Willie Yates is now clerking in J. H. Vanderslice's store. Frank Aynes, who has been there for several months, has resigned that position as he desires to do some visiting.

J. W. Taylor of Auburn has been suffering some time from stomach trouble. Recently he went to the sanitarium at Lincoln and stayed six weeks, without much benefit. Last week a specialist was down from Omaha and after a thorough examination said Mr. Taylor had some growth in his stomach, and that it was very doubtful if he would survive an operation, and that he would live but a short time without an operation. Monday Mr. Taylor, accompanied by his son, Dr. Guy Taylor, went to Omaha to the hospital. A card received by F. L. Woodward from Dr. Guy Taylor says Dr. Jonas tapped his father Tuesday, drawing out a large amount of fluid, and finding no growth in the abdominal cavity. He says the case is one for medical treatment, and the prospects for recovery appear very encouraging. His many friends here hope the last view is correct.

One of our merchants was recently saying that people have been known to go from this vicinity to Auburn and buy goods kept by him, paying the same price and sometimes more, because the Auburn merchants get out big advertisements, quoting prices and indicating that these prices are very low, when in fact they are no lower and some times actually higher than the regular prices of the aforesaid Nemaha merchant. And yet this merchant says he doesn't believe it does any good to advertise and therefore doesn't use any printer's ink in letting people know what he has got and the low prices he is selling for. Prospective buyers read advertisements and usually go where inducements are offered. If merchants will not let people know anything about their low prices they should not complain if they trade with those merchants who believe in publicity.

Married—At the home of Daniel Bennett, Sunday evening, Dec. 2, 1906, Mr. Carl S. Bennett and Miss Frances M. Pavelka, both of Nemaha, Nebr. Rev. G. W. Ayers pronounced the brief ceremony that made them husband and wife, in the presence of the groom's parents and a few relatives and intimate friends. Immediately after the congratulations of those present a fine supper was served.

The groom is an energetic young man who was born here and lived in this vicinity in his youth, moving to Iowa a few years ago. His bride came here with the family of her betrothed a few weeks ago, from Belle Plaine, Iowa. She is a worthy helpmate for her chosen companion.

The young couple received a number of handsome and useful presents of silverware, china, linen, etc.

They will make their home this winter with the groom's parents.

May richest blessings be their portion throughout a long and useful married life.

Wednesday was like a spring day until about the middle of the afternoon, when it turned colder and since then we have had some winter weather.

Some mistakes were made in our article last week on the organization of the Farmers and Merchants Mutual Telephone Co. The Bell company charges only \$2.25 instead of \$2.50 per year for use of instruments, and the local company gets 15 per cent of toll rates collected on long distance phones.

#### OBITUARY

In the demise Nov. 26, 1906, of Mrs. D. M. Colerick, our surrounding county loses one of her most beloved women. Mrs. Colerick was born in Montgomery county, Indiana, Dec. 12, 1832. She was married to William Colerick in the year 1848. Mr. and Mrs. Colerick moved to Harrison county, Iowa, in 1857 and lived one year, then going to Richardson county, Nebr., and living there until 1863. They then moved back to Harrison county, Iowa, and lived until 1880, coming to Nemaha in 1881 and living until God called her home. Mr. Colerick preceded his wife to the beyond 5 years ago.

To this happy union 12 children were given. Six have passed over and were waiting on the other side, 4 boys and 2 girls to greet their mother. Mrs. Colerick was a faithful wife and devoted mother. Self sacrificing to a fault, those in distress were tenderly cared for by her loving hands, as she has shown to the world in the bringing up of her little motherless grand children. She was a strong minded christian woman, a member of the M. E. church since 1848. The pleasures of this life have been withheld from her for the past 3 years, being a confirmed invalid for that length of time. While she suffered intensely she was always cheerful and had a pleasant word for everyone. People were better for having known her, it was an honor to claim her as your friend. She is not dead but only sleeping, and as her tired hands are folded for eternal rest, we sympathize with the six sons who are left to miss the love and care of such a mother.

Following the services at the church which were held by Rev. G. W. Ayers, the choir sweetly sang "Nearer my God to Thee" and the earthly part of this noble woman was lowered in a grave lined with flowers, at Prairie Union cemetery, to await the resurrection.

Calm on the bosom of thy God,  
Dear spirit, rest thee now,  
E'en while on earth thy footsteps trod,  
His seal was on thy brow.

#### CARD OF THANKS

We wish to return our most sincere thanks to the many friends who so kindly administered during the illness and death of our beloved mother.

Clyde Hill left for Omaha on Sunday, where he expects to enter school. Clyde is a square boy, and we shall be glad to hear of him making good in his laudable ambition.—Shubert Citizen.

