

Rhode Island's senate passed a bill giving women the right to vote at presidential elections; California gives them the right of suffrage; Nebraska memorializes congress to put woman suffrage in the constitution. That's going some, ladies.—Omaha News.

Roadmaster S. B. Rice of the B. & M. has been taking a sort of inventory of the telephone lines, crossings, etc., on his division the past few days, and found 168 miles of wire, 99 overhead crossings, 25 different owners or managers of systems. No doubt Mr. Rice is realizing that the telephone has come to stay.—Republican.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture, it must be printed on the label or package. For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison-marks on Dr. Shoop's labels—and none in the medicine, else it must be by law on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. *Solely by all dealers.*

New Burlington Time Table.

The News several weeks ago published that it was the intention of the Burlington to run the passenger train between this City and Falls City, but at that time several individuals who thought they were well posted said that The News did not know what it was talking about. Now it is announced that this much talked of time table will be made public in a day or two and will go into effect March 3d. By this change Nebraska City will lose two conductors, two engineers, two firemen and a breakman. The Beatrice freight will run to this city, instead of stopping at Nemaha City, and will give us a conductor, engineer, fireman and three breakmen. The train from this city south will be a mixed one.—Neb. City News.

Forbids Marketing Game Birds & Fish

Deputy Game Warden Pierson has been telephoned from Lincoln that the bill to stop the sale of game birds and of food or game fish caught in inland waters has become a law by the signature of the governor.

The only birds affected at this time by this act are wild ducks, it being the open season for them. The bill protects wild ducks and other game birds, for which a season is open, from being sold in the market.

It also forbids the sale in market of any food fish caught in the inland ponds or rivers. Illustrating, Mr. Pierson said:

"You can shoot ducks or other birds which can be shot in open season for your own use, or you can give them away, but you cannot sell them. The same with fish caught in ponds, lakes like Cut-off or the Platte river, but fish caught in the Missouri or any boundary stream can be marketed."—Omaha World Herald.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early colds with Preventics and stop pneumonia. Sold in 5c and 25c boxes by All Dealers.

STATE WINS TAX CASE U. S. Supreme Court Decides Against Railroads

The following telegram was received at Lincoln Monday:

"Railroad tax cases from Nebraska decided adversely to the railroads. Opinion of Justice Holmes."

The Lincoln News says: "What the decision means is that the state of Nebraska and each county where the Burlington or Union Pacific taxes are owing for 1904, 1905 or 1906 may proceed to collect them by the means usually employed where a property owner is delinquent. State and county officers may levy upon the rolling stock, the cash receipts or any other form of railroad property if payment is longer withheld. All the injunctions that the railroads have been able to secure now fall to the ground."

"Coming on the heels of the state legislature's action in passing two cent fare bills last week, the supreme court decision is a hard jolt to the railroads."

"For the year 1904, from which the resistance of the Burlington and the Union Pacific dates, their taxes aggregate the sum of \$307,000. For 1905, it is about \$320,000, and for 1906 the sum exceeds \$330,000. Interest penalties of 10 per cent dating from December 1 of each year, will bring the total somewhat above \$1,000,000. The railroad companies have paid in part of this sum in counties where the treasurers saw fit to accept their tender of 80 per cent on the taxes levied."

"Senator-elect Brown, who as attorney general won the suits in the district court of the United States and who with the present attorney general, W. T. Thompson, conducted the state's side of the cases in supreme court at Washington, was the recipient of many congratulations this afternoon. Mr. Brown could not conceal his exultation over the victory, although he modestly refrained from any loud "crowing" over the fallen enemy. To The News he said:

"Although we believe the state was entitled to this decision and were confident of getting it, I was very much gratified to learn the good tidings. The fight was long and hard, but this ending is enough to pay for everything. The supreme court of the United States is a great tribunal of justice. It has decided these cases right, as I believed all along it would."

Will Parriott, who has been studying law at Lincoln, for some years past, has decided to return to this city and practice his profession here. He will occupy his residence in the south part of the Second ward, which is at present the home of J. M. Armstrong. The latter will lease the Moody property and will have possession of the same the first of June.—Republican.

Rising From the Grave

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years. Guaranteed at Hill Bros druggists, Price only 50c."

We have some post cards containing fine views of the court house, Hon. Church Howe's home at Auburn, and the Peru coal mine, at the postoffice bookstore

Sunday in Canada State Journal.

The new Canadian law regulating the observance of Sunday will go into effect on March 1. It is a sweeping prohibition of all labor and business, with the exception of certain works of necessity and mercy. These exceptions include the care of live stock and perishable food, the transportation of passengers, the supplying of the ordinary necessities of life like water, gas, electricity and milk. In emergencies freight trains may be made up and run. A part of the act that promises to improve the intellect of the dominion is the prohibition of the importation and sale of Sunday newspapers and the failure to place the publication of such newspapers in the excepted list. In view of the contents of the average Sunday newspaper at the present time, especially the ones from New York that naturally flow over the border into Canada, the prohibition seems to have genuine merit. The law prohibits any editor, reporter, printer or other employe of a morning newspaper from engaging in the work of preparing the Monday morning edition before 6 o'clock Sunday evening. Excursions and general entertainments of all kinds are in the prohibited list. The only latitude found in the law is the possibility of nullifying it through the indifference of the provincial attorney general, who must originate all prosecutions. This takes the operation of the law largely out of the hands of the local authorities.

Believing in Signs.

A man who saw the moon over his right shoulder and was feeling pretty safe for the month began the next day by falling over the railing of the back porch with a pan of ashes in his hand. There was just enough ice on the porch to throw him against the railing, which was just high enough to give him the necessary tip and the law of gravitation and the ashes did the rest. The neighbor who saw him alight said it resembled the firing of some old Fourth of July cannon loaded with the old-fashioned smoky powder and charged with ashpan, grief and profanity. The man cursed everything from the new moon to breakfast. That's what you get for believing in signs. And yet you cannot tell from the context of the story whether or not the man was trying to empty his ashes on a Friday. That might explain something.—Minneapolis Journal.

Does coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health coffee yet its flavor and taste matches closely old Java and Mocha coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing and satisfying. It's safe even for the poungest child. Sold by Earle Gilbert.

SPRING SEWING

loses its terrors when using one of our machines. Isn't it exasperating for your machine to drop stitches, attachments balky and rattle, and the machine to run hard like the old-fashioned horsepower. The lady of the house deserves some consideration rather than pedaling her life away on a woman killer. Just try one of our Singers, Wheeler-Wilsons, New Home, White or New Royals and see if they are not just a little bit better than ever. You will notice we have the leading kinds of machines and our experts will show you how they should be operated. If you should feel that you want something cheaper in machines don't forget that we have new machines to sell for \$15.00 and even cheaper.

Needles and repairs for all makes of machines. Won't you call, send or telephone your wants. Nothing pleases us more than to do business with you except of course, more business.

Office first door south of Nemaha Co. Bank, Auburn, Neb.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Valuable Lesson

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at Hill Bros, druggists. 25c.
