

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, aric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Dodging Period

of a woman's life is the name often given to "change of life." Your menses come at long intervals, and grow scantier until they stop. The change lasts three or four years, and causes much pain and suffering, which can, however, be cured, by taking

WINE OF CARDUI

Woman's Refuge in Distress

It quickly relieves the pain, nervousness, irritability, miserableness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life. Try it.

You can get it at all druggists in \$1.00 bottles.

"EVERYTHING BUT DEATH"

"I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

The man who is entitled to be called a fraternalist is not the one who, in order to save 5 cents, goes to a trust or combination for his goods, but who patronizes his fellow brother, even if he knows the latter is going to make a little profit. The time has come when fraternalists must stand together, and when we must get back the first principles which formerly existed, where men patronized each other and lived and let live.—Modern Woodman.

A few weeks ago the Johnson News was telling its readers what a fine man Charley Parker was—how he stood for all the reforms the News advocated, and had for years—how well posted he was on the questions of the day—and was urging him for the nomination on the republican ticket for railway commissioner. Now we understand the News is "ferriest" Mr. Parker for representative. Why is this? What has Mr. Parker done to cause the News to go back on him? If he was an ideal man for a member of the railway commission, he certainly would be all right for a member of the legislature. Bro. Stuck was certainly not sincere in his previous position, is not sincere now, or has discovered something lately against Mr. Parker. Which is it? A paper that howls reform as bad as the News, and then says that unless something occurs to change matters it will support a nominee of the fusion party in preference to a man whom the same paper has pronounced all right in every way a few weeks ago, certainly lays itself open to suspicion that it is trying to hold up some one, or has got a little boodie from the opposition, or else is not very sincere at any time.

The Brock Bulletin says that nine graduates of the Brock high school will teach in this county the coming school year, and believes that more of the graduates of that school are teachers than any other school in the county. Perhaps so. The trouble with the Nemaha young lady graduates is that they are too popular and the young men persuade them to quit teaching and go to housekeeping.—Nemaha Advertiser.

And the Brock lady teachers are so efficient and popular as educators that they are not forced to grasp the first opportunity that is presented to quit teaching and go to housekeeping. But when some worthy young man does succeed in winning one he congratulates himself upon his good fortune the rest of his life. Yes, indeed, the Brock schoolma'am is a winner anywhere, and her name never figures among those who "blunked."—Brock Bulletin.

Of course the Brock young ladies are not to blame because the young men do not come around. The young ladies of Nemaha who do teach are always in great demand as teachers and are classed among the very highest class of teachers. And our girls are not only first class as teachers but also as homemakers, and in addition are as sweet and good looking as you will find anywhere. They are prizes, every one.

We have noticed with much satisfaction the agitation over the state for a meeting of retail merchants of Nebraska at Fremont on September 11 and 12 for the purpose of organizing a state association along the lines of association work in other states in the country.

From reports we are inclined to believe that the meeting will be one of the most enthusiastic of the kind ever held in any state in the Union, and the indications are that several hundred retailers will be present.

The sessions begin on September 11 at 2:30 o'clock in the afternoon and will continue until Wednesday afternoon, September 13. On the evening of September 11 an informal banquet will be tendered the retailers in the Masonic hall, under the auspices of the Fremont Commercial club. A good program has been arranged for the meeting on that evening.

The various railroads of Nebraska have granted a rate of one and one-third fare for the round trip from any point in the state, tickets to be sold on the certificate plan. The purchaser must ask for a certificate when he buys his ticket for Fremont. Tickets will be placed on sale September 8, 9, 10 and 11, and will be good for return trip not later than September 15.

There is no doubt that results of a most beneficial nature will be accomplished. Many topics of vital importance will be discussed, and, in fact, the meetings will be on the order of a school of education.

A Missouri Letter
BOLIVAR, POLK CO., MO.
August 26, 1905.

Letter to The Advertiser:

Thinking perhaps that some of my friends would like to hear about Polk county, Mo., I will write you a few facts about the Ozark fruit country. Strawberries grow in abundance every where and just lay and rot as people cannot gather one fourth the wild ones. Tame ones sold as cheap as 5 cents per box. Gooseberries, dewberries and blackberries also grow in abundance everywhere. We just plow up dewberries and blackberries by the millions all over our fields, and I picked a 3 gallon bucket full of dewberries three-fourths inches in diameter and one inch long on a 30-foot square patch at one picking and we could pick the same patch every other day for two or three weeks. I also picked three gallons of blackberries on a 30-foot square patch at one picking and blackberries were ripe from July 4 to August 15 in abundance and are a few left yet. Raspberries do well but are not so plentiful wild. We had a fine crop of plums, peaches and apples. Fall apples are so plentiful that they are selling at 10 cents per bushel to be dried at Bolivar. But they buy all wind falls even winter apples to dry at 10 cents per bushel. Our Ben Davis apple trees are almost breaking down with fruit.

Now a word about our crops. Our wheat is fair, yield about 18 bushels to acre and nice plump berry. Oats are fine, plump berry, but very thin on ground and owing to so much rain at harvest time is damaged more or less over the country. Our corn crop is good and the first planting is ready to commence using. Timothy and other grasses fair. Pastures are excellent and some grasses stay green all winter. This is the best stock country I know of anywhere. One of my neighbors who has lived here over 40 years, says he never saw a year that we couldn't raise a fair crop of corn, except some years the chinch bug was bad. But of late years they have no chinch bugs. Have had rain fall enough every year for 40 years to make a corn crop. Can Nebraska beat it? For further information write to me.

E. L. ARGAHBRIGHT.

The End of the World

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney trouble caused me great suffering which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility. Sure cure for all Stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness, and Weakness or bodily decline. Price 50c. Guaranteed by Hill Bro's drug store."

Never before in the history of Nebraska has politics been of such vital interest to the masses as the contests now being waged in the state. The people are entitled to know the whole truth about all the men who are seeking office and about the principles that are being advocated. A paper having some personal or private interest in the outcome of such contests can rarely be relied upon to print the news from an absolutely unbiased standpoint. Has the thought occurred to you that The State Journal is the only newspaper of Nebraska whose proprietor is not an office holder or office seeker? This may be some explanation why The Journal is so especially interesting these days. Its attitude upon all absorbing topics of public interest is in behalf of the people and not for office-getting.

Calveston's Sea wall makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, LaGrippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at Hill Bro's drug store. Price 50c and \$1.00. Trial bottle free.
