owns the lot north of the church, on the corner, and the parsonage will be built there. They expect to build a house costing about \$1,000. If the parsonage is built we will have the pastor live here after the next annual conference in September.

The Valentine social, given by the Junior League at the Minick hall Saturday night was a success in every way. The receipts were \$25.04 and after all expenses were paid they had \$19.14 left. Of this amount they paid \$10 on the pastor's salary and the remainder will be paid on the building fund for the parsonage. Oysters were served at the social and candy, popcorn and valentines sold.

Fun, Humor, Tragedy, Wit & Laughter

To-morrow Evening
Opera House

PROF. McDONALD

Music, instrumental and vocal.

We have a big assortment of furniture that we are selling at reasonable prices. Special prices made for housekeeping outfits. Try us
Edwards & Bradford Lbr. Co.

Early Tuesday morning it began to rain. This afterward turned to snow as the weather grew colder, and before noon the ground was frozen. A hard wind blew the remainder of the day, and it grew steadily colder, but soon stopped snowing. It now looks like we would have a little winter weather.

Popular readings and sketches Saturday evening at the opera house.

The following officers of the Royal Highlanders were installed Monday night:

Illustrious Protector—Mrs. Noma Howe.
Chief Counselor—Earle Steuterville.
Worthy Evangel—W. W. Sanders.
Secretary—Mrs. Lillian M. Allen.
Past Illustrious Protector—E. A. Howe.
Manager—Chas. Howe.

F. L. Woodward has bought part of the drug stock of Dr. Keeling and will put in a good stock of drugs and drug sundries as soon as arrangements can be made. A registered pharmacist will be engaged and a first class drug store will be conducted. Dr. Keeling will keep patent medicines and the kind of drug stock that does not require a registered pharmacist to sell and will add a stock of notions and perhaps put in a feed store.

Photos by an optimist Saturday night.

Marshall Webb some time ago brought suit against Mrs. Ruston Wheeler for damages on account of defective title on the property owned by Mr. Webb in Nemaha, which he bought of Mrs. Wheeler. Four or five years ago Mrs. Wheeler bought three lots of Mrs. Carse that were formerly owned by Henry Carse, deceased. As Avis Carse, who is an adopted child, was not of age, the title was defective. Mrs. Wheeler built a house on the lots and afterward sold the property to Mr. Webb, giving a warranty deed. When the latter found the title was defective he brought suit for damages. Last week the case was tried before Judge Raper and Mr. Webb was awarded \$600 damages. It is likely the case will be appealed.

John Shook, one of the oldest and best known citizens of the city had a narrow escape from death Monday afternoon.

He was engaged in hitching a team of bronchos. One of the animals was rather restless and did not stand to suit him. He hit the animal rather sharply with one of the lines and the animal reared up and struck at him in a vicious manner with its fore feet.

One of the horse's hoofs came in contact with his skull back of the ear with such force as to knock him to the ground.

Mr. Shook was picked up and taken into the house. It was at first thought that his injuries were of a dangerous character, and his son, Dr. Shook, of Shubert, was sent for. An examination showed that he had sustained a slight fracture of the skull and a scalp wound about six inches long. The latter was sewed up and the victim of the accident is resting as easy as his injuries will permit.—Herald.

CUT PRICE SALE

I have removed my stock of Millinery, etc., to my home and am selling all Millinery, Notions, Ribbons, etc.,

AT AND BELOW COST

Come soon for Bargains

Mrs. Theodore Hill

Last week much rumor and speculation was rife, owing to the arrest by Sheriff Rohrs of several men, some of whom are quite well known in this section of the state.

The first arrest of the series was that of Chas. Reed, proprietor of a bowling alley in Auburn, on Jan. 30, as was also that of his brother Orpha Reed who runs a cigar store in Talmage, whom Mr. Rohrs brought at once to Auburn.

The next day the officers arrested Fred G. Hawxby, of the law firm of Stull & Hawxby of this city.

On Feb. 2d he arrested at Falls City, Jas. L. Gandy, or Dr. Gandy, as he is now familiarly known, who resides at Humboldt.