Chas. Scott of Mason City, Nebr., a former resident of old Scott City, Mo., was in Nemaha Thursday visiting with John and Ed White, Pete Kerker and other old friends. His father is buried in the Nemaha cemetery.

Prof. Michaelson, the mining expert from Omaha who has recently made a thorough examination of the mine owned by the Auburn Gold Mining Co., says that in all his experience as a metallurgist he has never found a prospect so promising as that one. He is so well pleased with it that he has invested \$2,000 in stock and donates his services as engineer free of charge.

"You needn't worry about this being a severe winter, for it won't" said a farmer this morning. "How do I know? Why, I can tell by the gophers" he continued. "The gophers have their winter holes only about a foot beneath the surface of the ground, and if the winter was to be very cold, they would burrow a good deal deeper than that. The hair on cattle isn't very long, either, and that's another good sign. When a bad winter is coming, the cattle's hair grows very thick and long, for protection."—Neb. City News.

Reprint, News-Herald: "There is at least one effectual, safe, and reliable Cough Cure—Dr. Shoop's—that we regard as suitable, even for the youngest child. For years, Dr. Shoop bitterly opposed the use of opiates or narcotics in medicine, offering \$10 per drop to any one finding opium, chloroform or any other poisonous or narcotic ingredient in Dr. Shoop's Cough Cure. And the challenge is as yet unanswered. Here is one manufacturing physician, who welcomed with much satisfaction, the new Government Pure Food and Drug Law. The public can now protect itself at all times, by insisting on having Dr. Shoop's when a cough remedy is needed." Sold by all dealers.

Arthur Walsh, of this city, recently received a "Republican Ticket" which was used in the recent election in New Mexico, which will be of interest to many of the older settlers of the county for the reason that it contains a name that is historical in the early annals of the state. The ticket comes from San Miguel county. One of the principal questions voted on was "Shall Arizona and New Mexico be united to form one state?"

On the ballot, as a delegate for the constitutional convention, is the name of William R. Tipton, a former Brownville boy, and son of Senator Tipton. On the ticket with him were Roman Gallegos, Isidoro V. Gallegos, Margarito Romero and Encarnacion.

Among other Spanish names are noticed those of O. A. Larrazola, Roqui Herrera, Filemon Sanchez, Benigo Martinez, Antanacio Roibal, and other cognomens of proud hidalgos. The many friends of Mr. Tipton in this county will be glad to learn of his success and growing prominence in the affairs of New Mexico.—Auburn Republican.

If "taken at the sneeze stage" Preventives—a toothsome candy tablet—will surely and quickly check an approaching cold or Lagrippe. When you first catch cold—or feel it coming on—take Dr. Shoop's Preventives, and the prompt effect will certainly surprise and please you. Preventives surely supply the proverbial "ounce of prevention." Sold in 5 cent and 25 cent boxes by all dealers.

#### New Cure for Epilepsy

J. B. Waterman, of Watertown, O., rural free delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleansers and life giving tonic pills on earth. 25c at Hill Bros drug store.

At a meeting of the Auburn commercial club Tuesday night of last week the president, E. H. Dort, who was a delegate to the Trans-Mississippi Commercial Congress recently held at Kansas City, made a lengthy report. Much of the discussion in the congress was in regard to utilizing the Missouri river as a means for cheap transportation. In its report of the meeting the Republican says:

"President Dort said that it is the duty of the Auburn Commercial Club to work for the interests of every part of Nemaha county and for every town within its confines, for the success, growth and prosperity of every community and individual is all for the public good. Along this line it was suggested that our congressman be notified by resolution of the club that it is the wish of the people of the city and county that Mr. Pollard do all in his power to promote the bills that may come up in congress for the betterment of the Missouri river as a highway of commerce.

"Many of the members of the club expressed the opinion that the day is not far distant when Aspinwall, Brownville, Nemaha and Peru will become great shipping centers and when they will achieve large prestige as business points as a result of cheap transportation."

Here are a couple of simple recipes which an exchange guarantees to be excellent for cleaning fabrics without injury to their texture or color. Grate two raw potatoes in a bowl of clear cold water. Now strain through a sieve, allowing the liquid to fall into another bowl containing another pint of cold water. When it settles, pour off the water into a bottle and keep for future use. Dip a sponge into the potato water and rub the soiled garment carefully, after which it may be washed in clear water. Another, equally good for restoring and cleaning ivory and bone knife or fork handles when they become tarnished, is to dip half a lemon in salt and rub on them. Wash off immediately in warm water and the handles will look as white as when new.

Catarrh of the nose and throat should lead you to at least ask for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy snow white healing balm soothes the throat and nostrils and quickly purifies a foul or feverish breath. Call and investigate. All dealers.
