

It is 1907, but occasionally the majority of us catch ourselves writing it 1906.

The Burlington pile driver is now at work on the railroad bridge south of town, putting in new piling along the approaches.

The man that cheats the printer
Out of a single cent
Will never reach that heavenly land
Where old Elijah went.

One day last week D. D. Davis sold to Heacock and Son here four hogs that weighed 1940 pounds which netted him \$112.50, an average of \$28.12 per head.—Shubert Citizen.

A new time card goes into effect on the Burlington next Sunday. The only change made at this point is that train 97, the west bound passenger, is due to leave Nemaha at 9:49 a. m., ten minutes earlier than heretofore.

John Lawrence, who lives south of town, reports that he has succeeded in stopping the ravages of the cholera among his herd of swine. He lost 205 head of fine animals with the disease and has 36 brood sows and a few barrows left.—Republican.

By the ruling of the inter-state commerce commission, the railroads no longer have the right to give transportation to newspapers in exchange for advertising, consequently the majority of editors will stay at home more hereafter—at least this editor will.

While at play with a number of other little fellows, at the home of his parents, near Brownville, Christmas day, Sammie, the eight-year-old son of A. L. Lawrence, met with a painful accident. He was swinging from a rope that was suspended from a tree that formed a part of a block and tackle, and while flying through the air, lost his hold and fell to the ground with considerable force. The muscles of his shoulder were thrown out of place and Dr. Dillon was called from this city to attend to the injured member.—Republican.

W. W. Liebhart, the poultry fancier of Nemaha, and one of the most enthusiastic White Plymouth Rock raisers in the state, has written a communication to the editor of this paper in which he advocates the organization of a County Poultry Raisers' Association for the purpose of promoting interest in the development of the industry of raising pure bred chickens in the county. He is also in favor of such an association holding an annual show in Auburn and predicts that a move in accordance with his ideas will result in the holding of one of the largest shows in the state at this point.—Auburn Republican.

Does coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee yet its flavor and taste matches closely old Java and Mocha coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the poungest child. Sold by Earle Gilbert.

J. W. Ashba Dead

Yesterday about noon J. E. McNatt, who resides across the river, found the dead body of J. W. Ashba, a tenant on the farm of Richard Meredith, reclining against a haystack on the premises. Ashba had evidently been dead for many hours. No marks of violence appeared on the body and the jury at an inquest held later returned a verdict of death from causes unknown. Neighbors freely express the opinion that Ashba had taken some drug with suicidal intent. He was last seen Christmas day shortly before noon when he left his house and advised his wife not to wait dinner for him as he might not be back soon. It is thought that he had suicide in his mind when he left his home. He is said to have been in straightened circumstances, not on good terms with many he had dealt with and probably domestic troubles as well, all of which may have led to self-destruction. The dead man worked for Walt McNamara in this city for about a year up to six weeks ago. It is presumed he has relatives in Illinois and Kentucky. After his failure to return home on Christmas an alarm was given resulting in the finding of the body yesterday as above related.—Neb. City Tribune, Dec. 27.

Mr. Ashba was a former resident of this community, working for some time for the late Stephen Gilbert on the farm where John M. Clark now lives, afterward living near Shubert and Stella, and later moving to Missouri.

The speaker having refused to take the matter up Mr. Pollard has exercised his right of personal privilege and introduced a resolution referring the question of his much discussed salary to the Committee on Judiciary with instructions to report its findings to the House during the present session. The resolution was passed without objection. In the meantime Mr. Pollard has introduced a bill in the House which will settle the matter for the future if he is able to get the bill enacted into law. This bill provides that hereafter congressmen elected to fill vacancies shall be paid from the time of their election instead of from the date the vacancy occurred.

Cured of Lung Trouble

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. Kink's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at Hill Bros. drug store. 50c and \$1.00. Trial bottle free.

PIANOS

Our December piano business exceeded our expectations. The numerous orders and sales is a straw that indicates the current of the peoples preference for they feel assured that they are saving money by dealing with us. If you or your neighbor are considering an instrument, it would be well to let us know for we have a very liberal proposition for piano buyers in January. Now is the time to investigate the merits of the instruments before the rush of the spring season. The Baldwin and Hamilton pianos won Grand Prize at Paris 1900 and Grand Prize at St. Louis 1904 and first honors in Nemaha county in 1906.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by all dealers.