Mr. Hawxby was interviewed in regard to the affair, and in the course of his remarks said:

"The unpleasant affair brought about the prosecution of J. L. Gandy and other, is based upon story of the transient who has registered under the name of Frank Fitz, also that of Frank Fischer. His connection with the matter is as follows:

"He came to our office with one of the Reeds early in January and volunteered to obtain information which might become valuable for the purpose of impeaching a witness on the other side of an important case, in which our firm had been consulted merely by the chief attorney at Falls City.

"It did not take this firm long to arrive at the conclusion that this man Fisher was too anxious to do something and was a dangerous man. He came to the office and told us that he had an interview with a gentleman who had testified in the case before, and that the said witness had a statement which would impeach him. He talked so glibly and so much that both Judge Stull and I were disgusted with him and told him that his information probably was immaterial and would not be valuable as evidence, but that we would submit it to Mr. Ed Falloon, the chief attorney for Dr. Gandy, and if they wanted him as a witness he would be notified. He never was notified by this firm that he would be needed, and he stayed around a week or ten days longer, borrowing and begging money of everybody he could, and finally became angry because we refused to recognize him as a witness in this case and would have nothing to do with him, and he went and told an inflammable story to the prosecutor which has brought on this scandalous affair. He boldly represented himself to us as an ex-priest who had been lecturing through the country and now he represents himself to be a royal Catholic. He has been drinking and dissipating around this town for three or four weeks and I deplore the fact his story should cause the prosecutor to connect me with the affair. I am sure when the evidence is taken in the case to be tried against the Reed boys later that my name will be cleared of all suspicion in this matter. It is sufficient to say that as soon as I had a chance to make a statement to the bar, a committee was appointed which immediately struck my name from the complaint as a defendant."—Republican.

Domestic Troubles
It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be repaired by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you but cure. 25c, at Keeling's drug store.

If you want a good book at a low price, call at the postoffice.

A patent was granted last week to Floyd Anderson of Nemaha precinct on a new departure of a new cultivator shoe.

With the old style shoe, a bolt was used, which fastened with a thumb nut. After some time this nut would become rusty and stick and on trying to force it with a wrench, a farmer would usually break the flanges off, thus leaving it round in which shape it almost required a cold chisel to start it.

The new invention consists of a spring holder attached to the shoe in such a manner that when the shoe is raised a spring automatically clamps the pin which holds the wheel frame to the arch. On desiring to move the cultivator from one field to another, or along a road, the shoe is lowered by simply releasing the spring which frees it from the pin. It is held securely in its place by a bolt operating in a diagonal slot.

Mr. Anderson's patent covers the new idea in the shoe holder, as well as in its design and use of the holding pin.

The drawings were made by Mr. Chas. Anderson of this city and the patent was granted only six weeks after application, which is a remarkably short time.—Republican.

SHUBERT, Neb., Feb. 10—The declamatory recital held here under the auspices of the Shubert high school. Professor McDonald, were attended by one of the largest audiences that ever filled the opera house. Miss Edith Hill of Shubert carried off first honors in the debate, and Miss Donna Albin second, out of a class of eight contestants. The question was: "Resolved, That trusts are a benefit to the United States."

Elmer Berg, an eighth grade pupil, took first prize in the silver medal recital and Miss Gladys Taylor second.

Professor Delzell of the state normal, Professor Reeves of Cotner university, and Miss Lillian Neely of Fillmore, Mo., were the judges.

Professor Delzell made a hit with his lecture, entitled "The Philosophy of Tom Sawyer as applied to Everyday Life." Mr. Delzell is one of the instructor at Peru and has many friends throughout the state.

IF YOU WANT

Good Bread
TRY A SACK OF
**Golden Rod
Flour**

High patent. Every sack guaranteed to give full satisfaction in every respect or money refunded. Always the same. No better flour made.

If you want a cheaper flour you cannot do better than to buy the

Red Seal

a straight grade flour. It has no superior in a grade flour. Many prefer it to a high patent.

For a still cheaper flour try the

Gold Leaf

It is a good flour of that grade. These grades are manufactured by Jamason & Son, Stella, Nebr., and are on sale at the store of

J. H. Vanderslice
NEMAHA, NEBR.

If you buy a sack of either of these grades and it is not just as represented, take it back and your money will be returned.
