THE NEW DRUG STORE

A

MERE MENTION

After spending considerable time traveling over the state in search of a location for a drug store, we landed in your city and were very much impressed with the place, and after getting the judgment of several of your good citizens, formed the idea that a drug store was a business much needed here and would be a pay-proposition. So we are now located here and open to your services and depending on your hearty support for success, as we are carrying a line of everything found in a first class drug store and at prices that will rule the day.

Our stock consists of Pure Drugs, Stationery, Toilet Articles, Cigars, Paint, Wall Paper, Glass, and sundries of all kinds found in any of your leading drug stores.

Bring in your prescriptions and family receipts, as our prescription department has special attention.

We again cordially invite you to come in and get acquainted and make our place headquarters, as we will try to have everything for your convenience. Soliciting a share of your patronage, we are yours for business.
